2020 Academic Plan, School Year 2020-21

School: MAUNAWILI ELEMENTARY

Developing a collaborative Academic Plan framed by the HIDOE Learning Organization is the foundation for a forward focused Academic Plan. An effective Academic Plan utilizes existing school resources to improve and/or introduce new ideas that accelerate the school community’s knowledge about ending achievement gaps and providing equitable services for all students. A forward focused Academic Plan clearly describes a school’s Theory of Action that incorporates the following: 1) analyzing data to explain achievement gaps; 2) incorporating measurable outcomes that inform a school how to close an achievement gap; and 3) applying contextual and community measurements and assessments.

Starting from a comprehensive needs assessment, schools design measurable outcomes from the study of organizational, instructional, and student support systems. The measurable outcomes are implemented and improved through Plan, Do, Check, Act (POCA) cycles and systemized by leading indicators.

HIDOE Learning Organization

Pipeline of Emerging Ideas: To prepare for emerging trends, advancements and changes that impact education, ideas are tried and vetted by our schools and teams, some will advance to support the core.

• The Pipeline of Emerging Ideas is linked to the HIDOE 2020-30 Strategic Plan (page 5).

• The Academic Plan incorporates School Design and Student Voice for Innovation in Support of the Core (pages 3-4).

Teaching & Learning Core: Focus: equity and excellence in core curriculum and supports.

• The Academic Plan is structured by the HIDOE Learning Organization, and it is founded on the Teaching & Learning Core (page 2).

### Data Team Process
- Fine-tune data team process to look at student work and determine next steps for both instruction and for students.
- Data Teams
- Student Work

### Writing
- Need to do a refresher for current staff as well as provide professional development for new staff on school-wide writing curriculum (Write from the Beginning).
- Write from the Beginning

### Student Voice
- Continue to explore what student voice looks like and incorporate student voice into our PIP through student-created success criteria.
- Student Created Success Criteria
- Student Voice

### Expand Multi-Tiered Systems of Support
- (Academic for gap)
- Continue with iReady articulation to determine next steps for students.
- Clearly define as a school what HMTSS looks like for our students.
- HMTSS
- iReady Articulation
- Behavior
- Parent Ed

### Expand Multi-Tiered Systems of Support
- (Social-Emotional for Panorama)
- Continue to explore ways to make students feel safe and a sense of belonging.
- Guidance
- Safety/Belonging
- New Students

---

[Maunawili Elementary School], Version #1, [04/21/2020]
5 Promise Themes

HAWAII

EQUITY

SCHOOL DESIGN

EMPOWERMENT

INNOVATION

In the State Literacy Grant, we budgeted for an Ohana Day as well culture-based books for our library and grade 4 curriculum.

Expand Multi-Tiered Systems of Support (Academic for gap)
Continue with Ready articulation to determine next steps for students. Clearly define as a school what HMTSS looks like for our students.

Expand Multi-Tiered Systems of Support (Social-Emotional for Panorama)
Continue to explore ways to make students feel safe and a sense of belonging.

Data Team Process
Five-lane data team process to look at student work and determine next steps for both instruction and for students.

Teacher Clarity
Powerful Instructional Practice will be on Learning Targets and Success Criteria specifically. In math as we implement a new math curriculum.

Student Voice
Continue to explore what student voice looks like and incorporate student voice into our PIP through student-created success criteria.

Continuation of our Innovation Grant for a Menehune Makerspace State Literacy Grant
2020 Academic Plan, School Year 2020-21

Maunawili Elementary School

Developing a collaborative Academic Plan framed by the HIDOE Learning Organization is the foundation for a forward focused 3-Year Academic Plan. An effective Academic Plan utilizes existing school resources to improve and/or introduce new ideas that accelerate the school community’s knowledge about ending achievement gaps and providing equitable services for all students. A forward focused Academic Plan clearly describes a school’s Theory of Action that incorporates the following: 1) analyzing data to explain achievement gaps; 2) incorporating measurable outcomes that inform a school how to close the achievement gap; and 3) applying contextual and community measurements and assessments.

