How are students performing in each subject?
Measures the percent of students meeting the standard/who are proficient on state assessments.

Language Arts
- 2015: 68%
- 2016: 70%
- 2017: 66%

Math
- 2015: 78%
- 2016: 65%
- 2017: 65%

Science
- 2015: 77%
- 2016: 75%
- 2017: 73%

How are students performing compared to others?
Compares the percent of students meeting the standard/who are proficient on state assessments.

Language Arts
- State: 51%
- Complex Area: 64%
- School: 66%

Math
- State: 48%
- Complex Area: 61%
- School: 65%

Science
- State: 58%
- Complex Area: 74%
- School: 73%

How are student subgroups performing?
High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

Language Arts
- Non-High Needs: 71%
- High Needs: 53%
- Achievement gap: 18 points

Math
- Non-High Needs: 73%
- High Needs: 48%
- Achievement gap: 24 points

How do students' progress compare to their peers’?
The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.

English Language Arts
- 2016: 44
- 2016: 49

Math
- 2016: 34

How many 3rd graders read on grade level?
86% of 3rd graders read near, at, or above grade level

How many students missed 15 or more days of school this year?
- 2015: 8%
- 2016: 8%
- 2017: 8%

State: 13%
Complex Area: 8%

Do students feel safe at this school?
Measures student responses on the Safety dimension of the School Quality Survey.

5% of students learning English are on-track to English language proficiency

How students feel about their safety
How do you measure how well a school is doing? In our estimation, it’s more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.

Our Story
At Mililani Waena Elementary, we inspire students to become successful citizens who contribute to a global society. We connect our curriculum to real-life applications and develop skills such as creative and critical thinking, problem solving, decision making, and communication. We strongly believe in authentic learning that takes into consideration the various rates and learning styles of students.

Our school advocates and models the TRRFCC traits (Trustworthiness, Respect, Responsibility, Fairness, Caring, Citizenship) so we can foster a positive school climate. Moreover, we strive to honor the voices of all stakeholders and make decisions framed through a commitment for high academic achievement and personal growth based on the TRRFCC traits.

We are strategic in how we integrate digital technology to enhance the learning experience. We differentiate learning through a blended learning process that combines personalized face-to-face instruction and digital learning tools. And with a 1:1 technology initiative using Macbooks for each student, we can further develop students’ 21st century skills.

Nestled in the heart of Mililani, we are proud to embrace its diverse population rich in family values and community support. We are Mililani Waena Menehune!

The Strategic Plan
The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at http://bit.ly/1WggQrL

About Our School
Principal | Barron Iwamura
Grades | K-5
808-627-7300
www.milwaena.k12.hi.us

786 students enrolled

3% of students are English language learners
26% of students are eligible for Free or Reduced Lunch
5% of students receive Special Education services
93% of students receiving Special Education services are in general education classes most of the day
THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school’s performance on key indicators of student success. This report shows schools’ progress on the Department and Board of Education’s Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.
