Honowai Elementary

94-600 Honowai Street, Waipahu, Hawaii | Oahu | Pearl City-Waipahu Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school’s performance on key indicators of student success. This report shows schools’ progress on the Department and Board of Education’s Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?
 Measures the percent of students meeting the standard/who are proficient on state assessments.

<table>
<thead>
<tr>

Run date: September 10, 2017
How do you measure how well a school is doing? In our estimation, it’s more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.

Honowai Elementary
94-600 Honowai Street, Waipahu, Hawaii | Oahu | Pearl City-Waipahu Complex Area

Our Story
Honowai Elementary prides itself on developing life-long learners who have a positive attitude and are able to process, apply and integrate their learning, creating college and career ready citizens. Using the Data Driven Instructional Cycle process, we are working collaboratively to create lessons, assessments and rubrics to enhance student learning. There are a variety of tools that help us assess learning and growth such as i-Ready, which is a universal screener that assesses growth in reading and math. Many teachers are trained in GLAD, AVID, Design Thinking and Thinking Maps. All are utilizing the Teaching and Learning Framework as part of implementing CCSS. New teachers are supported with a mentor in support of increasing student and teacher success. Honowai received a 6 year WASC accreditation in 2015.

For academics, all students participate in the Response to Intervention program and receive extra help in reading based upon test results. For behavioral support, PBIS is integrated into the RtIb component with a Gotcha ticket award system for doing good deeds and having great behavior, structured recess activities and team sports. There are also two distinct recess periods per day. To promote multiple intelligences, we started a supplemental program we call APEX, Alii Pathways of Exploration, which will incorporate music, PE, art and tech, including coding, into the core curriculum.

The Strategic Plan
The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at http://bit.ly/1WggQrL