Starting from a comprehensive needs assessment, schools design measurable outcomes from the study of organizational, instructional, and student support systems. The measurable outcomes are implemented and improved through Plan, Do, Study, Act (PDSA) cycles, and systemized by leading indicators.

HIDOE Learning Organization

- **Pipeline of Emerging Ideas**: To prepare for emerging trends, advancements and changes that impact education, ideas are tried and vetted by our schools and teams, some will advance to support the core.
  - The **Pipeline of Emerging Ideas** is linked to the HIDOE 2020-30 Strategic Plan (page 5).

  - The 3-Year Academic Plan incorporates School Design and Student Voice for **Innovation in Support of the Core** (pages 3-4).

- **Teaching & Learning Core**: Focus: equity and excellence in core curriculum and supports
  - The 3-Year Academic Plan is structured by the HIDOE Learning Organization, and it is founded on the **Teaching & Learning Core** (page 2).
Teaching & Learning Core: Equity and Excellence

In order to address equity, list the targeted subgroup(s) and their identified needs. Specifying enabling activities in the academic plan should address identified subgroup(s) and their needs.

<table>
<thead>
<tr>
<th>Achievement Gap</th>
<th>Theory of Action</th>
<th>Enabling Activity</th>

<table>
<thead>
<tr>
<th>Data/Rigor</th>
<th>Infrastructure: Multi-Tiered Systems of Support</th>
</tr>
</thead>
</table>
| ● Math achievement gap has increased from 24 to 31 points.  
● Non High Need Math Proficiency 83%, High Needs Math Proficiency 52% | ● If we clarify our inclusive practices to understand the needs of individual students and implement effective support, then our high needs students will meet proficiency.  
● If we expand and organize our Hawai'i Multi-Tiered System of Support (HMTSS) framework to include the academic, behavioral, social-emotional, and physical domains, then school personnel will provide the right supports for each student and students’ unique needs will be met and they will demonstrate mastery of the standards. |
| | ● Understand the inclusive practice models available and align those supports to student needs  
● Build our understanding of disability categories and the look fors  
● Implement inclusive practice models to increase proficiency  
● Parent nights to share strategies that can be used at home  
● Expand MTSS framework to include academic, behavioral, social-emotional, and physical domains |

<table>
<thead>
<tr>
<th>Data/Rigor</th>
<th>Curriculum and Learning Design: Standard-based and Vetted Curriculum</th>
</tr>
</thead>
</table>
| ● Informational/Explanatory Writing claim scores are low.  
79% of students were not proficient in the area of Organization/Purpose and 78% of students were not proficient in the area of Evidence/Elaboration.  
● Opinion/Argumentative Writing claim scores are low 61% of students were not proficient in the area of Organization/Purpose and 67% of students were not proficient in the area of Evidence/Elaboration. | ● If we revisit practices (from Kamehameha coaching) in writing, then we can review and provide new learning to strengthen writing in Informational, Explanatory, Opinion, and Argumentative Writing.  
● Half day PD with Kamehameha (if they can come)  
● Review Thinking Maps and writing rubrics |

<table>
<thead>
<tr>
<th>Student Voice</th>
<th>Infrastructure: Multi-Tiered Systems of Support</th>
</tr>
</thead>
</table>
| ● Decrease in all areas of the Tripod/Panorama Survey (Decreased from 76% to 70%)  
● Decrease in the amount of students who feel safe according to Tripod/Panorama Survey (Decreased from 75% to 65%)  
● Sense of Belonging lowest category on Panorama Survey (69% for grades 3-5 60% for grade 6) | ● If we expand and organize our Hawai'i Multi-Tiered System of Support (HMTSS) framework to include the academic, behavioral, social-emotional, and physical domains, then school personnel will provide the right supports for each student and students’ unique needs will be met and they will demonstrate mastery of the standards.  
● If we build positive student relationships to incorporate PBIS like Choose Love and 3 BEs then we will raise. Panorama Survey results overall in safety and belonging categories.  
● Counselor?  
● Review sometimes option on Panorama with students  
● Investigate why students don’t feel safe, or that they don’t belong  
● Adapt our infrastructure to meet student needs (changing criteria for service clubs, frequency of guidance lessons, etc.) |

