Dear Parents and Guardians,

As our first quarter comes to a close, we want to thank you for your continued patience and flexibility during a time of many changes. We are committed to serving our students by providing them the safest possible educational experience.

Superintendent Dr. Christina Kishimoto recently announced that schools will use [newly released guidance](#) from the Hawai'i State Department of Health (DOH) to plan appropriate learning models for the remainder of the academic year. To begin this gradual rollout, our second quarter will consist of including more time on campus for our elementary students as outlined in our [Quarter 2 Plan](#).

As a reminder, before coming onto campus, students and parents should do a [wellness check](#). If an individual is exhibiting any symptoms or if they have been directed to quarantine by DOH or Maui county travel guidelines, please do not come to campus. If someone in your household has been diagnosed or tested for COVID-19, or if they are exhibiting symptoms, please do not come onto campus and contact our administration right away. Our goal is to avoid exposure and spread within our school community and we need your help by keeping us informed. If you have any concerns about possible exposure to COVID-19, we strongly encourage you to take the necessary steps to contact a healthcare provider immediately.

Hawai'i State Department of Education (HIDOE) public school students and families will continue to have access to the health hotline and telehealth services provided by the [Hawai'i Keiki: Healthy and Ready to Learn Program \(HK\)](#). Families are encouraged to call the hotline to receive health guidance and schedule a telehealth visit when appropriate.

We appreciate your support as we navigate through these uncertain times. If you have any questions or concerns, please contact our administration team at (808) 565-7900.

Sincerely,

Michele Holsomback
TA Principal
