

Kahalu'u Elementary

47-280 Waihee Road, Kaneohe, Hawaii | Oahu | Castle-Kahuku Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many 3rd graders read on grade level?

63% of 3rd graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

82% of students **feel positively** about their school

Kahalu'u Elementary

47-280 Waihee Road, Kaneohe, Hawaii | Oahu | Castle-Kahuku Complex Area

Our Story

Kahalu'u Elementary School is located in a rural, agricultural setting, situated in peaceful Waihe'e Valley at the base of the Koolau Mountains. Established in 1963, the school is considered an integral part of the community.

In order to support the students, parents, and community, Kahalu'u is focused on providing academic, emotional, and social supports to provide enrichment opportunities to become successful 21st century learners.

Kahalu'u is focused on constant improvement in meeting our student's needs and providing a well-rounded education. The school is in the process of providing one-to-one computers for all students in grades K-6. Kahalu'u is also focused on best instructional strategies in the classroom to meet the needs of all students. Our well-known Ukulele Band also performs at various events in the community and travels annually to California to share the Aloha with various mainland schools. Students in all grades focus on the use of Thinking Maps for higher-level thinking and multimedia technology-rich classrooms and library.

Following the rigorous WASC Focus on Learning self-study process, Kahalu'u School was awarded the maximum six-year accreditation. This achievement is due to the concerted efforts of the teachers, staff members and the School Community Council to raise the level of academic performance of students as documented in the school's Academic and Financial plan. Kahalu'u School's success is everyone's concern in the Kahalu'u community.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
