One year of work experience in the operation of trucks having a factory-rated capacity of more than 1-1/2 tons or an equivalent combination of experience and training.

Quality of Experience:

Possession of the required number of years of experience will not in itself be accepted as proof of qualification for a position. Licensed Required:

Possession of a valid State of Hawaii motor vehicle operator's license, Type 4 or appropriate Commercial Driver's License with proper endorsements, as applicable.

Selective Certification:

Specialized knowledge, skills and abilities may be required to perform the duties of some positions. In such positions, certification may be restricted to eligibles who possess the pertinent experience and/or training required to perform the duties of the position.

Agencies requesting selective certification must show the connection between the kind of training and/or experience on which they wish to base selective certification and the duties of the position to be filled.

Applicants must be physically able to perform, efficiently and effectively, the essential duties of the position which typically require the ability to read without strain printed material the size of typewritten characters, glasses permitted, and the ability to

Those applicants who demonstrate that they are capable of performing the essential functions of the position will not be disqualified under this section.

Any condition which would cause applicants to be a hazard to themselves or others is cause for disqualification.

Any disqualification under this section will be made only after a review of all pertinent information, including the results of the medical examination, and requires the approval of the Superintendent or designee.

Mental/Emotional Requirements:

All applicants must possess emotional and mental stability appropriate to the job duties and responsibilities and working conditions.
