

Annotated Strive HI Performance Snapshot: Schools Without Missing Data

These are the school's classifications for 2013-2014 and 2014-2015.

Most schools will not change classifications in 2013-2014, but it is possible for schools to improve their classification.

Total points earned relative to possible points within the "Achievement" category.

Whether the school was triggered into a specific classification despite its point total.

Total number of points earned during school year 2014-2015

Hawaii Public Schools School Year 2014-2015 Strive HI School Performance Report

Aloha Elementary

School Year 2014-2015: Continuous Improvement
School Year 2013-2014: Continuous Improvement

336 points of 400 points

Trigger: None

Individual data values that feed the Strive HI calculation and are used to accumulate index points.

Elementary, Middle and High Schools will have different Readiness metrics and different total possible points for some metrics.

Given the transition to the Smarter Balanced Assessment, we cannot compare proficiency rates across years to calculate the Two Year Gap Reduction Rate. As such, it will be considered missing for all schools.

Date the report was generated.

NOTE: Final display numbers are rounded, which may cause subtotals to appear to sum incorrectly. The total points value on the upper right is accurate.

Run Date: Tuesday, September 22, 2015

A key to the bar charts. Note the gray bar shows how many points were possible, while the black bar and the label shows the number of points earned.

Where the school fell in the distribution of other schools serving similar grades (elementary, middle or high), sorted by the school classification (Priority, Focus, Continuous Improvement or Recognition). The black line shows the average value for all schools regardless of grades served.

Annotated Strive HI Performance Snapshot: Schools With Missing Data

These are the school's classifications for 2013-2014 and 2014-2015.

Most schools will not change classifications in 2014-2015, but it is possible for schools to improve their classification.

Total points earned versus possible within the "Achievement" category.

Total points after adjusting for missing indicators.

Total number of points earned during school year 2014-2015.

Note both the total earned and total possible change.

Whether the school was triggered into a specific classification.

Hawaii Public Schools School Year 2014-2015 Strive HI School Performance Report

Mahalo Elementary

School Year 2014-2015: Continuous Improvement
School Year 2013-2014: Focus

207 points of 400 points

Trigger: None

Individual data points that feed the Strive HI calculation and are used to accumulate index points.

Elementary, Middle and High Schools will have different Readiness metrics and different total possible points for some metrics.

Given the transition to the Smarter Balanced Assessment, we cannot compare proficiency rates across years to calculate the Two Year Gap Reduction Rate. As such, it will be considered missing for all schools.

Date the report was generated, as schools may receive updated reports following the submission and processing of appeals.

A key to the bar charts. Note the green bars extend the black and gray bars—illustrating how points were redistributed. The light green bar shows how many more points were available, and the dark green bar shows how many additional points were earned.

Total number of points that were redistributed to other indicators, and message as to why points were redistributed.

Where the school fell in the distribution of other schools serving similar grades (elementary, middle or high), sorted by the school classification (Priority, Focus, Continuous Improvement or Recognition). The black line shows the average value for all schools regardless

NOTE: Final display numbers are rounded, which may cause subtotals to appear to sum incorrectly. The total points value on the upper right is accurate.
