Plan of Organization

Updated as of June 30, 2020

Department of Education
State of Hawaii
FOREWORD

The Department of Education (DOE) Plan of Organization documents the official organization of state and complex area offices of the department, as approved by the Superintendent of Education pursuant to Section 302A-1111, Hawaii Revised Statutes. The Plan of Organization describes the organizational structure, supervisory relationships among established positions, and the functions of each state and complex area office in the department. This edition supersedes all previous editions of the DOE Plan of Organization.

Any change to the organizational structure, supervisory relationships among established positions, or functional responsibilities described herein must be submitted for approval. Organizational change requests may be initiated at any time by the designated head of the office affected. Offices contemplating an organizational change should inform the Office of Talent Management (OTM), Management Support Services Section.

The Plan of Organization shall be updated annually to reflect routine changes in the titles, numbers, and salary ranges of established positions. OTM will coordinate the annual update. OTM shall maintain the Plan of Organization and distribute the annual update and any intervening approved organizational changes to all holders of the Plan.

DEPARTMENT OF EDUCATION

FUNCTIONAL STATEMENT

The Department of Education (DOE) is a department in the executive branch of the state government. The department manages the statewide systems of public schools and public libraries. The legislative appropriations of state general funds and special funds, and federal funds and grants received to support public school and public library programs, are administered by the DOE on a statewide basis and subject to executive branch expenditure restrictions.

As provided by law, the DOE is subject to executive branch policies and controls relating to state education functional planning, financial administration, administrative rulemaking, collective bargaining negotiations, and acquisition and disposition of school land.

The DOE is also dependent on other executive branch agencies which function as state central service agencies for certain systems support services, such as legal services (Department of the Attorney General), and main frame computers (Department of Accounting and General Services).

The head of the DOE is the Board of Education (BOE). The BOE is a policy-making board consisting of 9 members appointed by the Governor with the advice and consent of the Senate, and a public high school student who is selected by the Hawaii State Student Council and serves as a non-voting member, and a military representative who is appointed by the senior military commander in Hawaii and serves as a non-voting member.

Public School System

The Superintendent of Education supervises and directs the administrative offices and is assisted by a Deputy Superintendent managing the academic/educational programs.

Public schools are under the field supervision of 15 regional administrative units called Complex Areas, each supervised by a complex area superintendent who reports directly to the Deputy Superintendent. A Complex Area consists of one or more school complexes, each school complex consisting of a high school and its feeder middle and elementary schools. Complex Learning Support Centers are established to provide shared instructional and student support services to each school. The schools of each complex collaboratively manage their Complex Learning Support Center.

The scope of educational programs and services of the public schools regularly encompasses grades kindergarten through 12 (K-12), and such pre-school programs and community/adult education programs as may be established by law. In addition to regular programs of instruction and support services, public schools offer special programs and services for qualified students with disability, gifted and talented students, students with limited English language proficiency, and students who are economically and culturally disadvantaged, school-alienated, or instructionally confined.

Other public education service programs administered by the public school system include regulation of private trade, vocational, and technical schools; public summer schools; Western Association for Schools and Colleges (WASC) accreditation program for public secondary and adult education schools, and private secondary schools in Hawaii; the A+ Program for after-school care of “latchkey” children; and various programs and services funded by the federal
government, trusts, and private agencies that may benefit eligible persons in the
general public as well as public school students.

Public Library System

The public library system is administered by the State Librarian. The public
library system operated the Hawaii State Library, the Library for the Blind and
Physically Handicapped, public libraries, community public and school libraries,
and bookmobile services.

Special library services, including interlibrary loans, federal documents
depository and inter-agency (municipal, state, and federal) exchange, are
provided by the Hawaii State Library. The Library for the Blind and Physically
Handicapped provides transcribing services to the blind; produces, maintains,
and makes available specialized collections and services to the blind and
physically handicapped; and assists state-supported residential, medical,
educational, and correctional institutions in their library development and
operations. Materials selection, ordering, cataloging, preparation, and binder
services for all libraries are centrally administered.

Agencies Attached to the Department of Education

The following agencies are attached to the Department of Education for
administrative purposes only:

- Hawaii Teacher Standards Board (as established by Section 302A-801 to
  803, Hawaii Revised Statue): Establishes standards for the issuance of
  public school teacher licenses and credentials; adopts policies and
  standards, including fees, for teacher licensing and credentialing; and
  adopts rules pursuant to Chapter 91, HRS.

- Executive Office on Early Learning (as established by Section 302L-7,
  Hawaii Revised Statutes): Statutorily established to develop the early
  learning system in Hawaii, including adopting high-quality policies and
  standards that incorporate research-based, developmentally-appropriate
  practices associated with better educational outcomes for children. This
  includes administering the State's public prekindergarten program,
  according to rules adopted by the office pursuant to Chapter 91, HRS."
The Board of Education (Board) heads the Department of Education, as provided by Section 26-12, Hawaii Revised Statutes (HRS).

The Board in accordance with applicable laws and its By-Laws, formulates statewide educational policy, adopts student performance standards and assessment models, monitors school success, and appoints the Superintendent of Education as the chief executive officer of the public school system, as provided by law (Article X, Section 3 of the Constitution of the State of Hawaii, and Section 302A-1101, HRS).

The Board formulates policy and appoints the State Librarian as the chief executive officer of the public library system, as provided by law (Section 312-2, HRS).

The Board, through the State Librarian, has direct control of the public library system, excluding school libraries (Section 302A-1120, HRS).

The Board appoints the members of the State Public Charter School Commission, which serves as the statewide charter authorizer for charter schools, with the power and duty to issue charters, oversee and monitor charter schools, hold charter schools accountable for their performance, and revoke charters (Section 302A-1101(d), HRS).
DEPARTMENT OF EDUCATION
OFFICE OF THE SUPERINTENDENT
FUNCTIONAL STATEMENT

OFFICE OF THE SUPERINTENDENT OF EDUCATION

The Superintendent of Education is responsible for efficiently and effectively administering the public school system in accordance with law and educational policies adopted by the Board of Education.

- Provides administrative leadership in collective bargaining and maintenance of relationships with professional organizations and unions.
- Provides administrative support to the Board of Education, committees, advisory councils and commissions.
- Maintains liaison on behalf of the Board of Education with the State Legislature, governor, the various state departments and the people of the State of Hawaii on matters pertaining to the administration of the public school system.
- Presents for Board approval nominations and appointments of all assistant and Complex Area Superintendents.
- Promotes partnerships between the public school system and various sectors of the community: business, trusts and foundations, and other government agencies.

The following offices report directly to the Superintendent of Education:

1. **OFFICE OF STRATEGY, INNOVATION AND PERFORMANCE**

The Office of Strategy, Innovation and Performance (OSIP) is charged with policy development and analysis, promoting a culture of data-driven decision making administering statewide assessments and federal and state accountability for schools.

**ASSESSMENT AND ACCOUNTABILITY**

This branch oversees the development and administration of student assessment, school evaluation and system evaluation components of the department's accountability system. The branch will provide support related to the departmental evaluation and student testing.

**Assessment Section**

- Administers the public school system’s statewide summative student assessment program, which may include a variety of norm and criterion referenced tests using both traditional and performance-based measures.
- Administers the department’s participation in and compliance with the National Assessment of Educational Progress, or known as NAEP.
- Identifies assessment instruments and practices that are used to measure system, school and individual student attainment of the Board’s content and performance standards.
- Identifies assessment instruments and practices that are used to measure system, school and individual student attainment of the federal and state statutory requirements.
- Provides student assessment data used in monitoring school quality and student achievement for the statewide assessment and accountability system.
- Provides assessment data for measuring compliance with the Board’s policies and regulations and the NCLB.
- Serves as a clearinghouse of information on student assessment techniques and tools.
- Develops or collaborates with other public agencies in the development of innovative assessment techniques for possible statewide and school adoption and for use in the statewide assessment and accountability system.
- Serves as liaison to community groups, federal offices and state agencies and commissions involved with the development and dissemination of tests and information about tests.

**Accountability Section**

- Assists with the coordination of, and support for the statewide assessment and accountability system; develops and implements components related to school and system evaluation and conducts research and development work on educational indicators and analyses.
• Prepares annual school-by-school, local education agency and state education agency accountability reports to meet federal, state, and department requirements.
• Provides information regarding the performance of schools on educational indicators for improvement uses and accountability needs of the department, policy makers and the general public.

DATA GOVERNANCE and ANALYSIS BRANCH

The branch is responsible for data quality assurance and ensuring appropriate data management and stewardship to align data systems and policies, providing guidance and support for both internal and external reporting functionality, conducting applied research and data analysis and defining and visualizing data analysis for internal and external understanding.

POLICY, INNOVATION, PLANNING and EVALUATION BRANCH

The PIPE is responsible for performance management of the state’s strategic plan outcomes and major initiatives. It serves as a catalyst within the organization that proactively plans reform initiatives and monitors their effectiveness on an ongoing basis.

The PIPE Branch also is responsible for discretionary grant management, policy analysis, standards of practice and recommendations to the Superintendent, Board and the State legislature regarding policies, laws and procedures. The branch is responsible for keeping abreast of national and international best practice and research in the education policy arena and ensuring that the department’s practices and policies are aligned and enable progress.

COMMUNICATIONS BRANCH

The Communications Branch supports the Hawaii State Department of Education (HIDOE) by developing the internal and external communication programs.

Provides communications services to the offices and schools of the public school system, as needed.

• Advises the HIDOE leadership and other personnel on public affairs implications of proposed actions or decisions.
• Drafts letters, memos, public statements and speeches upon request of the HIDOE leadership. Superintendent.
• Advises and assists other state and district offices and schools in publicizing their activities.
• Prepares departmental news for all personnel, as appropriate.
• Publishes the Education Update newsletter in conjunction with regular Board of Education (BOE) meeting to report HIDOE matters.
• Reviews and recommends for printing all official publications of the Department.
• Develops among all personnel an awareness of the need for good public relationships and assists key personnel in developing communications skills through membership in professional organizations, provision of materials and training sessions, as needed.
• Monitors and evaluates communications needs and the department’s efforts to meet them.
• Plans and coordinates activities for communicating with the general public.
• Issues news releases on major state-level actions, and
departmental plans, programs, and activities deemed of interest
and importance to the general public.
• Schedules and handles arrangements for news conferences.
• Generates and suggests story ideas for the media.
• Prepares informational pamphlets and other materials to serve
public information needs.
• Promotes and maintains good relationships within the Department
and special public and individuals through a variety of appropriate
means, such as membership on boards and committees.
• Provides coordination of information to HIDOE leadership, the
Superintendent, media, schools, and general public as needed on
matters relating to school closures, bomb threats, and other health,
public safety, and civil defense emergencies affecting HIDOE
schools.

