SY 2016-2017
Run date: September 10, 2017
How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.

Our Story

Our school mission at Prince Jonah Kūhiō Kalanianaʻole Elementary and Intermediate School (KEIS) is to work together to develop and nurture lifelong learners who exhibit college, career, and community readiness through: Literacy, Compassion, Resiliency, and Innovation. The school’s Support Team works with the school to provide a positive learning environment for preschoolers through eighth graders and was awarded an accreditation term of six years by WASC until June 2018.

KEIS provides an array of student supports, including services for identified gifted & talented students. Our RtI Plan provides tiered supports for students needing assistance in meeting the Common Core standards through early intervention. Our PBIS includes Second Step, our Social-Emotional Learning (SEL) program. Included in our efforts to ensure that students are career- and college-ready, the school has implemented AVID for students in the middle school as an elective class. Supplemental tutoring is provided after school through Title I funding. Other activities after school have included chess, agriculture, hula, robotics, art, and basketball.

KEIS also provides opportunities for parent and community involvement through quarterly family nights, special holiday events, partnerships with Head Start, and our monthly parent newsletter.

The Strategic Plan

The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at http://bit.ly/1WggQrl

About Our School

Principal | David Dinkel
Grades | K-8
808-964-9700
kalanianaole-school.weebly.com

303 students enrolled

20% of students are English language learners
78% of students are eligible for Free or Reduced Lunch
10% of students receive Special Education services
31% of students receiving Special Education services are in general education classes most of the day
Kalanianaole Elementary and Intermediate

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school’s performance on key indicators of student success. This report shows schools’ progress on the Department and Board of Education’s Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

Achievement gap:
- Language Arts: 36 points
- Math: 35 points

26% of students learning English are on-track to English language proficiency.

How do students’ progress compare to their peers’?
The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.
