WHAT ARE EDNs?

Program funding categories. They are:

DIRECT-TO-SCHOOL SUPPORT

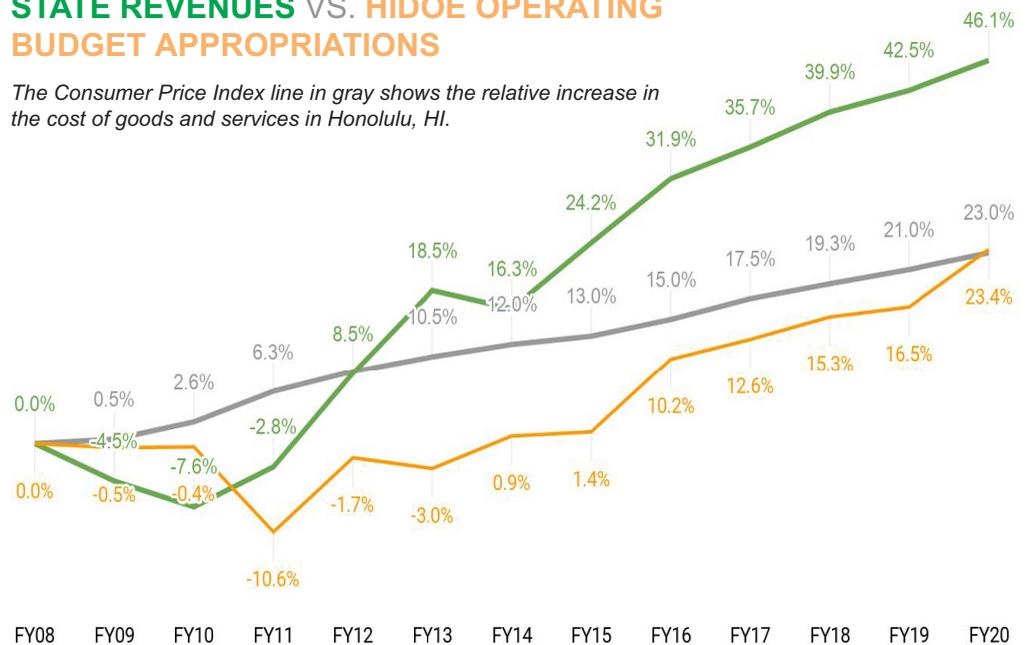

- **EDN 100:** School-based budgeting funds are primarily distributed via the Weighted Student Formula, which gives schools a specific dollar amount for each student, and additional funds for students with certain characteristics.
- **EDN 150:** Supports Special Education for students who may require or already have an Individualized Education Plan.
- **EDN 400:** Schools' utilities, repairs, and food service are managed centrally.
- **EDN 500:** School Community Services includes programs such as A+ and Adult Education.
- **EDN 700:** Supports the pre-kindergarten program in schools.

SUPPORT AT ALL LEVELS

- **EDN 200:** Instructional supports and the statewide testing program.
- **EDN 300:** Personnel, technology, fiscal supports; Complex Area administration; Board of Education; Office of the Superintendent.

HOW ARE CIP PROJECT FUNDS DISTRIBUTED?

The CIP Budget is set by the state as part of a comprehensive program to manage state facilities, including development and improvements such as renovations, repairs and major maintenance to facilities, landscaping, new construction, land acquisition, and utility modifications.

Facilities staff work with principals directly to prioritize school-level needs. Like the EDNs, CIP appropriations are added into planning categories, above, that organize where funds go.

During the Legislative session each year, additional items are added; those are noted below the subtotal.

Heat abatement projects such as these fall under the Health & Safety bucket in the CIP budget.

USE OF SCHOOL FACILITIES

HIDOE lands and facilities belong to the State, so it's vital that school officials adhere to rules governing their use (HAR, Chapter 39): bit.ly/FacilitiesCh39
