USE OF THIS GUIDE

A copy of this guide should be placed near exits, or next to instructor’s desk, and be clearly visible in every classroom, gym, cafeteria, office, and other occupied locations. Since this guide contains general recommended emergency response procedures, each school or district should refer to its school specific Emergency Management Plan.

Other references to use: “Emergency Preparedness Handbook” and the “Safety and Accident Prevention Program/Policy and Safety Index” for detailed information.

Remember, actual emergency responses must address the uniqueness of each situation.

At a minimum, along with school specific plans, this guide should be reviewed with staff during the school’s safety training before the start of each school year. This guide should also be reviewed with substitute teachers and volunteers prior to school duty assignments.

Administrators must review this guide and their school’s safety plans prior to the start of the school year and update as needed. For information on the use of this guide, contact the Safety, Security, & Emergency Preparedness Branch at 586-3457.
