THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

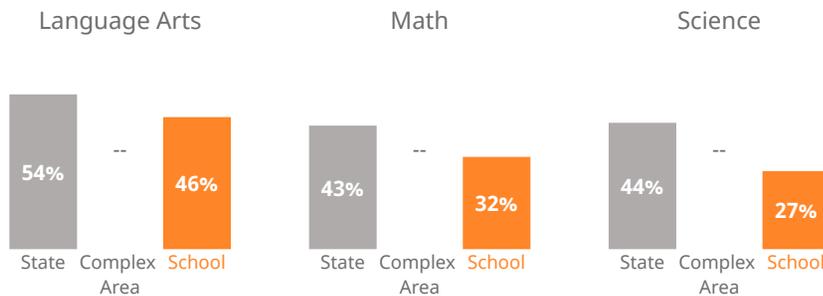

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

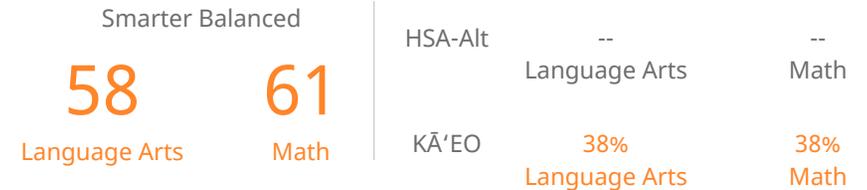

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many students are prepared for transition?

- of 3rd graders read near, at, or above grade level
- of students completed a Career & Technical Education program by 12th grade
- of 8th graders read near, at, or above grade level
- of students graduated on-time
- of 9th graders are promoted to 10th grade on-time
- of students enrolled in postsecondary institutions the fall after graduation

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

Our Story

Vision

E malama 'ia ana ka mauili ola o kakou mai kela hanauna a i keia hanauna.
Our spirit of being is nurtured from generation to generation.

Mission

'O ko makou ala nu'ukia ka malama 'ana i honua mauili ola i waiwai i ka 'ike a me ka lawena aloha o na kupuna i mea e lei ai kakou i ka lei o ka lanakila.
Our mission is to foster success for all members of our learning community by providing a culturally healthy and responsive learning environment.

Ke Kula 'o Samuel M. Kamakau Laboratory Public Charter School is a family-based, Hawaiian language medium school offering a comprehensive multi-level (PK through Secondary) educational program. Ke Kula 'o Kamakau was initially established in January 2000 in response to the expressed needs of Native Hawaiian families to increase student achievement through culture-based education while addressing the educational needs of multi-generations of learners. As an indigenous language laboratory school program, Ke Kula 'o Kamakau is committed to the ongoing development of Hawaiian language education through research, teacher training, and resource development.

All classroom instruction is delivered in the Hawaiian Language until the 5th grade, when students receive formal English instruction for an hour each day. Therefore, Kamakau highly encourages the administration of Hawaiian language assessments as a measure of our students' success and relies on multiple measures to show true performance.

Kawaihapai-Hawaiian Language Reading Comprehension Assessment

Measures K-12 student performance of Hawaiian language reading comprehension grade level benchmarks, measured by school-developed, three times a year reading comprehension assessment.

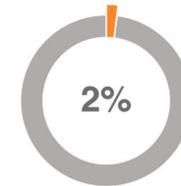

About Our School
