

# Safety and Wellness Survey (SAWS)

## Data Report for School Year 2018-19

The Safety and Wellness Survey (SAWS) measures school level implementation of the Hawaii Department of Education (DOE) Wellness Guidelines across the state. Survey results from the 2018-19 school year are provided in this report, in accordance with the USDA's final rule for Local School Wellness Policy Implementation under the Healthy, Hunger Free Kids Act of 2010, as well as the Hawaii Board of Education policy 103-1.

In the 2018-19 school year, 234 of 256 eligible schools completed the survey. Overall, 83% of the Wellness Guidelines were met. School scores ranged from 44% to 100% implementation of the Wellness Guidelines. The Hawaii Department of Health is awarding banners for "Excellence in Wellness" to 76 schools in recognition of meeting 90% or more of the guidelines.

Compliance with individual guidelines varied, with some guidelines being achieved by 100% of schools and others being achieved by only a minority of schools. The guidelines that relate to the school meals program (NG1 and NG5) are the responsibility of the DOE School Food Services Branch and were fully implemented by 100% of schools. On the other end of the spectrum, guidelines NG2 and NG3, which relate to the nutritional quality of foods and beverages sold or provided to students outside of the meals program (e.g., school parties, athletic concessions, and fundraisers) have consistently been the most difficult for schools to fulfill, and this year only 34% of schools met this guideline for foods and 53% met this guideline for beverages.

The SAWS is an online survey administered annually to principals at public (non-charter) schools and uses the following scoring criteria: one (1) point for a guideline that is fully met and zero (0) for a guideline not met. In school year 2018-19, there were 34 points possible for schools. The overall score is calculated by dividing the number of points achieved by the total points possible.

Please see the attachments for a summary of the Wellness Guidelines, state average scores, and a comprehensive list of school SAWS scores for the 2018-19 school year.

Also note that the DOE revised its wellness policy in March 2017. As of June 30, 2017, schools should be fully implementing the updated Wellness Guidelines.
