

Hāna High and Elementary

4111 Hana Highway, Hana, Hawaii | Maui | Hana-Lahainaluna-Lanai-Molokai Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many students are prepared for transition?

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

Hāna High and Elementary

4111 Hana Highway, Hana, Hawaii | Maui | Hana-Lahainaluna-Lanai-Molokai Complex Area

Our Story

The Hana Complex is a geographically isolated Pre K-12 school complex with 351 students located on the eastern side of Maui. The Hana Complex students live in a series of communities that stretch from Keanae to Kaupo in what is known as the Hana District. Separated by a two-hour drive from the more populated side of Maui, there are many limits to the social, educational, and economic opportunities available to the Hana Community.

The Hana Complex fully realizes the need for parental support and we involve parents in many different ways. Parents and community organizations are very involved with the school. Monthly School/Community Parent meetings provide opportunities for parent training, student recognition and input into the children's education. The greater Maui community and the school community are very generous in supporting our students with scholarships. Several local non-profit agencies and the University of Hawaii campuses provide services and extended learning opportunities for our students. The Hana Complex greatly values the partnerships with local non-profit agencies and institutions of higher education and will continue the partnerships in the future. These non-profit agencies provide services that range from health services to training programs that make real-life connections to ensure students are career and college ready.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