COMMUNITY ENGAGEMENT BRANCH

The Community Engagement Branch ensures that the Department establishes
and maintains effective working relationships and partnerships with a variety of
private agencies, parents, public, and community that support the public school
system.
• Develops and implements strategies to facilitate interaction between the
DOE and the military community involving the Joint Venture Education
Forum and other identified community groups.
• Coordinates promotion partners-in-education programs with various
sectors of the community: business, trusts and foundations, and other
government agencies.
• Supports the establishment of locally based community bodies with
extensive family participation to advise the department on the delivery of
Special Education and related services.

Acts as liaison to other federal and state agencies on system-wide planning and
analytical activities pertaining to the public school system.

SCHOOL TRANSFORMATION BRANCH

The School Transformation Branch is responsible for building capacity and
providing supplementary support to complex areas and schools in their school
improvement efforts. The Branch’s efforts are concentrated on schools
identified for support and improvement through the state’s federally-approved
school accountability and improvement system.

The School Transformation Branch will coordinate school improvement efforts in
line with the Hawaii Department of Education Strategic Plan and Hawaii
Consolidated State Plan for the Elementary and Secondary Education Act
(ESEA). This includes support for conducting comprehensive needs
assessments to evaluate school needs, developing and implementing
comprehensive improvement plans, obtaining supplementary resources based
on need, and coordinating professional development and professional learning
communities of complex area and school staff. The School Transformation
Branch will also monitor schools and complex areas for compliance and
performance as well as coordinate school improvement efforts with the Hawaii
State Public Charter School Commission

The School Transformation Branch administers authorized under the ESEA as
well as coordinates the implementation the ACS-WASC school accreditation
process.
2. OFFICE OF CURRICULUM AND INSTRUCTIONAL DESIGN

The Office of Curriculum and Instruction Design (OCID) is committed to equitable access to quality education for all students. OCID’s primary responsibility is to develop, coordinate, and implement high-quality practices and systems that embrace student voice, choice and needs to effectuate the priorities of the Board of Education and the Department’s strategic plan.

This office provides strategic program support, technical assistance and collaborative networks to scale effective instruction and the progression of learning from Pre-K to grade 12. OCID works to remove barriers that perpetuate an opportunity and achievement gap to promote learning and growth for each student.

Under the direction of the Assistant Superintendent, the responsibilities of the office are performed by the Extended Learning Branch and Instructional Support Branch.

EXTENDED LEARNING BRANCH

The Extended Learning Branch (ELB) supports schools and complex areas to strengthen their portfolios by providing high-quality experiences and opportunities through an array of extended and extracurricular learning programs for students and educators. ELB also provides related fiscal, legislative and policy coordination for OCID.

The Extended Learning Branch is comprised of two sections: the Learning and Technology Section and the Extracurricular Section.

Learning and Technology Section

The Learning and Technology Section (LTS) provides guidance on the implementation and integration of media, information, and technology literacy tools that support student engagement and achievement. This section provides leadership in Digital Classrooms, E-School, School Librarian Services, Computer Science, and Summer School. Staff also provide consultative services that model the use of technology integration to facilitate job-embedded and collaborative opportunities for state offices, complexes, and schools.

The instructional technology design is driven by the pedagogical approach and the learning deliverables of the school design components. Integration and use of technology is leveraged to extend the capabilities of students to engage in higher sophistication of design, research, interaction, sharing, and creating.

Extracurricular Section

This Extracurricular Section (ES) provides focused leadership in supplementing school offerings and curriculum by providing additional opportunities for students to develop skills, character, and leadership. These programs include Homeschooling, Athletics, Athletic Health Care, Driver and Traffic Safety Education, and Student Leadership and Activities.

INSTRUCTIONAL SUPPORT BRANCH

This Instructional Support Branch focuses on the development and implementation of evidence-based practices, processes, and practices for
teachers and administrators to ensure support to schools and Complex Areas as the primary facilitators of teaching and learning.

Building upon a tri-level system, OCID collaborates and consults with complex areas and schools to co-construct professional development, provide job-embedded coaching in support of school design around standards-based curriculum, instruction and assessment literacy.

Support extends around the selection of instructional materials that emphasize primary sources, authentic field-based resources, rich and complex text, quality open source documents and teacher created and peer-reviewed materials. A priority is access to an array of quality learning materials and additional learning resources to support school design projects, research and innovation.

The Instructional Support Branch is comprised of three sections: Learning Support Section, Standards Support Section, and Career Readiness Section.

Learning Support Section

The Learning Support Section (LSS) focuses on enhancing professional practice with innovative instructional strategies through content expertise and professional development for English Language Arts, Early Literacy, and Mathematics. Resources to support high-quality teaching and learning include the Learning Design Resource, a website that shares current research, curriculum, and applied learning strategies such as project-based learning and design thinking. Additionally, the LSS monitors the online Professional Development Course System, which allows increased access to relevant professional learning opportunities for all teachers and practitioners in the state by offering a broad range of courses for credit.

As shifts in the classroom include our state priorities of empowering student voice, teacher collaboration and school design, LSS strives to support the efforts with exploration, creativity and problem-solving around relevant pedagogy in the core content areas and professional learning.

Standards Support Section

The Standards Support Section (SSS) provides leadership, guidance, and support to schools and Complex Areas across multiple disciplines. Content areas in SSS include Fine Arts; Health Education; Physical Education; Science; Social Studies; Standards-Based Practices; and World Languages. This section delivers support resources for standards-based curriculum, instruction, and assessments to address all learners; creates, delivers, and connects the field to opportunities for standards-aligned professional learning; and highlights, creates, and leverages structures to support communication and collaboration among the tri-level system. The Standards Support Section promotes a well-rounded education and whole-child development through various models of standards-based teaching and learning.

Career Readiness Section

The Career Readiness Section (CRS) focuses on supporting college and career readiness through the state-level administration and support in Advanced Placement, Adult Education, Career Technical Education, Early College, GEAR UP, Gifted & Talented, Learning Centers, JROTC, and Graduation Requirements.

Partnerships are cultivated with business, industry, and community to expand curriculum capacity to support the school design. To better respond and prepare students for college, careers and the workforce, opportunities for internships and externships in business and industry sectors extend authentic learning
opportunities for students and staff. Curricular relevance and innovation are accomplished through applied learning, design thinking, project-based designs, early college/early exposure models, and service-learning embedded into the learning experience for all students.

3. OFFICE OF STUDENT SUPPORT SERVICES

The Office of Student Support Services (OSSS) primary responsibilities is to ensure all sections use evidence-based frameworks for effectively integrating multiple systems & services to address students academic achievement, behavior & social-emotional well being. Services from OSSS ensure that every student receives equitable academic and behavioral support that is culturally responsive, matched to need, and developmentally appropriate. This office provides special education services, special needs services, student support services, student health services, and alternative learning programs. Under the direction of the Assistant Superintendent, the responsibilities of the office are performed by the Exceptional Services Branch, Student Support Section, and Alternative Learning Branch.

STUDENT SERVICES BRANCH

The Student Services Branch focuses on providing statewide leadership in the implementation of a focused and responsive system of supports to strengthen the social, emotional and physical well-being of all students and their families and communities to impact student achievement. This includes research, development of statewide frameworks, guidance, procedures, and tools, and the provision of professional development, technical assistance, and support to complex areas.

This branch consists of two sections: Student Support Section and School Health Section.

Student Support Section

This Student Support Section (SSS) provides leadership and support to schools in implementing a Comprehensive Student Support System, focus on preventive and developmentally-appropriate supports and services, including interventions and strategies to address behavioral and academic student needs.

School Health Section

The School Health Section (SHS) provides coordination and technical oversight to support the physical well-being of all students to facilitate improved academic achievement. It coordinates school health services and partners with health-related public and private agencies.

EXCEPTIONAL SUPPORT BRANCH

The Exceptional Support Branch (ESB) supports schools and complex areas through the research and development of policies, procedures, guidelines, and tools to ensure that children/youth (ages 3-22) with disabilities have a free appropriate public education in the least restrictive environment.

The branch consists of two sections: Special Needs Section and Special Education Section.
Special Needs Section

The Special Needs Section (SNS) provides leadership, professional development, and technical assistance to schools and complexes in planning and implementing programs for low incidence populations for students with disabilities. This section also provides direct services to students through hearing impaired/visually impaired evaluations statewide and to students in the Pookela Special Day Program Center and program oversight for students with autism.

Special Education Section

The Special Education Section (SES) ensures that the rights of children/youth with disabilities and their parents are protected through the implementation of federal and state laws for students with disabilities. It provides technical assistance and training to schools and complex areas on the implementation of the Individuals with Disabilities Education Improvement Act (IDEA) and Section 504 Rehabilitation Act of 1973 (Section 504) and the corresponding administrative rules.

ALTERNATIVE LEARNING PROGRAMS BRANCH

The Alternative Learning Programs Branch (ALP) provides statewide support to schools, complexes/complex areas/districts to develop, maintain and enhance programs offering opportunities of alternative paths to success for at-promise students.

4. OFFICE OF FACILITIES AND OPERATIONS

The Office of Facilities and Operations (OFO) exercises technical staff oversight of business, construction and maintenance of facilities, food services, and transportation support for the public school system. The OFO develops and administers administrative rules and regulations, publishes operational guidelines and provides related in-service training, monitoring and technical assistance to schools to ensure that the support is being provided in accordance with laws, policies, and accepted principles of management. The OFO’s technical oversight of the schools’ support services is exercised in collaboration with the Complex Area Superintendent of the respective school districts.

The business branches of the OFO directly provide schools and state and district administrative offices with the following centralized support services: managing the statewide programs for school food services and school bus transportation services; developing, managing, and maintaining a statewide school construction program; managing the central facilities inspection and repair/maintenance programs; providing schools with consulting services in landscaping, custodial and campus security attendant programs; developing and monitoring the Neighbor Island Service Level Agreements with the Department of Accounting and General Services (DAGS); coordinating teacher and custodial personnel housing; providing training on safety, security, civil defense, hazardous materials disposition, and traffic safety; maintaining a central mail distribution system; providing a central reprographic activity; and providing energy conservation staff services.
Environmental Unit

Plans, coordinates, organizes, directs, and controls a variety of engineering and environmental services to ensure compliance with applicable environmental laws, rules, and regulations, including but not limited to the Clean Air Act, the Clean Water Act, the Endangered Species Act, the National Environmental Policy Act, the Noise Control Act, the Safe Drinking Water Act, the Resource Conservation and Recovery Act, the Toxic Substances Control Act, the Asbestos Hazardous Emergency Response Act, the Archaeological Resources Protection Act, and the National Historic Preservation Act.

- Provide technical support and make recommendations for resolving environmental issues for the Department.
- Implement and maintain a program for eliminating or minimizing the emission of air pollutants for the Department.
- Implement and maintain a program for disposing domestic and industrial wastewater for the Department.
- Implement and maintain a program for assuring the safety of drinking water for the Department.
- Implement and maintain a program for managing hazardous materials, and disposing solid and hazardous waste for the Department.
- Implement and maintain a program for protecting and enhancing indoor air quality and minimizing public exposure to indoor air pollutants for the Department.
- Implement and maintain a program for protecting endangered plant and animal species for the Department.
- Implement and maintain a program for protecting or preserving historic and archaeological sites for the Department.
- Implement and maintain a program for controlling noise emissions for the Department.
- Implement and maintain a program for preparing detailed statements assessing the environmental impacts of and alternatives to Department actions that significantly affect the environment.
- Implement and maintain a program for managing the presence of friable and non-friable asbestos containing materials at the Department’s schools and other facilities.

