

A hands-on service learning experience for Wai'anāe Intermediate Students and their 'ohana

# HĀ Community Service Learning at Ka'ena Point State Park Reserve

## Saturday, February 18, 2017 8:45a - 1:00p\*

- ★ Learn with local conservation professionals and teachers
- ★ Rotate through 3 stations: Place History, Flora, and Fauna
- ★ Discover HIDOE's new learning outcomes - Nā Hopena A'o and BREATH

Mālama 'āina!

Pearl City High school removes invasive Koa Haole and Australian saltbush from one of the last intact sand dune habitats in Hawai'i. Students also water out-planting sites throughout the Ka'ena Natural Area Reserve (NAR). For more information on how to get your school or class involved with a service trip with the Department of Land and Natural Resources, Division of Forestry and Wildlife visit their Adopt-A-Forest site at:

[dlnr.hawaii.gov/volunteer/adopt-an-area/adopt-a-forest/](http://dlnr.hawaii.gov/volunteer/adopt-an-area/adopt-a-forest/)

Participants are limited to Wai'anāe Intermediate Students and their families to reduce impact to this sensitive reserve area.

**\*Lunch provided by Wai'anāe Intermediate School**
