Plan Submitted by
Principal

Plan Approved by
Complex Area Superintendent

Revised for Baldwin-Kekaulike-Maui Complex Area
2020 Academic Plan, School Year 2020-21

Haiku Elementary School

Developing a collaborative Academic Plan framed by the HIDOE Learning Organization is the foundation for a forward focused 3-Year Academic Plan. An effective Academic Plan utilizes existing school resources to improve and/or introduce new ideas that accelerate the school community’s knowledge about ending achievement gaps and providing equitable services for all students. A forward focused Academic Plan clearly describes a school’s Theory of Action that incorporates the following: 1) analyzing data to explain achievement gaps; 2) incorporating measurable outcomes that inform a school how to close the achievement gap; and, 3) applying contextual and community measurements and assessments.

Starting from a comprehensive needs assessment, schools design measurable outcomes from the study of organizational, instructional, and student support systems. The measurable outcomes are implemented and improved through Plan, Do, Study, Act (PDSA) cycles, and systemized by leading indicators.

HIDOE Learning Organization

**Pipeline of Emerging Ideas:** To prepare for emerging trends, advancements and changes that impact education, ideas are tried and vetted by our schools and teams, some will advance to support the core.

- The Pipeline of Emerging Ideas is linked to the HIDOE 2020-30 Strategic Plan (page 5).

- The 3-Year Academic Plan incorporates School Design and Student Voice for Innovation in Support of the Core (pages 3-4).

**Teaching & Learning Core:** Focus: equity and excellence in core curriculum and supports

- The 3-Year Academic Plan is structured by the HIDOE Learning Organization, and it is founded on the Teaching & Learning Core (page 2).
Teaching & Learning Core: Equity and Excellence

In order to address equity, list the targeted subgroup(s) and their identified needs. Specifying enabling activities in the academic plan should address identified subgroup(s) and their needs.

<table>

**WASC recommendation from 2014-2015:**

To increase academic school-wide growth in math and reading, a regular vertical articulation process should be implemented to ensure that:

- The core curricular programs are aligned vertically, K-5, and appropriately address CCSS,
- Various assessment measures used are aligned K-5 to the CCSS and articulated vertically,
- Assessment drives and informs instructional practice in the classroom

**Strive HI: (SW 1, 3, 6, 7)**

Based on the 2019 Strive HI report a double digit (24% ELA and 25% Math) achievement gap between general

**Theory of Action: Monitor and Refine Current Academic RTI program for Reading and Math**

If the school wide Response to Intervention program is continually implemented with fidelity, then all students will receive data driven, targeted whole and small group instruction, which will increase student achievement.

**Student Success**

- K-5 students receive vertically aligned Tier I instruction
- K-5 students will receive targeted differentiated instruction.
- K-5 students will receive RTI to address skill deficits.
- 80% of K-5 students will show growth in ELA and Math via schoolwide diagnostics.
- 100% of families will be offered the opportunity to participate in family engagement activities in order to promote student success and family communication. (SW 2, 4, 5, 6, 7)

**Staff Success**

- Staff including staff that work with subgroups will continue to participate in professional development: iReady, Lucy Calkins, Restorative Schools, inclusive practices, etc.
- Teachers will continue to analyze data to drive instruction through the data team and grade level PLCs using the data team process
- Revisit and revise RTI instructional blocks to optimize core instruction and RTI instruction for all students.
education students and subgroups (SPED, EL) was identified at Haiku Elementary. There exists a need to provide support for struggling subgroups in order to diminish achievement gaps.

### Innovation in Support of the Core: School Design and Student Voice

Describe here your complex/school contexts for School Design and Student Voice.

Describe here your current and continuing initiatives that will further advance your 2020-21 School Design and Student Voice.

Describe here your Conditions for Success for School Design and Student Voice.

#### SY 2020-21 Measurable Outcomes

**School Design:** (SW 1, 3, 6, 7)
- All students will receive whole group, small group and RTI targeted, tiered instruction. Instructional groups will be determined based on end of year diagnostic. Instructional groups will be adjusted based on diagnostic assessment/screening at the beginning of the 1st semester and monthly progress monitoring.
- 70% of students will have met 50% of typical growth by mid-year. 80% of students will achieve 80% of typical growth by the end of the year.

