

Parker Elementary

45-259 Waikalua Road, Kaneohe, Hawaii | Oahu | Castle-Kahuku Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

57%

of students learning English are **on-track** to English language proficiency

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many 3rd graders read on grade level?

86% of 3rd graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

63% of students **feel positively** about their school

Parker Elementary

Our Story

Parker Elementary uses data to drive all instructional initiatives and school improvement efforts. Educators analyze and disaggregate school data to adjust teaching strategies and pacing maps.

The school has a one-to-one laptop program. Students who have completed their work or need more practice in certain subjects work on laptops at their own pace, as the software corrects and informs the child of his or her progress. Computers also allow teachers to differentiate assignments for the class.

Parker Elementary has utilized grant funds to provide research-based reading and mathematics programs, as well as an afterschool supplemental tutorial program in math and reading. A partnership with Kamehameha Schools' Bishop Estate in the form of the Kamehameha Schools Literacy Instruction and Support provides services to K-3 students.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
