

Kohala High

54-3611 Akoni Pule Highway, Kapaau, Hawaii | Hawaii | Honokaa-Kealahou-Kohala-Konawaena Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

--
of students learning English are **on-track** to English language proficiency

How many students are prepared for transition?

How many students missed 15 or more days of school this year?

Do students feel safe at this school?

Measures student responses on the Safety dimension of the School Quality Survey.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.

Kohala High

54-3611 Akoni Pule Highway, Kapaau, Hawaii | Hawaii | Honokaa-Kealakehe-Kohala-Konawaena Complex Area

Our Story

Kohala High is committed to providing an engaging, rigorous program for students within a standards-based grading environment.

The school has a strong academic core program and also offers a range of opportunities, including Advancement Placement classes in English Literature, Composition and American History as well as a base of Career and Technical Courses in Building and Construction, Arts and Communication, Culinary Arts, Hotel Operations, Health, Business and Natural Resources. Music and Fine Arts also complement the elective program.

Kohala High hosts an extracurricular program that includes athletics, clubs, and activities that support student growth beyond the classroom. Partnerships with several grant programs and community organizations enrich students' extracurricular life through programs such as robotics, speech, fine arts, drama, sustainable farming and industrial arts. Students are afforded the opportunity to further challenge themselves by enrolling college courses while in high school.

Tutorial supports are provided after school, evenings and during interim periods. A Summer Bridge program and Freshmen Seminar course assist in the transition for incoming 9th graders.

The Strategic Plan

The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at <http://bit.ly/1WqgQrL>