### Innovation in Support of the Core: School Design and Student Voice

Describe here your complex/school contexts for School Design and Student Voice.

Describe here your current and continuing initiatives that will further advance your 2020-21 School Design and Student Voice.

Describe here your Conditions for Success for School Design and Student Voice.

#### SY 2020-21 Measurable Outcomes

**Student Outcomes:**
- 75% of all students will be proficient on ELA and Math SBA
- 80% of all students will be proficient on quarterly ELA and Math common assessments, and
- 100% of all students will (1) meet or surpass 50% of their stretch growth goal on i-Ready by the Winter i-Ready administration and (2) meet or surpass their stretch growth goal after the Spring i-Ready administration in Reading and Math.

**Teacher outcomes:**
- 100% of teachers will participate in at least two peer visits within grade levels with a teacher lens of focus, feedback from peers, and self-reflection.
- 100% of teachers will participate in vertical articulation on quarterly meeting days (common Collaboration Days and Data Sharing Days) using their Curriculum Maps, Common Assessments, and student work.
- 100% of teachers will document how the peer visit impacted their teaching practice.

#### SY 2021-22 Measurable Outcomes

**Student Outcomes:**
- Student outcome to increase by 5% from previous year.

**Teacher outcomes:**
- Teacher outcome will continue.

#### SY 2022-23 Measurable Outcomes

**Student Outcomes:**
- Student outcome to increase by 5% from previous year.

**Teacher outcomes:**
- Teacher outcome will continue.

---

[Maunawili Elementary School], Version #1, [04/21/2020]
- 100% of teachers will align their Pacing Guides and will engage in vertical alignment of their Curriculum Maps.
- 100% of teachers will participate in professional development on Learning Targets and Success Criteria.

**Why are you implementing them?**
Teacher clarity has a .75 effect size and peer visits and vertical articulation will allow teachers to reflect upon their practice, choose an area of focus to build upon their pedagogy, and collaborate with other teachers to gain a common understanding for student expectations. A focus on learning targets and success criteria will add to teacher clarity.

**How will you know that they are causing an improvement?**
- SBA ELA and Math data
- Common Assessment data
- i-Ready data in Winter and Spring
- Peer Visit Feedback and Reflection
- Peer Visit Impact Collection Sheet
- Vertical Articulation Checklist

**How will you know that they are causing an improvement?**
Same as previous year.

---

**SY 2020-21 Measurable Outcomes**

<table>
<thead>
<tr>
<th>Curriculum and Learning Design: Access through Design</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Student Outcomes:</strong></td>

</tbody>
</table>
**Teacher outcomes:**
- 100% of data teams will follow a process to analyze student work, share effective instructional strategies, and make changes to instruction to meet student needs.

**Why are you implementing them? (what, By how much)**
Collective teacher efficacy has a 1.57 effect size. Collaboration is necessary in order to build collective teacher efficacy. Although we have regular data team meetings, there is a need to clarify/refine the process to ensure data is intentionally used to make instructional changes.

**How will you know that they are causing an improvement?**
- Common Assessment data
- Common Lesson Planning Sheet

---

**SY 2020-21 Measurable Outcomes**

**What are your Measurable Outcomes around School Design and Student Voice? What are you designing?** (Who & What, when)

<td>Student outcome to increase by 5% from previous year.</td>
</tr>
</tbody>
</table>
- 50% of students will be proficient in the area of Organization/Purpose and in the area of Evidence and Elaboration on SBA opinion/argumentative writing claims.

