Achievement gap: 32 points for English language proficiency

65% of students learning English are on-track to English language proficiency

How many 3rd graders read on grade level?
53% of 3rd graders read near, at, or above grade level

How many students missed 15 or more days of school this year?

2016: 11%
2017: 16%
2018: 14%

State: 13%
Complex Area: 12%

How do students feel about their school?
Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

64% of students feel positively about their school

Run date: December 13, 2018
How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

Kekaha Elementary
8140 Kekaha Road, Kekaha, Hawaii | Kauai | Kapaa-Kauai-Waimea Complex Area

Our Story
Kekaha Elementary has prioritized student data analysis and the adoption of the Common Core State Standards to prepare students for college and careers.

School data is monitored and analyzed continuously to adjust curriculum and instruction, determine program effectiveness and accelerate student performance. Professional development is tailored around school data.

The Kekaha Elementary School Community Council, established in 2005, continues to be part of the school leadership structure. It evaluates principal effectiveness, monitors the school’s academic and financial plan, and provides resources to support goals and initiatives.

Community stakeholders and parents have a number of opportunities to participate in student learning. Educational and informational school nights are coordinated throughout the school year, and ongoing parent surveys provide meaningful data for school improvement.

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school’s performance on key indicators of student success. This report shows schools’ progress on the Department and Board of Education’s Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.