AUXILIARY SERVICES BRANCH

Provides staff services support to the Facilities Development and Facilities Maintenance branches, develops and monitors the Neighbor Island Service Level Agreements with the DAGS, monitors the school’s responsibility in meeting facilities related Energy Conservation Requirements; and provides management analyses services, including methods and procedures studies, personnel staffing requirement reviews, organizational analyses, statistical analyses, development of appropriate reorganization proposals, and management advisory services. Coordinates the distribution of the DOE mail using an array of carriers and mailing and addressing options.

Project Control Section

- Provides various staff services to the Assistant Superintendent and to the OFO as a whole including general management assistance; operating budget preparation and execution; program control; financial management; obtaining
project funding and providing current and final project costs; tracking of projects; and processing and preparing contracts.

- Performs Control Functions. Monitors the funds expended in providing planned services to assure funds are appropriately expended; identifies deviations from authorized and/or planned expenditures. Reviews payments to contractors for services provided in accordance with contracts. Develops financial reports at periodic intervals to report progress.

- Receives and evaluates operational data and develops program policies, procedures, standards and plans.

- Participates in the development of the capital improvements program (CIP) and repair and maintenance (R&M) budget request.

School Support Program

- For the Neighbor Islands, coordinates the development of major R&M projects, including the determination of statewide budgets and priorities and monitoring the projects among schools pursuant to the Service Level Agreement.

- Prepares the budget request for water, sewer, courier service, school service and maintenance contracts and gas for the schools, prepares monthly projections on the status of the funds and processes all bill payments centrally. Annually calculates the monthly sewer rates for Oahu schools and submits the proposal to the City & County of Honolulu for negotiation and approval.

- Coordinates the school furniture and equipment program with Facilities Maintenance Branch, schools, and districts. Compiles and maintains the specifications for the school furniture pricelist.

- Compiles data and prepares budgetary documents and monitors plans and budgets of the EDN 400 R&M program for conformity.

- Coordinates and develops data and assists in drafting legislative proposals and testimonies on matters affecting the Office of School Facilities and Support Services CIP and R&M programs.

Mailroom Unit

- Provides pick up and delivery mail service to all schools and DOE offices on Oahu and to the District Offices on the outer islands to include sorting and distributing incoming/outgoing mail using an array of mail options and equipment.

School Energy Conservation Program

- Administers the DOE energy use and conservation program through analysis of school utility consumption, recommending energy saving methods and energy conservation, preparing budget energy requests, providing consultation services, etc.

Hawaii 3Rs

- Coordinates the Hawaii 3Rs program for the Department of Education.

- Assists in the coordination of the Joint Venture Education Forum (JVEF) repair and maintenance projects with schools and the military.

- Coordinates the statewide playground equipment program.
Reprographic Section

- Provides planning, budgeting, designing, preparation, printing, and distribution services to all schools and State and District Offices in the DOE. Printed items include reports, announcements, memoranda, operational forms, curriculum guides, manuals, brochures, attendance forms, posters, and other educational materials.

Printing Unit

- Provides consultative services regarding printing production format, paper stock, methods of binding, production time and estimates total production costs of all printing jobs including black/white/color copying, specifications for commercial printing, funding, distribution, etc.

FACILITIES DEVELOPMENT BRANCH

Plans, coordinates, organizes, directs and controls a variety of engineering and architectural services including land acquisition, planning, designing, project management, construction inspection, design & construction quality control, contracting, construction management, and equipping facilities and improvements for the Department of Education.

- Plans and directs the expenditure of Capital Improvement and Repair and Maintenance Funds and other operating funds released to the Department for projects.

Standards and Quality Assurance Unit

- Follows up on warranty requirements. Coordinates with and assists the Attorney General in litigation involving Department projects.
- Develops/revises design and construction guidelines based on feedback from staff and in consultation with the various industry organizations. Disseminates information and arranges for staff training where necessary.
- Assists in the development, approval, and revision of the Educational Specifications.

Planning Section

Administers and directs the planning activities of the Department’s schools and other facilities. Provides land acquisition coordination and planning services; formulates and implements the Department’s CIP and R&M budget requests; reviews office space needs and conducts other studies as directed.

The branch is organized into the Building Inspection Planning Unit, Planning Unit I and Planning Unit II.

Building Inspection Planning Unit

- Provides technical support to identify, cost, plan and evaluate repair projects and make recommendation on the condition of department facilities.
- Provide staff assistance in project tracking activities to prioritize, schedule, budget and monitor construction and subsequent warranty period for major R&M projects.
Planning Unit I

- Reviews, proposes amendments and interprets administrative rule, Chapter 8-39, Use of School Buildings, Facilities and Grounds.
- Conducts studies for the development of new schools including data gathering for present and projected enrollments and geographic exemptions.
- Coordinates the preparation of complex development plans with schools and districts.
- Assists in determining the feasibility of school service boundary changes, school grade reorganizations; alternative means to accommodate overcrowded schools, and the need for new schools.
- Prepares school capacity deficit summaries by districts for the six-year planning period.
- Prepares draft budgets, executive budget requests, legislative submittals/testimonies, expenditure plans, coordinates with school complexes and districts, and finalizes the state budget draft for approval.
- Provides training, workshops, or briefings for school administrators and personnel, school organizations, public, legislators, and community members on planning and financing schools and offices, including the CIP budgeting and expenditure cycles, relationship of housing developments, or understanding of legislative appropriations.

Planning Unit II

- Prepares cost estimates and schedules for land, plans, design, construction and equipment for proposed projects. This includes analysis and ranking of alternatives by cost effectiveness, risk, and other factors for meeting program space needs and schedules.
- Prepares site selection studies and assists in making presentations to interested groups. Coordinates the actual acquisition of the site, including securing subdivision or consolidation approvals, state land use boundary change and/or county general plan and zoning changes. Prepares tenant relocation plans, coordinates the relocation of all tenants from the site, and disburses the appropriate compensation.
- Prepares complex development reports when a number of buildings are to be built on a site and project development reports (as required) for the individual buildings.
- Processes project initiations, makes environmental assessments, provides scope of work, prepares engineering estimates of the project cost and schedule, and as applicable, preparing an analysis of alternatives for providing the program spaces required. Prepares and files environmental notices for each project as necessary.
- Coordinates the development of future school sites and existing school properties.
- Processes requests for review of environmental impact statements and environmental assessments for change of State zoning and county zoning and county zoning classifications, subdivision requests, and other county and State requests related to housing developments.
Coordinates and organizes responses to developer requests related to future school sites, including fair share contributions, State Land Use Commission submittals, and county zoning applications.

Researches, analyzes, prepares responses or possible solutions to requests for easements, revocable permits, long-term leases, executive orders, return of surplus lands, exchange or purchase of land for schools, encroachments or other problems related to school sites or department office locations.

Project Management Section

Provides in-house and consultant design services for new facilities and repairs or alterations of existing facilities. Generally, the Project Management Unit I performs in-house design of engineering projects and project management services; Project Management Unit II provides project management services; and Project Management Unit III conducts in-house architectural design of projects and project management services.

Construction Management Section

Provides construction inspection; administers construction management services and contracts for construction of facilities and acquisition of furniture and equipment for such improvements; and provides services to scope work, formulate requirements, solicit bids and monitor construction activity for major R&M projects initiated by purchase order.

FACILITIES MAINTENANCE BRANCH

Plans, coordinates, organizes, directs and controls a variety of services, which include maintaining and repairing public school buildings and facilities; providing technical support to school HVAC systems and electrical systems; and providing the overall planning and managing of repair and maintenance support to school facilities.

Develops and administers policies, rules, regulations, and department budgets for the school custodial, school landscaping and grounds maintenance programs.

Purchasing Services Section:

- Provides for the centralized purchasing and storing of equipment and supplies for the branch.
- Provides for the storing, warehousing, and inventorying of materials, supplies and equipment.

Repair and Maintenance Engineering Section:

Provides engineering and technical support to maintain school facilities.

Develops technical specifications, estimates and administers maintenance service contracts for repair and maintenance functions, including but not limited to air conditioning, elevator maintenance contracts, refuse pickup, program bells, grease trap and fire extinguishers.

Repair and Maintenance Operations Section:

Supports planning and implements an on-going and comprehensive program of repair and preventative maintenance of assigned facilities.

Support, Honolulu, Leeward, Central, and Windward District Units
• Provides for the overall management of repair and maintenance of school buildings and facilities; coordinates these functions with school personnel; develops a program of preventative maintenance for school buildings and facilities; and administers a variety of repair and maintenance contracts for school buildings.

Carpentry and Building Maintenance Subunit--Carpentry Group/Building Maintenance Group/Roofing & Maintenance Services

• Provides carpentry, painting, and building maintenance services in the repair, maintenance, and emergency repairs of assigned school buildings.
• Develops a program for regular and preventative maintenance of school buildings and other facilities.
• Administers contracts for a variety of repair and maintenance functions.
• Constructs "finished" wood products such as doors, cabinets, and shelving.
• Performs minor roofing repairs, inspection, and maintenance work by clearing gutters and downspouts.
• Provides utility/auxiliary services: Moving, disposal, etc.

Electrical and Plumbing Subunit--Electrical Group/Plumbing Group

• Provides electrical and plumbing services in the repair, maintenance, and emergency repairs of assigned school buildings.
• Develops a program for regular and preventative maintenance for school buildings and other facilities.
• Administers contracts for a variety of repair and maintenance functions.

School Custodial Services Program

• Provides training, workshops, and consultative services on school maintenance, custodial scheduling, and custodial practices.
• Develops supply and equipment standards, evaluates new products and recommends purchases for custodial or ground maintenance products for schools.
• Provides emergency response support as needed.

Support District Unit

Provides for those repair and maintenance services that are not regularly utilized or which are so specialized that their operations would be more efficient if they were centralized and assigned out to the other districts as needed.

General Construction and Maintenance Group I:

• Provides general construction services to maintain school facilities in good condition.

Masonry Services

• Provides masonry support for school facilities.
Building Maintenance Services

- Provides transport support by delivering materials and supplies as well as transporting new and used school furniture and equipment.

General Construction and Maintenance Group II:

- Provides general construction and transport services to maintain school facilities in good condition.

General Labor Services

- Provides physical labor to support activities such as erecting fencing, delivery/pickup of school furniture, and installing sign posts.

Welding and Furniture Repair Services

- Provides support in metal repair work and fabrication to school facilities and structures, and maintains, repairs, and refurbishes a variety of furniture to meet school needs and to preserve the school furniture and equipment inventory.

Automotive Service and Repair Group:

- Provides for the control and disposition of all equipment and vehicles in the branch; provides for the repair and maintenance of these equipment and vehicles; and provides for equipment operators.