**Teacher outcomes:**
- 100% of teachers will participate in a Thinking Map/Write from the Beginning refresher to utilize strategies in the classroom.

**Teacher outcome will continue.**

**Why are you implementing them? (what, By how much)**
When our school was utilizing Thinking Maps and Write from the Beginning strategies through our partnership with Kamehameha, our SBA writing scores were very high. With new personnel and a lack of consistent training, not all classes are utilizing the strategies.

Why are you implementing them?
This is a short term goal leading to a long term goal.

**How will you know that they are causing an improvement?**
- Interim Quick Writes
- Writing Grades

**How will you know that they are causing an improvement?**
Same as previous year.

</tbody>
</table>
| **Infrastructure: Multi-Tiered Systems of Support** | **Student Outcomes:**
  - 75% of students will report feeling safe according to the Tripod/Panorama Survey.
  - 75% of students will report a positive Sense of Belonging on Panorama Survey (69% for grades 3-5 60% for grade 6) | **Student outcome to increase by 5% from previous year.** |
| | **Student outcome to increase by 5% from previous year.** | **Student outcome to increase by 5% from previous year.** |
### Teacher Outcomes:

- All staff will investigate why students do not feel safe on campus and problem solve ways to increase safety measures.
- All staff will review/refine existing systems (such as service clubs, guidance lessons, etc) to ensure students feel welcomed and included at school.

**Why are you implementing them? (what, By how much)**

According to the Panorama Survey, Sense of Belonging and Student Safety were our two lowest categories. Because this is the first year we are using Panorama, we need to investigate why the students are reporting these scores. We do not want to jump to misguided solutions and need to take time to investigate exactly why the scores are the way they are.

**How will you know that they are causing an improvement?**

- Guidance Lessons/P4C Circles
- Service Club Guidelines
- Interim School Surveys
- Student Interviews

- Same as previous year.

### SY 2020-21 Measurable Outcomes

**What are your Measurable Outcomes around School Design and Student Voice? What are you designing?**

Curriculum & Learning Design: Choice, Voice, and Collaboration

**Student Outcomes:**

- 100% of students will co-construct criteria for at least one project.
- 100% of students will have a choice in creating at least

We are hoping that this will be a one year goal to develop what it looks like and thereafter it could be maintained.

### SY 2021-22 Measurable Outcomes

**What are your Measurable Outcomes around School Design and Student Voice? What are you designing?**

**Student Outcomes:**

We are hoping that this will be a one year goal to develop what it looks like and thereafter it could be maintained.

### SY 2022-23 Measurable Outcomes

**What are your Measurable Outcomes around School Design and Student Voice? What are you designing?**

**Student Outcomes:**

We are hoping that this will be a one year goal to develop what it looks like and thereafter it could be maintained.
one learning project.

**Teacher outcomes:**
- 100% of teachers will share how they have incorporated Student Voice in their classroom.
- All Curriculum Maps will incorporate at least one Student Voice component.

**Why are you implementing them?**
Quaglia’s Student Voice research states that students who believe they have a voice in school, are seven times more likely to be academically motivated. As a staff, we need to understand what Student Voice looks like at each grade level and provide opportunities for our students.

**How will you know that they are causing an improvement?**

[Maunawili Elementary School], Version #1, [04/21/2020]
Behavior Review:
Teachers will participate in Behavior Review 3xs per year to identify students who have behavior concerns.
- 100% of students identified as having behavior concerns will have an intervention plan with a support and goal for their identified area of concern.
- 100% of students identified as having behavior concerns will have a support/goal for their identified area of concern.

Parent Education:
Parent nights to share strategies that can be used at home.

