How do students feel about their school?
Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

74% of students feel positively about their school.

Run date: September 11, 2019
Waialua Elementary
67-020 Waialua Beach Road, Waialua, Hawaii | Oahu | Leilehua-Mililani-Waialua Complex Area

Our Story

Waialua Elementary seeks excellence in fulfilling its mission of giving all students the academic skills and personal guidance they need to reach their potential and goals.

In the morning students are involved in an integrated language arts, science and social studies curriculum, as well as a math curriculum. Every afternoon students attend academies of their choice where they apply classroom skills and knowledge to project-based learning activities replicating the real world of work.

An afterschool Tech Club and the Library Club provide students community service opportunities.

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school’s performance on key indicators of student success. This report shows schools’ progress on the Department and Board of Education’s Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?
Measures the percent of students meeting the standard/who are proficient on state assessments.

- **Language Arts**
  - 2017: 68%
  - 2018: 77%
  - 2019: 74%

- **Math**
  - 2017: 63%
  - 2018: 68%
  - 2019: 72%

- **Science**
  - 2017: 77%
  - 2018: 82%
  - 2019: 75%

How are students performing compared to others?

How do students feel about their school?
Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

74% of students feel positively about their school.
How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