School Grounds Maintenance Unit:

- Provides and operates a centralized lawn mowing service for all islands.
- Provides landscaping plan assistance, drainage assessment and mitigation planning, school grounds maintenance technical assistance and training and school beautification consultations for all schools.

SCHOOL FOOD SERVICES BRANCH

The School Food Services Branch develops and administers statewide program plans, budgets, policies, standards and specifications for food services operations of the public school system.

Fiscal Management

- Prepares budgets, expenditure plans, and financial projects for the School Food Services Program.
- Provides technical assistance to the Assistant Superintendent in developing and administering fiscal policies and internal control procedures governing program expenditures, cafeteria cash collections and meal tickets, delivery/receipt/inventory of cafeteria supplies and equipment, and other fiscal transactions of the program.
- Reviews and analyzes financial data of departmental ledgers and prepares financial reports to management for decision-making and evaluation.
• Participates in the United States Department of Agriculture (USDA) disaster relief program for the DOE.
• Coordinates the administration of the USDA Verification of Free and Reduced Price Applications; On-Site Reviews and Coordinated Review Efforts.
• Meets with independent auditors to discuss findings and recommendations of School Food Services Program audits.

Technical Support

• Reviews, analyzes, and develops intermediate and long-range program plans for improvement of the School Food Services Program.
• Develops and administers the DOE School Food Services Program policies, rules, regulations, standards, and specifications governing the operations of public school cafeterias.
• Promotes participation in various child nutrition programs throughout the State by disseminating information and publications, and in-servicing Complex Area Superintendent’s staff, school staff and school food service managers.
• Researches, tests, and evaluates new products (food, supplies, equipment, and services) and prepares bid specifications, and promotes the introduction of new products in the statewide public school system.
• Coordinates the planning of new cafeteria kitchens, and the renovation and replacement of existing cafeteria equipment.
• Maintains liaison with other DOE state offices and State agencies on matters of mutual concern.
• Consolidates reports from schools for reimbursement claims, staffing, and purchasing information.
• Inspects food service operations of the DOE public schools for compliance with applicable federal, state, and county laws and administrative regulations and DOE program policies, standards, and specifications.
• Provides technical assistance and consultation to school principals, food service managers, and workers on improving their operations, including, but not limited to, efficient and effective utilization of facilities, equipment, supplies, and personnel; improved food preparation, handling and storage procedures and practices; reliable recordkeeping; accounting and reporting; dissemination of program information; and maintaining liaison with appropriate local field offices of other state agencies and the county governments.

Commodity Distribution

• Reviews the DOE menu requirements and requests commodity foods from the Office of Hawaii Child Nutrition Program (OHCNP).
• Consults with the OHCNP on food safety notification, and other USDA Commodity Distribution concerns.
• Allocates and distributes federal commodities to public schools in the most cost-efficient manner.
• Reviews use of commodities by recipient schools.
• Maintains records and prepares reports on commodity inventory and receipts.
• Administers the Department of Defense fresh fruits and vegetable commodity purchasing program for the DOE schools.
SCHOOL SAFETY AND EMERGENCY PREPAREDNESS BRANCH

Develops and administers policies, rules, regulations, and department budgets for the safety and security and school inspection programs to include analyzing patterns of work-related injuries in order to more effectively train and maintain a safe and healthful environment.

- Administers the safety and security program for the public school system; plans and administers a statewide program to improve school safety, security, as well as emergency preparedness.
- Under the direction of the Assistant Superintendent, administers the department’s involvement with the State Civil Defense Program. Communicates with State Civil Defense and County Civil Defense in times of emergencies or natural disasters. Coordinates the designation of school facilities as evacuation shelters with State Civil Defense.
- Coordinates the traffic safety program for the public school system; maintains liaison with the county police departments and other agencies regarding traffic safety, including the Junior Police Officers (JPO) program. Serves on the Oahu Traffic Safety Committee to resolve school-related safety concerns.
- Administers the Federal requirements for National Incident Management Systems and training compliance.
- Serves as the department’s liaison to the State’s Risk Management Program.
- Identifies and evaluates the department’s exposure to property and liability loss to minimize the total insurance, property, and casualty losses costs.
- Coordinates insurance activities and management of loss documentation through assisting the schools and offices with processes and appropriate forms for seeking reimbursement for losses through the State’s Risk Management Program.
- Provides training on insurance processes, forms, and yearly requirements.
- Administers and coordinates security program for selected schools and works with strengthening partnerships with police in all four counties.
- Administers and coordinates the surveillance camera program. Provides guidance in the use of surveillance cameras. Maintains school justification for surveillance camera checklists.
- Coordinates and represents the department in developing helicopter landing guidelines and approving appropriate sites.
- Chairs the department's Statewide Safety Committee meetings. Prepares the monthly agenda, disseminates meeting minutes. Administers and coordinates the implementation of school safety committees.
- Administers the department's hazardous materials management program, including training, recordkeeping, and mitigation or disposal; coordinates and administers Hawaii Occupational Safety and Health (HIOSH) hazard communication standards and program; and maintains liaison with the Department of Labor and Industrial Relations and other appropriate agencies regarding HIOSH regulations.
- Coordinates responses to Hawaii Occupational Safety and Health (HIOSH) issues and concerns.
- Coordinates responses to issues and concerns regarding radon, safe drinking water, lead in paint, indoor air quality and electrical and magnetic fields issues and concerns.
- Coordinates the School Safety manager program with the contractor and school administrators; attends to operational matters of the program.
• Administers the school emergency preparedness program. Provides training and technical assistance to schools in the development of school emergency responses, including lock downs, shelter in place, and emergency evacuations. Provides bomb threat response training and technical assistance to schools; compiles and analyzes bomb threat information.

• Administers and implements the Department’s picture identification badge program; provides ID production services for all school level administrators, schools on military bases, and all district and state employees; maintains employee ID database of all IDs issued.

• Manages and coordinates the school fire inspection program. Acts as liaison to State Fire Council and County Fire Departments. Represents the Department in all fire inspection related matters including fire code violations and fire safety concerns.

• Coordinates the School Inspection Program with schools; works with the Facilities Development Branch, Facilities Maintenance Branch, and the Neighbor Island Department of Accounting and General Services to address concerns raised by the school inspections.

STUDENT TRANSPORTATION SERVICES BRANCH

The Student Transportation Services Branch is responsible for the statewide program planning, budgeting, implementing, enforcing and evaluating of student transportation services for eligible public school students in accordance with Section 302-406, Hawaii Revised Statutes. The program provides safe, timely, and efficient student transportation services to eligible students to attend and participate in schools, designated programs, and other services statewide.

The branch organization is divided into three parts: Director, Field Operations Section, and Administrative Section. The functions of each section are summarized below.

Director

• Develops and administers contracts that procure school transportation services from privately-operated school bus contractors for public school students, as required.

• Develops, prepares, and issues policies, guidelines and procedures related to student transportation requirements pursuant to Hawaii Revised Statutes, Administrative Rule, Board Policy, and Standard Operating Procedures.

• Identifies training needs of its constituency – including students, schools, bus drivers, bus aides, contractors, and others - then develops appropriate training modules to ensure student safety and efficient service levels.

• Represents the Department at school bus contractors’ and other meetings as necessary.

• Provides information on federal, state, and contract requirements to schools, parents, media, and other interested parties.

• Prepares and provides written and oral testimonies/reports to the Superintendent and/or other state officials, the Board of Education and its committees, to the legislative bills and resolutions.

Field Transportation Section

• Oversees the delivery of school transportation services to students, schools and communities.
• Oversees the implementation of the Contract Performance Management Program that provides input, guidance and support to contractors on ways to maintain consistent compliance with contract specifications and conditions in a non-punitive manner.
• Serves as the Department’s primary point of contact/liaison for student transportation concerns.
• Conducts routine audits of driver qualification files, aide qualification files, and active school bus vehicles to ensure compliance.
• Investigates, resolves, and records service and safety complaints.
• Reviews, approves, audits, procures, and distributes monthly Oahu Transit Services bus passes for eligible Oahu island students who do not have access to contracted bus services.
• Enforces Department of Education (DOE) bus pass procedures.
• Assists in the determination of student eligibility for services being requested.
• Assists with managing student behavior on the bus.
• Ensures that bus drivers and bus aides are properly trained.
• Coordinates special education student transportation requests received from school administrators and district officials.
• Collects, evaluates, and maintains statistics related to contracted student transportation services for evaluation purposes.

Administrative Section

• Reviews, processes, and maintains applicable DOE employment forms for school bus contractors’ personnel.
• Develops, prints, distributes, and maintains student transportation forms to meet federal, state, municipal, and Departmental transportation requirements.
• Prepares budget requests and other related budget documents and properly performs all budget functions.
• Provides oversight relating to the collection of student bus fares and seeks accountability for the collections.
• Ensures the proper and prompt payment of program claims.
• Audits deposits into special funds and disburses available funds as required to meet contractual obligations.
• Uses modern technology to plan bus routes.
• Uses modern technology to track the activity of vehicles.
• Creates, maintains, and supports a wide range of transportation data repositories.
• Manages all Human Resources duties for the Branch such as, recruitment, orientation of new employees, civil rights complaint, disability and workman’s compensation issues, as necessary.

5. OFFICE OF FISCAL SERVICES

The Office of Fiscal Services manages the Department of Education’s (DOE) accounting, budget, and procurement activities and systems to serve the needs of the schools, school complexes, complex areas, and the state central office. The office is responsible for the following:
• Developing and implementing long-term and short-term financial activities.

• Leading the department’s accounting, budgeting, and procurement operations.

• Providing timely, accurate, and user-friendly information and reports in each of the respective areas, i.e., clear guidelines/procedures for completion of documents, and that the guidelines/procedures are aligned with the department’s goals and objectives.

ACCOUNTING SERVICES BRANCH

The Accounting Services Branch provides accounting, payroll, vendor payment, fixed assets, inventory, and fiscal operations school-, complex area-, and state-level support in the public school system; and coordinates copy machine services in the DOE offices located in the Queen Lili‘uokalani Building.

Accounting Section

The Accounting Section administers and accounts for all funds, expenditures and financial commitments incurred by the department through a centralized accounting system in conformance with the state comptroller’s rules and regulations. The section assists schools and offices in developing and implementing corrective actions in response to audit compliance issues. The section develops training modules and assures that all appropriate personnel are trained in accounting, cash management, payroll, vendor payments, fixed assets, and inventory transactions.

Reporting, Analysis, and Reconciliation Unit

• Provides regular monthly, quarterly, and annual financial reports and detailed transaction reports of the department’s financial operations, specialized reports to the courts, legislature, federal government, and other reports as required.

• Provides financial support for the transfer of funds between No Child Left Behind grants.

• Prepares monthly BOE financial and ad hoc reports.