Student Outcomes:
- 50% of students will be proficient in the area of Organization/Purpose and in the area of Evidence and Elaboration on SBA informational writing claims.
- 50% of students will be proficient in the area of Organization/Purpose and in the area of Evidence and Elaboration on SBA

Writing Curriculum:
Thinking Map/Write from the Beginning refresher.

Outcomes (SY 2020-21)

<td></td>
<td>Monitored through quarterly sharing of School Level ART reports</td>
</tr>
</tbody>
</table>

### Student Outcomes:
- 75% of students will report feeling safe according to Tripod/Panorama Survey.
- 75% of students will report a positive Sense of Belonging on Panorama Survey (69% for grades 3-5, 60% for grade 6)

### Teacher Outcomes:
- All staff will investigate why students do not feel safe on campus and problem solve ways to increase safety measures.
- All staff will review/refine existing systems (such as service clubs, guidance lessons etc) to ensure students feel welcomed and included at school.

Pipeline of Emerging Ideas: Pilot Projects and Design Thinking

When HIDOE references innovation and emerging ideas, the Department is responding to important mindsets that embrace new ideas, replace dated practices, and strive for better solutions. Therefore, the Learning Organization must be prepared to uphold innovative learning environments that elevate a school’s collective work, expand capacity to improve, and continuously advance student learning.

As the HIDOE 2030 Promise Plan is finalized, a “Forward Focused” Plan will be drafted to help school communities open conversations about the Pipeline of Emerging Ideas.

<table>

<tbody>
<tr>
<td>While referencing the “Forward Focused” Plan, please describe your school’s ideas around innovation and pilot projects. Your draft will be a valuable tool to collect feedback and solicit support from the Complex Area Superintendent, parents, students, and community stakeholders.</td>
<td>Please describe your Conditions for Success:</td>
</tr>
<tr>
<td>Maunawili Elementary School won the Innovation Grant in-school year 2019 - 2020. With the $10,000 they bought several iPads, iPencils, a Carvey machine and supplies for our 3D printer. This is hopefully the beginning of a Menehune Makerspace. Our vision is to transform the library to be a living, breathing makerspace where students can create, innovate, and let their imaginations help them to problem solve and bring their ideas to fruition.</td>
<td>We hope to have students creating projects that can be shared at our annual Curriculum Fair and perhaps to outside partners that might be interested in their solutions. We hope to set up a system where older students are the ones to mentor the younger students in this makerspace to create a sense of ownership and stewardship for our younger students.</td>
</tr>
</tbody>
</table>
| Maunawili Elementary School is a part of the Kailua/Kalaheo Complex Literacy Grant and hopes to receive a portion of the grant. With this money:  
1) two additional part-time teachers would be hired to provide intervention services to tier 2 and tier 3 students in reading and/or writing.  
2) a Parent Community Network Coordinator (PCNC) will be hired to hold monthly family literacy workshops and family events that focus around Na Hopena A'o.  
3) after-school tutoring will be provided to “gap” students to improve reading and/or writing skills and also provide community experiences focused around the Ha Framework.  
4) technology, furniture and other resources will be purchased to support teachers and students during their intervention block as well as for after school tutoring. | We know that our efforts as identified in the Complex Literacy grant are successful if we see improvements in:  
- iReady scores  
- quarterly common assessments  
- teacher observations  
- parent feedback  
- SBA scores |

[Maunawili Elementary School], Version #1, [04/21/2020]
Important dates:

- *Feb 24: GLC Meeting: Craft Theory of Action and Enabling Activities
- *Feb 26: KDD Meeting to craft parts 2 and 3
- *March 12: SCC to look at 1st draft
- March 23: GLC Meeting to look at parts 2 and 3
- March 25: Faculty to look at 1st draft
- *March 31: Financial due to CAS
- *April 1: GLCs to look at SCC recommendations and/or any changes
- *May 12: Peer review with administrators
- *April 16: SCC Meeting to look at Final Draft
- *April 22: Final draft with faculty
- *June 3: Final draft to CAS:
