# RETURN TO LEARN SURVEY

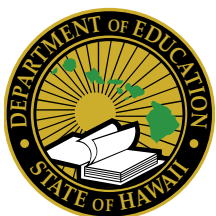

The Hawai'i State Department of Education is currently seeking feedback from secondary students and families to learn more about first quarter experiences of the 2020-21 school year. This feedback is essential as we continue to assess system progress, identify areas where additional support is needed and coordinate resources.

**To access the survey, please visit:  
<http://bit.ly/HIDOE-R2L-Survey>**

**All Hawai'i public and charter middle and high school students in grades 6-12 now have until Oct. 30, 2020 to please complete the survey.**

**Parents and guardians of any student enrolled at a Hawai'i public or charter school are invited to share their feedback until Oct. 30, 2020.**

All surveys are completely confidential - no one at the school, complex area or state office will be able to connect responses back to the individuals.
