

Kealakehe High

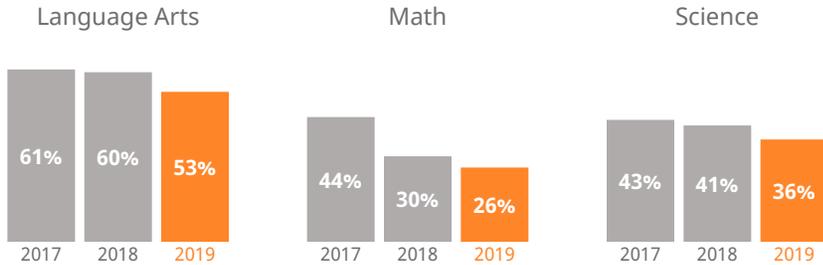

74-5000 Puohuluhuli Street, Kailua-Kona, Hawaii | Hawaii | Honokaa-Kealakehe-Kohala-Konawaena Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

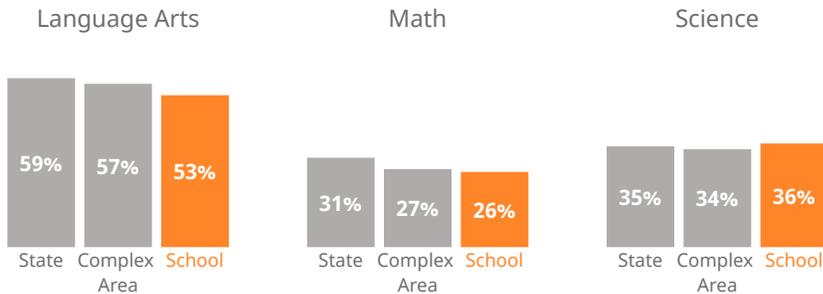

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

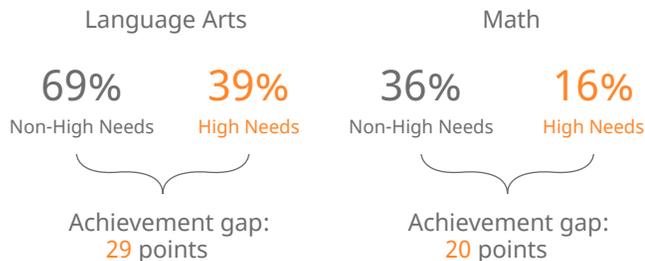

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

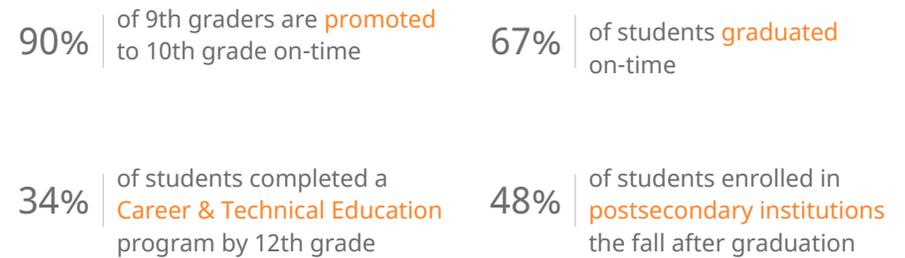

14%

of students learning English are **on-track** to English language proficiency

How many students are prepared for transition?

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

67%

 of students **feel positively** about their school

Kealakehe High

74-5000 Puohuluhuli Street, Kailua-Kona, Hawaii | Hawaii | Honokaa-Kealakehe-Kohala-Konawaena Complex Area

Our Story

Kealakehe High places a strong emphasis on citizenship and has identified three main values: building relationships, showing respect, and being responsible to self and the community.

The curriculum challenges students to practice universal ethical and moral values such as empathy, honesty, laulima (Hawaiian for working together) and kuleana (Hawaiian for acting responsibly).

Kealakehe High offers a broad range of core and elective courses, including Career and Technical Education, the arts, music and foreign languages. In addition to foundational courses, honors and Advanced Placement courses are offered in English, social studies, math and science. Teams in football, swimming, soccer, wrestling, tennis and cheering have won multiple league titles.

The Parent Community Networking Center coordinator and members of the School Community Council actively assist the principal in the operation of the school.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
