Aloha Parents/Guardians,

Quarter two will begin status quo, meaning each school will continue with the current learning model used to conclude quarter one. Parents should anticipate the continuation of learning from home. However, we will carefully and safely plan for increased on-campus access for vulnerable student populations as the quarter progresses. In addition, we will continue to monitor COVID case activity against the Hawai'i State Department of Health (DOH) metrics and communicate with families as decisions are made.

The Lahaina Complex schools came to this decision based on the newly released guidance from the DOH to determine an appropriate learning model for quarter two. In accordance with this new health policy, we considered not only the levels of transmission in our community, but also the capacity of our schools to implement all measures mitigating the spread of COVID-19.

Thank you for your continued support and partnership as we work together to ensure the continuity of teaching and learning during this global pandemic.

Mahalo,