• Prepares annual financial reports for grants received from federal, state agencies, and other non-profit organizations.
  – Prepares the National Public Education Financial Survey to the National Center of Education Statistics (NCES) cross-walking department expenditures to conform to the Common Core of Data which is used to determine state funding allocations for Title I, ESEA Programs (Migrant, Handicapped, Neglected and Delinquent Children), Impact Aid, Indian Education, and Individuals with Disability Act (IDEA) grants.
  – Prepares the Annual Survey of Local Government Finance report that is aggregated by the U.S. Census Bureau to compare revenue and expenditure resources by local education agencies.
  – Prepares the quarterly and annual Principal’s Financial Report from each school to report the quarterly activity to the state comptroller for the non-appropriated local school funds.
  – Prepares the department’s indirect cost rate proposal to the federal government to negotiate a rate agreement for use on the department’s federal grants to reimburse the state for central services costs.
• Provides technical and consultative assistance to state, complex area, and school level personnel relative to accounting procedures, regulations, and the financial management of their accounts.

• Prepares the trial balance, income statement, statement of cash flows, and all audit schedules, including leases and liability accruals, for the department as requested by the external auditors for the department’s annual financial and single audit.

• Provides technical support to external auditors for the department’s annual financial and single audit.

• Updates the department’s Uniform Accounting Codes, which is published in the Financial Management System (FMS) User Policy and Process Flow Guide, Chapter 2, Accounting Codes.

• Updates and maintains the FMS accounting code tables and develops and maintains interface programs to perform accounting functions effectively and efficiently.

• Develops and establishes accounting processes for new FMS requirements.

• Processes form FMS-AC4, Request for Change of Accounting Codes and/or Amounts, from all schools and offices requesting corrections for revenues or expenditures in their bond, general, federal, special, and trust fund accounts.

• Reviews and makes corrections to Department of Accounting and General Services (DAGS) semi-monthly payroll cost interface received from DAGS into the department’s FMS.

• Maintains and updates the TSEAS Prog IDs for processing and accounting for TSEAS cost.

- Develops substitute teacher guidelines and procedures to ensure that personnel transactions are processed in accordance with applicable personnel rules and regulations, and departmental regulations and procedures.
- Provides technical guidance, support, and assistance to departmental administrators, supervisors, managers, and staff regarding substitute teacher personnel transaction matters.
- Maintains substitute teacher information in the substitute teacher's computerized systems and maintains substitute teacher's official personnel folder (OPF).
PERSONNEL ASSISTANCE BRANCH

The Personnel Assistance Branch is comprised of the following sections/functional areas, with its respective functions: WC, and Employee Benefits Section, which administers workers’ compensation benefits, health benefit plans, other employee benefits (e.g. tax-sheltered annuities, liaisons to provide benefit information, etc.) and temporary disability insurance program administration; and the Offices of the Personnel Regional Officers, which provides direct personnel services to the assigned areas/offices.

WC, Employee Benefits Section

Workers’ Compensation (WC) Unit

- Plans and administers the WC Program for all employees, and students and adult volunteers that are providing services to the DOE.
- Determines eligibility for WC benefits.
- Processes WC claims and pays for WC benefits as required by WC law.
- Monitors WC activities for effectiveness and efficiency.
- Represents the DOE at Department of Labor and Industrial Relations (DLIR) – Disability Compensation Division hearings.
- Provides staff support to the staff of the Department of the Attorney General on matters relating to appeals at the DLIR – Labor Appeals Board and third-party liability claims.
- Assists with returning claimants back to work as soon as possible and refers claimants to the Return-to-Work Priority Program.
- Ensures compliance with applicable WC laws, related administrative rules, and DOE policies and procedures.
- Plans and administers certain bloodborne pathogens activities for the DOE as follows:
  - Provides and coordinates Hepatitis B vaccinations for all qualified DOE employees.
  - Provides access to bloodborne pathogens training information involving universal precautions.
  - Processes and pays for medical costs related to post-exposure evaluation and follow-up for DOE employees who are exposed to bloodborne pathogens while performing work-related tasks.

Employee Benefits Unit

- Assists with the administering of health benefits plans offered by the Hawaii Employer-Union Health Benefits Trust Fund (EUTF).
- Administers the Tax Shelter Annuity 403(b) Program for eligible employees in the DOE.
- Liaison between the DOE and other State agencies (ERS, EUTF, DHRD, etc.) to provide information and updates to all employees related to the State’s Deferred Compensation Program (DC 001), PTS Deferred Compensation Retirement Plan (DC 015), Island Flex Flexible Spending Accounts Program, Premium Conversion Plan, EUTF plans and the ERS program.
- Works with the Payroll Section to provide information and updates on the DOE’s Post-Separation Vacation Pay Deferral Program.
- Processes temporary disability insurance claims for all employees of the DOE.
The Offices of the Personnel Regional Officers provide employment and personnel administration services to schools, complexes, districts and state offices, within the framework of established laws, policies and accepted principles of personnel management. The scope of the services provided by the Offices of the Personnel Regional Officers includes:

- Recruitment, selection, and employment processing
- Certification of teachers and educational officers
- Leave administration
- Personnel resource accounting and position allocation
- Interpretation and implementation of personnel policies and procedures
- Training of school administrators
- Employee awards and recognition
- Criminal history checks
- Employee grievances
- Conduct investigations and provide advisement
- Teacher induction and mentoring programs
- Onsite personnel liaison to the complex area and assistant superintendent(s)
- Contract implementation and interpretation
- Employee benefits
- Classification and compensation
- Fair labor practices
- Employee evaluation system
- Substitute employees and casual hires

The Offices of the Personnel Regional Officers foster and maintain positive working relationships between the DOE, unions, and other agencies.

PERSONNEL DEVELOPMENT BRANCH

The Personnel Development Branch coordinates training and development opportunities for classified employees; administers the employee evaluation program; teacher and school administrator effectiveness systems; employee awards; compliance and monitoring of federal and state requirements for Every Student Succeeds Act for Supporting Effective Instruction (ESSA); maintenance and updates of the departmental organizational charts and functional statements; review of proposed reorganizations; legislation coordination, budget/fiscal oversight, and procurement contracts for OTM; manages incentive program for special education teacher certification; development and maintenance of various human resources systems to support personnel decision making; tracking of OTM performance measures; and administers Title IIA, Hawaii qualified teacher program.

Training and Development Section

The Section collaborates with program managers and supervisors to identify needs of employees in order to provide training and development opportunities.

The Section also administers the Para-Educator Training Program consisting of coursework and classroom observations focusing on instructional practices in support of classroom teachers. In addition, the Section reviews requests from preparation programs for the placement and supervision of practicing professionals in DOE schools.

- Establishes and manages policies, processes and procedures for employees to participate in professional development opportunities.
- Collaborates with program managers, supervisors and other stakeholders regarding employee professional development opportunities based on
evaluation data, professional standards and other job performance indicators.

- Develops and maintains new employee orientation program
- Provides access to professional development resources that meet the needs of classified employees.
- Tracks professional development participation.
- Collaborates with Performance Management to identify areas for improved data analysis for targeted professional development.
- Coordinates Preparation Program Field Placement.
  - Manages policies, processes and procedures for programs requesting candidate placement.
  - Collaborates with other DOE offices and Hawaii Teacher Standards Board (HTSB) in review of program requests.
  - Communicates with programs to clarify placement requirements, policies, and/or notice of non-authorization to place candidates in DOE schools.
  - Notifies programs of eligibility status of formal agreement with the DOE including agreement renewal.
  - Communicates with schools as needed regarding candidate placement.
  - Collaborates with DOE offices and programs in the revision of formal agreements, policies, or the approval process as required.
  - Collaborates with Teacher Recruitment regarding placement information including candidate suitability as required.
- Administers Para Educator Training Program.
  Para Educator Training Program – this program provides comprehensive, systematic, competency-based training to educational assistants (EA) and other support service personnel to increase their knowledge and skills to improve their performance in the classroom. The training includes in-service workshops to schools, professional development courses, and career ladder opportunities.
  - Designs, develops and implements training programs for paraprofessionals.
  - Develops and writes Instructional Modules for EA orientation, immediate and advanced courses.
  - Develops, writes and implements in-service and workshop modules for complex waiver days and other school requests which address specific issues faced by paraprofessionals.
  - Designs and develops formative and summative evaluation plans for paraprofessional training.
  - Observes and assesses classroom performance.
- Prepares bi-monthly newsletter for distribution to all paraprofessionals.
- Creates, copies and distributes flyers, posters, memos regarding professional development opportunities.
Management Support Services Section

- Reviews, analyzes, and recommends reorganization proposals based on sound organization principles and in compliance with the governor’s administrative directive.

- Publishes and maintains the DOE’s official Plan of Organization; coordinates the annual update.

- Serves as liaison between the DOE and agencies to ensure correct and proper communication in the implementation of compliance activities.

- Assists the branch with coordination of legislative bills.

- Provides budget and fiscal oversight for OTM.

- Monitors OTM performance measures.

- Assists the branch with compliance to procurement requirements.

- Provides data collection, analyses, and reporting.

- Administers Special Education Teacher Incentive Program
  - Collaborates with preparation program and participant on stipend eligibility criteria, roles and responsibilities, fund distribution, timelines, and DOE formal agreements.
  - Establishes communication process with preparation program for updated participant eligibility lists, dissemination and collection of participant signed agreement, participants’ program completion status, and data required by DOE and preparation program for reporting requirements.
  - Participates with preparation program in orientation meetings to present incentive opportunities and obligations to potential participants as appropriate.
  - Accesses HRMS database to track and document participants’ employment obligation status.
  - Notifies participants and preparation program of non-compliance with program and/or DOE employment obligation and implements process for the collection of funds owed the DOE.
  - Communicates with the Attorney General’s Office (AG) as required for outstanding cases.
  - Maintains annual record and account status of funds used for incentive including enrollment data, obligated completers, withdraws, etc.

Educator Quality Section

- Builds a system of capacity within each Complex Area to support non-Hawaii qualified teachers.

- Provides training for Principals on Hawaii qualified teacher requirements.

- Prepares and conducts statewide Teacher Outreach.

- Supports, educates, and advises non-Hawaii qualified teachers to become qualified.

- Reviews all new teacher records to determine Hawaii qualified status for Title IIA of the ESSA.

- Monitors the status of all non-Hawaii qualified teachers.

- Administers Title IIA funds.
Performance Management Section

-Develops and implements a worker performance system that links evaluations, timely and appropriate prescriptive professional development, and incentives to support quality workers.
-Develops and maintains the profiles or standards for teachers and administrators.
-Manages DOE awards and recognition programs.

Educator Effectiveness System Section

-Develops and maintains educator effectiveness system of performance evaluation for teachers and school administrators.
-Supports implementation of educator effectiveness system by providing technical assistance and coordinating state-led training.
-Coordinates efforts across state offices to ensure quality implementation of evaluation and support systems.

7. OFFICE OF INFORMATION TECHNOLOGY SERVICES

The Office of Information Technology Services (OITS) administers and manages information and telecommunication systems, facilities, and services of the public school system in order to support the department’s mission of improving student achievement. OITS ensures that information technology and telecommunications support are provided efficiently and effectively, and in accordance with state laws, policies, and management principles.

The scope of OITS includes voice, data, video, information technology infrastructure, and support services for schools, complex areas, and state administrative offices. OITS provides the public school system with leadership and support in the management and use of information, telecommunications, instructional technologies and related resources; develops strategic plans, policies, procedures, and standards for information and telecommunication services; plans, implements, and maintains the information and telecommunication systems infrastructure, local and wide area networking, and statewide connectivity to provide training and technical support in use of voice, video, data, and information systems; and provides direct consultative services to schools through the assignment of staff to school sites.

Under the direction of the Assistant Superintendent, OITS, these functions are organized into six (6) branches:

- School Technology Support Branch (STSB)
- Enterprise Systems Branch (ESB)
- Enterprise Infrastructure Services Branch (EISB)
- Information Technology Project Management Branch (ITPMB)
- Enterprise Architecture Branch (EAB)
- School Process and Analysis Branch (SPAB)

SCHOOL TECHNOLOGY SUPPORT BRANCH (STSB)

The School Technology Support Branch (STSB) is dedicated to improving the quality and responsiveness of information technology services and support to the schools, complex areas, and state administrative offices. The STSB is responsible for establishing and managing service level agreements with internal Department of Education (DOE) customers.
The STSB is organized into two sections:

**Complex Area IT Managers Section (CAITMS):** Dedicated to serve a specific complex area, this section is responsible for providing localized technical support and collecting user feedback to better serve the users of DOE applications at the school and complex area levels.

- Provides consultative design services to schools and offices to meet their customized functional needs.
- Provides Tier 3 onsite user support in access and use of the telecommunication network, networked computer resources and applications.
- Supports the schools in effective use and application of standard statewide computer applications.
- Researches, reviews, analyzes, and assesses emerging telecommunications technologies and services for possible applications and practices to improve instructional and administrative functions and improve student performances. Informs and advises schools of possible use of these technologies to achieve their instructional and administrative objectives.
- Evaluates telecommunications hardware, software, and services for possible school applications.
- Evaluates effectiveness of the technology and telecommunication network implementation and use in the functional areas, and makes recommendations for improvements.
- Develops and proposes budget requirements for future network projects according to school-identified priorities and technology plans. Assists schools in the selection and purchase of equipment and software necessary to implement and maintain their technology projects.
- Perform other duties as assigned.

**IT Information and Support Section (ITISS):** Responsible for planning, coordinating, administering, and implementing a department-wide support, information, and service desk program on information technology systems and services to continually develop the knowledge and skills of administrators, professional and technical staff, and clerical personnel to efficiently and effectively use department-wide information technology systems. This section is comprised of (3) units:

**IT Information and Support Unit I (ITISU I):**

- Responsible for administration and support of the ITSM tool and phone system for the IT Help Desk, management and maintenance of Information Technology Centers.
- Provides system administration and support for the Information Technology Service Management (ITSM) tool used to track IT help desk requests submitted by Department administrators, faculty, and staff. Work with vendor to plan upgrades, organize testing of releases, troubleshoot tech issues, slow response times, browser compatibility etc.
• Provides system administration and support for the Call Manager (phone) system and integration with the ITSM tool.

• Manages desktop systems and technology for ITISS staff and in Information Technology Centers (ITCs) located on Oahu, Kauai, Maui and the Big Island.

• Provides/arranges training sessions for ITISU III support staff on technology topics in order to support Department customers.

• Assists with IT process improvements and supports operations of ITSM tool.

• Perform other duties as assigned.

**IT Information and Support Unit II: (ITISU II):**

• Responsible for establishing and improving IT support processes.

• Define and document IT support process flows in collaboration with IT and related support staff.

• In collaboration with appropriate personnel (IT staff, SMEs, business analysts, etc.), create new and/or improved processes based on best practices and user feedback to improve efficiency among support staff and meet customer service requirements of Department end users.

• Work with IT and related support staff to implement updated processes and ensure continuous process improvements.

• Work with ITSM system administrator and Help Desk support staff to ensure processes are reflected in implementation and operation of ITSM tool.

• Provides/arranges training sessions for ITISU III support staff on technology topics in order to support Department customers.

• DPSA: Perform backup ITSM and phone system administration support.

• Perform other duties as assigned.

**IT Information and Support Unit III: (ITISU III):**

• Responsible for first line of support to troubleshoot IT access and technical issues, communicate information related to IT services, and provide online resources on effective use of supported IT services.

• Provide an intake and escalation point for IT-related issues and tracking of these issues using IT Service Management (ITSM) tool.

• Refer users to appropriate areas of support.

• Assist users with password resets and login issues.
- Provide support and user assistance on DOE supported email system.
- Convey information on the status of the DOE’s network and enterprise systems (i.e., what is up/down).
- Convey information on IT updates and alerts such as end-of-life for browsers, OS, etc.
- Convey information related to security awareness (e.g., guidance on protecting passwords, phishing alerts, etc.).
- Develop an online “one stop shop” for the above information, as well as “getting started” and “guide to services” information.
- In consultation with schools and offices, assesses education needs, and develops online documentation and resources to develop knowledge and skills in the use of supported IT systems and technologies for administrative and educational operations.
- Provides/arranges training sessions for ITISU III support staff on technology topics in order to support Department customers.
- DPSA: Perform backup ITSM and phone system administration support.
- Assists with IT process improvements and supports operations of ITSM tool.
- Perform other duties as assigned.

Customer Service Desk Unit (CSDU): Responsible for the first line of support to enable access and troubleshoot functional and technical issues related to the department’s applications, telecommunications, and technical infrastructure.

- Provides a centralized “one stop” service desk for users to call for fault, configuration, accounting, performance, security, use, or issues with any OITS supported system.Manages the Lotus Notes electronic mail statewide system, including user-level and organizational-level security certificates, mail accounts, and web access.
- Assist in testing user functionality for enrollment/curriculum systems (eSIS, eCSSS; Future applications will may include IIS).
- Perform other duties as assigned.

ENTERPRISE SYSTEMS BRANCH (ESB)

The Enterprise Systems Branch (ESB) consolidates into one branch the responsibility for designing, developing, implementing, and supporting the core student information, operational applications, and enterprise resource planning (ERP) of the public school system. The scope of ESB includes the design, development, and implementation of requested enhancements to existing DOE applications, as well as investigating and resolving application...
issues or deficiencies. The ESB is organized into four (4) sections with an Enterprise Resource Planning System Office coordinating the ERP functions:

Web Applications Development Section (WADS): Responsible for the department’s SharePoint, Lotus Notes database applications and other various custom built web based application development and support.

- Plans, designs, develops and implements system-wide functional enhancements to the department’s Web and SharePoint applications based on business requirements.
- Provides design and overall direction to the technical staff on the programming of enhancements or new uses for Web and SharePoint software.
- Provides Lotus Notes applications development and support for existing State and School Level applications.
- Coordinates efforts to ensure the department’s web sites comply with the Americans with Disabilities Act directives and Children Internet Protection Act.
- Participates in planning, designing, and implementing of the department’s Internet and Intranet Web and SharePoint application plans.
- Applies web-services technologies to create web-based computer applications and associated data bases for financial and other administrative needs.
- Provides maintenance and level III user support of Web and SharePoint applications.
- Performs other duties as assigned.

Instructional Improvement Systems Section (IISS): Responsible for the department’s core student applications for learning management, case management, and student information management. Core student applications in scope include, but are not limited to, DSI, eCSSS, eSIS and the future Instructional Improvement System which consolidates the functions of these systems.

- Assists the development, maintenance and adherence to policies and procedures, standards, and guidelines to ensure quality processing, communication, and dissemination of student information and data.
- Provides technical consultation in planning and developing new or enhanced student information systems in order to ensure long-term compatibility and usability of information and data.
- Provides support for the development, maintenance, and support for core student applications.
- Assists in the planning, requirements gathering, design, implementation, testing and operations of new core student applications or enhancements of existing ones.
• Provide input on technical and strategic decision making for the department when requested.
• Performs other duties as assigned.

Facilities IT Services Section (FITSS): Responsible for the providing IT support services to the Office of Facilities and Operations (OFO) for operations and upgrades to various Facility IT systems.

• System Analysis, Planning, Project Management.
• Systems Procurement services.
• Enterprise Software licensing support.
• Electronic Leave System (ELS) – Software provisioning, user support, administration, maintenance.
• Performs other duties as assigned.

Data Management Section (DMS): Responsible for department’s data warehouses and reporting applications, including the K-12 Longitudinal Data System (LDS). This section provides requirements definition, system design, development, maintenance, operation, and support of decision support applications and associated integrated databases. These applications transform and integrate data from the department’s operational data systems into an integrated data structure optimized for on-line analysis. They also provide associated user tools to summarize or drill-down, aggregate or disaggregate, and produce results in either tabular or graphic forms, referred to as “business intelligence.”

• Develops and maintains the department’s data management strategy.
• Assists with system and database management, system analysis, analysis of hardware and software alternatives, and programming support for the development and installation of new application systems for information processing.
• Assists with enhancement and maintenance support for existing statewide application systems to meet user requirements and implement new or revised system software and hardware.
• Assists with planning and designing the databases for statewide school application systems.
• Provides assistance in the preparation of technical specifications for bids and contracts relating to DOE database architecture and standards, and participates in the selection process.
• Designs and implements data integration between internal and external DOE applications using Extract, Transform and Load (ETL) as well as Enterprise Application Integration (EAI) such as SQL Server Integration Services (SSIS) and Microsoft BizTalk.
- Performs other duties as assigned.

The Enterprise Resource Planning Systems Office (ERPSO) is responsible for DOE support of the statewide Financial Management System (FMS), time and attendance, budgeting and human resources applications. This office will also provide DOE support for the Statewide Implementation of an Enterprise Resource Planning System.

FMS Section (FMSS): Responsible for the design, development, enhancement, maintenance, and support of FMS.

- Provides systems development, enhancement, and maintenance support for the client-level software which runs on the FMS workstation at each school and office, and provides the user interface to the department's financial management systems.
- Plans and designs the databases for application systems.
- Provides systems development, enhancement, and maintenance support for the department's primary financial systems which includes purchase order processing, payment processing, fixed assets, general ledger, cash receipts, and other accounting functions residing on a mainframe computer.
- Provides enhancement and support of the local school fund accounting system which is used by all schools to keep records of non-appropriated funds.
- Develops technical user manuals required to utilize, operate, enhance, and maintain these computer-based application systems. Also provides technical assistance in user training on new application systems.
- Plans and designs the databases for application systems.
- Manages the financial system DB2 database structure and program libraries, and performs database administration (DBA) functions that include daily monitoring of all database relations to detect and correct conditions that may otherwise lead to database corruption or decrease performance.
- Performs technical evaluation and testing of new hardware and software tools to facilitate the enhancement of the department-wide financial management systems.
- Performs other duties as assigned.

Time and Attendance Systems Staff (TASS): Responsible for the Time and Attendance (Tm&Att) System planning, design, implementation and Tier 3 support to all schools and offices statewide. In addition, TASS in collaboration with the School Technology Support Branch provides Tier 3 support and assistance in troubleshooting as well as assist in the development of training materials.

- Provides application maintenance of the production and testing environment within the Time and Attendance (Tm&Att) System.
- Performs software testing on the Tm&Att System.
- Assists the Office of Fiscal Services to define functional, nonfunctional and technical requirements regarding Leave Accounting and Time and Attendance and translate them into technical and functional specifications.
- Resolves Tier 3 Tm&Att system problems/errors.
- Assists the ISTU in the development of Time and Attendance system user manuals for distribution to all schools and offices.
- Develops programming documentation to operate, enhance, and maintain these systems.
- Performs other duties as assigned.

Budget Systems Section (BSS): Responsible for the design, development, enhancement, maintenance, and support of the budget system.

- Provides systems development, enhancement, and maintenance support for the department’s Budget Preparation and Budget Execution systems: Budget System, Allocation Notices, Carryover, Mass-Load of Adjustments and Interfaces, Financial Plans, WSF and ICAA Buy/Sell, eHR reference tables, modifications to the Financial Data Warehouse, Budget Preparation System, Salary Projection, Biennium & Supplemental Adjustments, Biennium Request & Review Forms, Biennium Book, and Budget Prep Reports.
- Provides system and database management, system analysis, hardware and software alternatives analysis, and programming support for the development and enhancement of new budget system requirements: Casual Payroll System, OTM Reports, and Facility Inventory System,
- Provides enhancement and maintenance support for statewide budget application systems to meet the budget director’s and budget analysts’ requirements, and also requirements from the legislature and the Budget and Accounting Office’s requirements: Monthly Financial Reports that integrate data from Budget System and FMS, HUEY Data Warehouse, Financial Data Warehouse (Versilfit), Financial Reporting System’s SharePoint site, Financial ODS and reports.
- Develops documentation required to use, operate, and maintain these computer-based application systems and provides technical assistance in user training.
- Plans and designs the database for application systems. Performs database administration (DBA) functions that include regular monitoring of database activity to detect and correct conditions that may lead to database corruption or decreased performance.
- Provides technical support in resolving software problems.
- Assist in the technical evaluation and testing of new hardware and software tools to facilitate the development and enhancement of the department’s Budget systems
Performs other duties as assigned.

Human Resources Application Section (HRAS): Responsible for the design, development, enhancement, maintenance and support of the DOE’s human resources and payroll pre-processing computer system applications.

- Provides systems development, enhancement, maintenance and support for the position management, employee recruitment/job referral, employee background check/review, employee job assignment, employee salary classification/qualification, employee personnel action, employee payroll payment transaction, tax shelter annuity payroll deduction transaction, statutory due payroll deduction transaction, teacher leave transaction, employee professional development and employee worker’s compensation functions on e-HR servers, PDE3 servers, VAX Alpha, TSEAS VIP server, Worker's Compensation Renaissance server and ICSD's IBM mainframe.

- Manages the VAX Oracle RDB Personnel/Payroll and Time & Attendance database structures and program libraries, and performs database administration (DBA) functions that include daily monitoring of database activity to detect and correct conditions that may lead to database corruption or decrease performance.

- Provides systems development, enhancement, maintenance and support for the DAGS Salaried Payroll Change Schedule Employee Transactions, DAGS Non-Salaried Employee Payroll Time Card Transactions, DAGS Payroll Register Employee Transactions, DAGS Employee W-2 Transactions, DAGS Payroll Employee W-2 Address Transactions, DAGS Payroll Employee Tax Exemptions/Marital Status File, DHRD Workforce Employee Files, ERS Employee Personnel Action Transactions, ERS Participants File, B&F Labor Negotiation Employees File, DAGS Employee EEOC Occupations File, DAGS Overtime Employee Transactions File, ING Deferred Compensation Employees File, NBS DAGS Payroll Tax Shelter Annuity Employee Deduction Transactions, DAGS Payroll NBS Employee Tax Shelter Annuity Payroll Deductions Dispersement File, MBC Teachers/Course Subjects Being Taught File, UPW Employees File and HGEA Employees & Positions Files external DOE file transfer interfaces as well as internal DOE file transfer interfaces with the FMS, Budget and Time & Attendance Computer Systems.

- Provides technical support in resolving software problems

- Assists in the technical evaluation and testing of new hardware and software tools to facilitate the development and enhancement of personnel and payroll pre-processing computer application systems.

- Performs other duties as assigned.

ENTERPRISE INFRASTRUCTURE SERVICES BRANCH (EISB)

The Enterprise Infrastructure Services Branch (EISB) is responsible for the planning, design, construction, and support of the department’s statewide telecommunications network architecture and infrastructure. The EISB manages and administers access to the department’s applications and provides the infrastructure to support employee workstations across the
public school system. The EISB is organized into two (2) sections with two (2) support offices:

Enterprise Network Design Section (ENDS):

- Plans, coordinates, and schedules with the Information and Communication Systems Division (ICSD) of the state Department of Accounting and General Services for the access and use of their computer resources and services.
- Provides engineering, planning, installing and operating of the WAN that connects the school networks to the global network through WAN technologies.
- Determines requirements for WAN to support information technology infrastructure including data, image, and video communication systems in coordination with other state agencies, other offices in the department, and the schools.
- Plans and manages performance of Internet backbone access network through the commercial network service provider and manages network access to Internet II through the University of Hawaii.
- Plans and coordinates with other state agencies to implement and expand/upgrade the statewide backbone network, such as the state’s institutional network (I-Net) to support data, video, and voice communication requirements for the department. Manages and operates the department’s part of the I-Net to provide high capacity network connections.
- Evaluates WAN telecommunications hardware, software, and services. Develops specifications for competitive bidding and participates in evaluation of bids and selection of appropriate vendors and network transport service providers.
- Researches, analyzes, and assesses the applicability of the advances in WAN telecommunication technologies and services to stay abreast of major trends and potential applications for improving the department’s WAN.
- Performs other duties as assigned.

Construction Design Section (CDS):

- This section plans, designs, installs, maintains, and repairs the physical telecommunication network for voice, video, and data in schools and district/state offices.
- Supports schools in planning, designing, upgrading, and installing voice, video, and data networks in accordance with the school technology plans and/or to address specific requirements (e.g., safety/security, special student needs, etc.).
- Plans, schedules, designs, and installs the school physical network infrastructure in accordance with school technology plans,
industry/building standards, and department standards and requirements.

- Supports schools in participating in programs and applying for funds for school telecommunication network installation, operation, network enhancements, and upgrades. Processes program applications on behalf of schools (e.g., E-Rate Program).
- Participates in project planning (initial planning, review/revision), progress monitoring, and final inspections of telecommunication-related Capital Improvement Projects (CIP) for the schools.
- Perform other duties as assigned.

Enterprise Network Support Office (ENSO): This office is responsible for the planning, designing, installing, maintaining, and repairing the enterprise network that includes voice, data, video and physical plant infrastructure for schools, complexes, and state offices. ENSO is comprised of two (2) sections:

   Enterprise Network Support Section (ENSS): Responsible for planning, designing, installing, and maintaining the network technologies that provide connectivity for the public school system.

- Plans and implements disaster recovery plans in cooperation with the other state agencies and department's offices.
- Plans, installs, and manages the network and computer access and security servers such as firewall server, intrusion detection server, Internet filtering server, anti-virus server, Internet cache server, load balancing server, etc. Monitors the network access for security, and coordinates security management with other sections/units in the branch and other offices in the division.
- Analyzes usage and performance data to monitor and optimize the capacity and effectiveness of the department's host and distributed computer systems and plans for their expansion.
- Works with services/system providers and end users in the resolution of problems involving the department's network and computer systems.
- Monitors the operation of the department's wide area data network (WAN) and the local area data networks participating in the department's WAN. Coordinates activities to correct any WAN malfunctions.
- Manages installation and upgrade of the departments WAN for data, and video for remote school/office sites and central communications center sites in accordance with school technology requirements, industry standards, and department's plans/requirements.
- Manages daily operations of the WAN for data and video, manages telecommunication network services provided by telecommunications service providers and WAN hardware/software vendors.
- Schedules and monitors the operations of statewide data, image, and video communication systems to optimize the use of available
telecommunication resources. Monitors network performance of the WAN through the network management systems and takes appropriate action to provide network capacity required by various applications for the schools and offices.

- Manages Internet resources such as IP addresses, autonomous system number for the department. Allocates IP addresses to schools and offices. Designs, plans, and operates IP (public and private) assignment scheme to the schools and offices.
- Reviews and approves all requests for data, image, and video telecommunication network and services.
- Provides Internet and Intranet services to all department users and manages planning, installing, and operating of the various Internet server hardware and software used to provide the required services.
- Manages the department’s Internet/Intranet computer resources; performs system management functions of the computer servers; manages user accounts; installs, configures, and maintains services such as E-mail, Web services, Usenet news, mailing lists, domain name services, Internet chat and others.
- Provides the security of the Internet servers; works with other Branch sections/units on planning and operations of the firewalls, intrusion detection system, web content filtering servers, anti-virus system, etc. Investigates computer security break-ins and cyber misconducts committed by the department users.
- Performs other duties as assigned.

Telecommunications Support Section (TSS): This unit plans, designs, installs, maintains, and repairs the physical telecommunications network for voice, video, and data for the schools, complex areas, and state administrative offices.

- Manages planning, installation, and operation of the voice network for the department’s schools and offices.
- Provides support in planning and installing voice network infrastructure according to the school technology plan and planned administrative and instructional uses.
- Works with telecommunication service providers to secure quality and timely service at schools and offices, handles billing issues, and communicates to schools awareness of new services available to the department. Advises schools to ensure effective use of funds, credits, and reimbursements.
- Supports the schools in planning, procuring, configuring, installing, and upgrading of the voice processing systems, such as PBX and Voice over IP systems.
- Coordinates all voice-related services and equipment installation for schools through the Telecom Request process.
• Manages repair and maintenance requests by coordinating services provided by the unit and telecommunication equipment repair service providers.

• Coordinates with other state agencies in the use of the statewide voice network system and service projects and contracts.

• Installs, analyzes, and tests school and office voice network, voice system and components, determining the cause of any problem, and replaces or repairs the source of the trouble. Provides periodic preventive maintenance of voice network and equipment as needed.

• Performs other duties as assigned.

Systems Infrastructure Office (SIO): This office is responsible for operation of computer hosted and distributed servers; security access, controls, monitoring, and security architecture; disaster recovery plans and procedures; system and network performance data analysis and monitoring; and management of system resources include allocation of data storage and storage area network resources. In addition, this section will setup and distribution of standard workstation images and content to user workstations and computer devices. SIO is comprised of two (2) sections:

Systems Administration Section (SAS): Responsible for operation of computer hosted and distributed servers; security access, controls, monitoring, and security architecture; disaster recovery plans and procedures; system and network performance data analysis and monitoring; and management of system resources including allocation of data storage and storage area network resources.

• Designs, implements, and provides system administration for internal networked servers which support infrastructure for this branch’s daily operations as well as other local and statewide applications.

• Manages the DOE-wide distributed server infrastructure.

• Performs system administration of all servers. Defines and implements database administration including both logical and physical file structures.

• Defines, configures, and implements server data replication and data backup policies.

• Manages operations of enterprise computer host and distributed servers for administrative and instructional uses, including servers for network access and protection, and the storage area network systems.

• Develops and implements procedures and safeguards against unauthorized access to departmental systems and networks, and manages and grants user authorization to access application systems and data.

• Installs and maintains operating system, database management, networking, and system utility software for the department’s host and distributed computer systems.
• Prepares bid specifications for planned resources and acquires and installs major computer hardware and software.

• Manages system resources, including the allocation of data storage resources, storage area network resources for the department’s host and distributed computer systems.

• Plans and manages the computer data backup library and the safekeeping of data files through appropriate backup systems and off-site storage.

• Performs system administration and maintenance functions for the Internet and Intranet servers. Applies all software upgrades and patches, manages new installation and upgrade of hardware and software.

• Evaluates, monitors, and analyzes performance of the Internet and Intranet servers and network connections/utilization for effective capacity planning and performance optimization.

• Performs other duties as assigned.

School Infrastructure Section (SIS): In conjunction with school technology coordinators, this unit is responsible for the setup and distribution of standard workstation images and content to user workstations and computer devices.

• Provides technical support in resolving computer hardware and software problems, as well as data communication problems.

• Provides assistance to state and district offices in setting up, configuring, and trouble-shooting of hardware and software.

8. OFFICE OF HAWAIIAN EDUCATION

The Office of Hawaiian Education provides the resources needed to fully implement the goals and objectives of Hawaiian education to include the study of Hawaiian culture, history, and language in the public schools along with the achievement of the Hawaii Content and Performance Standards.

- Provides leadership in the development of culturally relevant educational programs which use Hawaiian culture, history, language as the foundation for the achievement of the Hawaii Content and Performance Standards.

- Assesses, analyzes, evaluates, plans and develops tools and resources to support the needs of students, complex areas, complexes, and schools in relation to the effective implementation of Hawaiian education programs such as the Hawaiian Studies Program and the Hawaiian Language Immersion Program.

- Works in partnership with Hawaiian organizations and agencies in support of the State Constitutional mandate to promote Hawaiian education within the public school system.

9. ADMINISTRATIVE ASSISTANT OFFICE

The administrative assistant to the Superintendent of Education provides staff support by coordinating the department’s response to requests for administrative information and action from the Board of Education, legislature, other Executive Branch agencies, officials from other state and federal educational agencies, interest groups and the general public and ensuring that the department is advancing on the goals laid out in the Strategic Plan.

- Maintains control of all incoming and outgoing executive communications and records management for the Office of the Superintendent.

- Assists the Superintendent in proposing agenda items for Board meetings; assures timely availability of staff reports, study materials and resource persons from appropriate staff offices and coordinates follow-up staff action on Board requests made to the Superintendent.

- Serves as the Superintendent’s liaison with the State Legislature, as directed; coordinates department staff work in response to legislative requests for information, legislative reporting, drafting and seeking introduction of legislation, monitoring the status of pending legislation, and preparing testimony and monitoring committee hearings on proposed legislation.

- Assists the Superintendent in coordinating the department’s participation in administrative programs and activities of the Executive Branch including coordination of legal issues and lawsuits.

- Responds to news media, group and public requests for information, including Chapter 92F, Uniform Information Practices Act, H.R.S., and responds to or reverts inquiries to appropriate sources.
• Advises and assists the Superintendent in complying with state protocol and fulfilling obligations as a public officer in dealing with individuals and organizations representing national and international interests in public education.

• Provides other personalized administrative assistance to enable the Superintendent to carry out duties and responsibilities as the Board’s executive officer for the public school system.

• Coordinates special projects in which other agencies or private organizations are involved, as assigned by the superintendent.

10. INTERNAL AUDIT OFFICE

The Internal Audit Office provides independent, objective assurance and consulting services to add value and improve the DOE’s operations and internal control structures. Internal Audit assists the DOE to accomplish its objectives by bringing a systematic, disciplined approach to evaluate and contribute to the effectiveness of risk management, control, and governance processes.

The Internal Audit Office’s primary responsibilities include reviewing the effectiveness of the internal control structure, identifying opportunities for process and control improvements that would mitigate risk exposures, monitoring compliance with laws, regulations, policies and procedures, and sharing best practices throughout the DOE. In carrying out these primary responsibilities, the Internal Audit Office will, among others:

• Annually develop and execute a flexible audit plan using an appropriate risk-based methodology, for the evaluation of critical financial, operational and compliance processes that provide oversight and controls to the DOE.

• Review and monitor that corrective action plans, recommendations for improvement, and correction of reported deficiencies resulting from internal, external, or legislative audits, have been effectively implemented and addressed.

• Coordinate audit activities with the State Department of Accounting and General Services (DAGS) Audit Division, the Office of the Legislative Auditors, and external auditors to ensure proper coverage and minimize duplication of efforts.

• Examine the effectiveness of all levels of management in their stewardship of DOE assets and resources.

• Conduct investigations of allegations concerning DOE fund or asset misappropriations.

• Promote understanding and appreciation of internal controls and their application to the DOE’s operations through written and oral, formal and informal, communications with management and the Audit Committee, where applicable.

The Internal Audit Office is independent of all other departments within the DOE, and is free from undue influence in selecting and determining the scope of activities, performing examinations, and communicating the results. The Internal Audit Director reports directly to the Superintendent of Education and the Audit Committee of the Board of Education.
DEPARTMENT OF EDUCATION
OFFICE OF THE DEPUTY SUPERINTENDENT

FUNCTIONAL STATEMENT

DEPUTY SUPERINTENDENT OF EDUCATION

The Deputy Superintendent assists the Superintendent of Education in executing duties and responsibilities of the office, and is delegated authority to act for the Superintendent of Education.

The Deputy Superintendent is responsible for leading, directing and supervising the academic and educator development functions of the Department of Education, as well as serving as the line officer for school operations. The Deputy Superintendent also directly manages projects or issues that are of special significance to the Department's mission or Strategic Plan.

This position oversees the Department's 15 Complex Areas, the Monitoring and Compliance Branch, and the Coordinated Support Office.

The following branches and offices report directly to the Deputy Superintendent.

1. COMPLEX AREA SUPERINTENDENTS

Public schools are assigned, for administrative purposes, to complex areas of one or more school complexes, each consisting of a high school and its feeder middle and elementary schools. There are fifteen (15) complex areas in the statewide public school system. Each complex area is supervised by a complex area superintendent who reports directly to the Deputy Superintendent. The complex area superintendent assists individual schools and school complexes in meeting the Hawaii Content and Performance Standards, Hawaii Goals for Education, and the education renewal initiatives of the state and federal government. Complex area superintendents exercise supervision over school renewal specialists and other educational support personnel and monitor the provision of centralized fiscal, personnel, and facilities support by other DOE state offices to facilitate school renewal efforts.

Complex Area Superintendent

- Supervises schools in a complex area and provides area-wide program coordination and support of special education, special services, and federal-funded programs.

- Provides area-wide program coordination and support of special education, special services, school-based mental health and federal-funded programs.

- School-Based Support Services: Occupational and Physical Therapy Program
  - Administers the Occupational and Physical Therapy Program (OT/PT)
  - Coordinates with the schools to identify health problems and occupational and/or physical therapy needs as related to the students' educational programs in the district. Assures appropriate resources to the schools to provide occupational and/or physical therapy services to support the educational program of identified students.
Consults with school personnel, families and others to assure that there is integration of educationally related OT/PT strategies into the school curriculum and home.

Collects appropriate data to assure compliance of timelines and that eligible students are receiving the necessary occupational and/or physical therapy services.

Collaborates and coordinates with the state office to assure that there is conformance with program standards and established procedural guidelines.

Coordinates with the state office for orientation of new occupational and/or physical therapists.

Coordinates with the schools to assure appropriate office space for the therapy staff within the district.

Reviews each school's strategic and academic/financial plans for, and progress towards, attaining effective school status.

Provides consultation and professional assistance to schools and complexes to ensure sound planning, effective implementation, and efficient use of available school resources for curriculum, instruction, and student services reform aspects of school renewal.

Facilitates, monitors, and assesses the effectiveness and responsiveness of fiscal, facilities, personnel, information and telecommunications, and other administrative support services that are centrally administered by DOE state offices and other state agencies; maintains liaison between schools and the central services agencies to assure that services meet current operational and projected school renewal requirements.

Coordinates schools' requests for assignment of school renewal specialists from Office of Curriculum and Instructional Design and/or Office of Student Support Services or from other complex areas or complexes to assist a particular school or complex in its restructuring efforts; exercises field supervision over school renewal specialists who are assigned to assist the schools and complexes.

Promotes collaboration among schools in each complex to articulate their educational programs and student performance expectations, coordinate school renewal and improvement efforts, and share resources.

Coordinates sharing of resources among complexes in the area, and cooperative support arrangements between complex areas.

Develops and maintains collaborative partnerships with the University of Hawaii and other institutions of higher learning to support school renewal efforts of the complex area schools.

Maintains liaison with government, community, and business organizations and officials on matters of mutual interest involving the complex area's schools. Conducts meetings and hearings to ensure administrative due process for students and employees of the complex area in accordance with law and department rules and regulations.
Schools

Public schools assigned to the complex areas include elementary, intermediate and middle schools, high schools, special schools for qualified students with disabilities, and institutionalized juvenile delinquents, offering instruction in grades K-12; and community schools for adults.

Complex Learning Support Centers

Complex learning support centers facilitate sharing of curriculum and instructional resources among schools of a school complex, which consists of a high school and its feeder elementary and intermediate or middle schools. The complex learning support centers provide technical support to schools in the complex. In addition, there is much collaboration between and among support centers.

2. MONITORING AND COMPLIANCE BRANCH

The Monitoring and Compliance Branch evaluates the department's compliance with federal laws, U.S. Department of Education requirements, and Board of Education administrative rules and policies related to the implementation of on-going federally funded programs.

This office implements differentiated monitoring of state offices based upon a compliance assessment, which includes a review of implementation fidelity at the Complex Areas and where applicable, the Public Charter School Commission.

The Monitoring and Compliance Branch serves as the primary contact with federal program officials regarding the state educational agency responsibilities outlined in these on-going federally funded programs.

The office provides technical assistance on grant compliance to department staff.

The Monitoring and Compliance Branch is responsible for the Dispute Resolution Procedures required under the Individuals with Disabilities Act and Chapter 60, HAR, and the complaints processes applicable under the Elementary and Secondary Education Act, as amended.

3. COORDINATED SUPPORT OFFICE

This small, nimble team, led by the Deputy Superintendent's executive assistant/chief of staff, provides staff support to the Deputy Superintendent to increase his/her capacity to successfully perform critical daily functions; manage high-level special projects and coordinate cross-functional efforts across offices.
