Achievement gap: 28 points
Achievement gap: 20 points

Do students feel safe at this school?
Measures student responses on the Safety dimension of the School Quality Survey.

How students feel about their safety
- Positive: 64%
- Neutral: 20%
- Negative: 16%

How do students' progress compare to their peers’?
The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.

Mauka Lani Elementary
92-1300 Panana Street, Kapolei, Hawaii | Oahu | Campbell-Kapolei Complex Area

Our Story
Mauka Lani Elementary emphasizes the importance of literacy and numeracy with a strong focus on thinking and problem-solving skills.

An active Student Council and Junior Police Officer program provide leadership roles as students plan and implement various student activities. Students participate in robotics, hula and intramurals (track meet and basketball tournaments), as well as in an annual May Day program.

Mauka Lani enjoys strong support from parents, business and a dedicated faculty and staff. The school provides opportunities for students to become active, healthy, creative, independent learners and thinkers.

The Strategic Plan
The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at http://bit.ly/1WggQrL

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school’s performance on key indicators of student success. This report shows schools’ progress on the Department and Board of Education’s Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How do you measure how well a school is doing? In our estimation, it’s more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.