**Student Voice:** (SW 1, 3, 6, 7)
- All students will participate in at least one PBL unit to support highly engaging instruction which will decrease the achievement gap between non high need and high need students from 24 points to 19 points in ELA and from 25-20 in Math.

#### SY 2021-22 Measurable Outcomes

**School Design:**
- All students will receive whole group, small group and RTI targeted, tiered instruction. Instructional groups will be determined based on end of year diagnostic. Instructional groups will be adjusted based on diagnostic assessment/screening at the beginning of the 1st semester and monthly progress monitoring.
- 70% of students will have met 50% of typical growth by mid-year. 80% of students will achieve 80% of typical growth by the end of the year.

**Student Voice:**
- All students will participate in at least one PBL unit to support highly engaging instruction which will decrease the achievement gap between non high need and high need students from 19 points to 14 points in ELA and from 20-15 in Math.

#### SY 2022-23 Measurable Outcomes

**School Design:**
- All students will receive whole group, small group and RTI targeted, tiered instruction. Instructional groups will be determined based on end of year diagnostic. Instructional groups will be adjusted based on diagnostic assessment/screening at the beginning of the 1st semester and monthly progress monitoring.
- 70% of students will have met 50% of typical growth by mid-year. 80% of students will achieve 80% of typical growth by the end of the year.

**Student Voice:**
- All students will participate in at least one PBL unit to support highly engaging instruction which will decrease the achievement gap between non high need and high need students from 14 points to 9 points in ELA and from 15-10 in Math.
### Why are you implementing them?

#### School Design: (SW 1, 3, 6, 7)

Based on WASC Recommendations from 2014-2015 and 2019 Strive HI report, Haiku Elementary School (HES) needs to increase academic school-wide growth in ELA and Math to decrease the achievement gap between high needs and non-high needs students.

**Student Voice:** (SW 1, 3, 6, 7)

Based on the 2019 Strive HI report a double digit (24% ELA and 25% Math) achievement gap between general education students and subgroups (SPED, EL) was identified at Haiku Elementary. There exists a need to provide support for struggling subgroups in order to decrease achievement gaps and increase proficiency.

#### How will you know that they are causing an improvement?

**School Design:** (SW 1, 3, 6, 7)

- RTI Tiered 1, 2 and 3 instructional and assessment practices will improve and iReady diagnostic scores will increase based on anecdotal data.

**Student Voice:** (SW 1, 3, 6, 7)

- Teachers will generate PBL planning document
- Achievement gap will decrease and HSA scores will increase.

### Why are you implementing them?

#### School Design: (SW 1, 3, 6, 7)

Based on longitudinal data, HES needs to continue improving our school wide Response to Intervention (RTI) program, and allocate instructional resources to ensure academic growth for all students.

**Student Voice:**

Based on the 2019 Strive HI report a double digit (24% ELA and 25% Math) achievement gap between general education students and subgroups (SPED, EL) was identified at Haiku Elementary. There exists a need to provide support for struggling subgroups in order to decrease achievement gaps and increase proficiency.

#### How will you know that they are causing an improvement?

**School Design:** (SW 1, 3, 6, 7)

Students received tiered instruction and are regrouped based on iReady diagnostic, data team process and student voice (surveys, conferences, choice, etc.)

**Student Voice:**

- Teachers will generate PBL planning document
- Achievement gap will decrease and HSA scores will increase.

### Why are you implementing them?

#### School Design: (SW 1, 3, 6, 7)

Based on longitudinal data, HES needs to continue improving our school wide Response to Intervention (RTI) program, and allocate instructional resources to ensure academic growth for all students.

**Student Voice:**

Based on the 2019 Strive HI report a double digit (24% ELA and 25% Math) achievement gap between general education students and subgroups (SPED, EL) was identified at Haiku Elementary. There exists a need to provide support for struggling subgroups in order to decrease achievement gaps and increase proficiency.

#### How will you know that they are causing an improvement?

**School Design:** (SW 1, 3, 6, 7)

Students’ scores improve on iReady progress monitoring and diagnostic scores in ELA and Math.

**Student Voice:**

- Teachers will generate PBL planning document
- Achievement gap will decrease and HSA scores will increase.
Innovation in Support of the Core: School Design and Student Voice

**FOCUS ON SY 2020-21:** Crosswalk enabling activities, measurable outcomes, and budget outlay and monitoring.

### Baseline Measurements

**Add beginning of the year measurements here.**

#### School Design: (SW 1, 3, 6, 7)
- Students are universally screened and assigned to RTI instructional groups.
- Staff receive up-to-date professional development and new staff is provided professional development on school academic programs.

#### Student Voice: (SW 1, 3, 6, 7)
- Strive HI and school universal screener data will provide baseline data.
- PBL assessments will provide baseline data.

### Formative Measures

**Add throughout the year measurements here.**

- Students received tiered instruction and are regrouped based on three yearly diagnostic screenings and progress monitoring.
- Staff continues to implement tiered instruction during the RTI school-wide schedule, and incorporates iterative change ideas.

#### Student Voice:
- Strive HI and school universal screener data will provide formative data.
- PBL assessment data and growth over a two year period.

### Summative Goals

**Add end of year goals here.**

- Student’s scores improve on school universal screener progress monitoring and diagnostic assessments.
- Staff continues to implement tiered instruction during the RTI school-wide schedule, and incorporates iterative change ideas.

#### Student Voice:
- Strive HI and school universal screener data will provide summative data.
- PBL assessment data and growth over three year period.

---

### Student Outcomes (SY 2020-21)

School, Version, date
All students will receive RTI tiered instruction, and instructional groups will be adjusted based on universal screening at the beginning of the 1st Semester.

Student Voice: (SW 1, 3, 6, 7)
All students will participate/complete in at least one PBL unit to support highly engaging instruction which will decrease the achievement gap between non-high need and high-need students from 24 points to 19 points in ELA and from 25-20 in Math.
HSA Scores will move in an upward trend by gaining at least 2% and increasing from 65% to 67%.

K-5 students improve universal screening scores by passing i-Ready lessons.

Spring 18902 Title I; 42101 (WSF) Data Teams/Faculty Meeting/RTI Schedule; Steering Team Walkthroughs; Weekly/Monthly

K-5 teachers will attend professional development on PBL and student voice

Fall 18902 Title I; 42101 (WSF) Admin walkthroughs; planning documents; student survey; teacher reflective surveys and next steps Quarterly

**Pipeline of Emerging Ideas: Pilot Projects and Design Thinking**

When HIDOE references innovation and emerging ideas, the Department is responding to important mindsets that embrace new ideas, replace dated practices, and strive for better solutions. Therefore, the Learning Organization must be prepared to uphold innovative learning environments that elevate a school’s collective work, expand capacity to improve, and continuously advance student learning.

The HIDOE 2030 Promise Plan will be drafted to help school communities open conversations about the **Pipeline of Emerging Ideas**.

**School Ideas for Innovation and Pilot Projects**

Please describe your school’s ideas around innovation and pilot projects.

While referencing the “Forward Focused” Plan, **please describe your school’s ideas around innovation and pilot projects.** Your draft will be a valuable tool to collect feedback and solicit support from the Complex Area Superintendent, parents, students, and community stakeholders.

**Supporting Each Child To Experience Success:**

Incorporating the 10 year HIDOE Action Plan, “A learning design that is structured around exploration, creativity, discovery, design and engagement…”

BKM Math Project; ECRi; Project-based learning; HA; student voice; collaboration; HSSS (Social Studies); Computer Science Standards (SW 1, 3, 6, 7)

**Conditions for Success**

Please describe your Conditions for Success:

Provide job-embedded professional development

Monitor for fidelity of implementation and measure student success.

Educate Families so that they can become more involved in their student’s learning. (SW 2, 4, 5, 6, 7)
Title I Addendum to the 2020 Academic Plan (AcPlan), School Year 2020-21

School Name: Haiku Elementary School
Date: 05-06-2020

Directions:
1. All schoolwide (SW) program plan requirements must be addressed in the AcPlan and/or through other evidence.
2. Within the AcPlan, label locations where SW program plan requirements are addressed, if applicable (e.g. SW 5, SW 6, SW 7).
3. On this document, summarize locations in the AcPlan and other evidence that SW program plan requirements are addressed.
