

Academic Plan for School Year 2021-22

[School: Please make a copy of the 2020 Academic Plan]

Developing a collaborative Academic Plan framed by the HIDOE Learning Organization is the foundation for a forward focused Academic Plan. An effective Academic Plan utilizes existing school resources to improve and/or introduce new ideas that accelerate the school community's knowledge about ending achievement gaps and providing equitable services for all students. A forward focused Academic Plan clearly describes a school's Theory of Action that incorporates the following: 1) analyzing data to explain achievement gaps; 2) incorporating measurable outcomes that inform the closing of the achievement gap; and 3) applying contextual and community measurements and assessments.

Starting from a comprehensive needs assessment, schools study organizational, instructional, and student support systems to design measurable outcomes. The measurable outcomes are implemented and improved through Plan, Do, Check, Act (PDCA) cycles and systemized by leading indicators.

HIDOE Learning Organization

Pipeline of Emerging Ideas: To prepare for emerging trends, advancements and changes that impact education, ideas are tried and vetted by our schools and teams, some will advance to support the core.

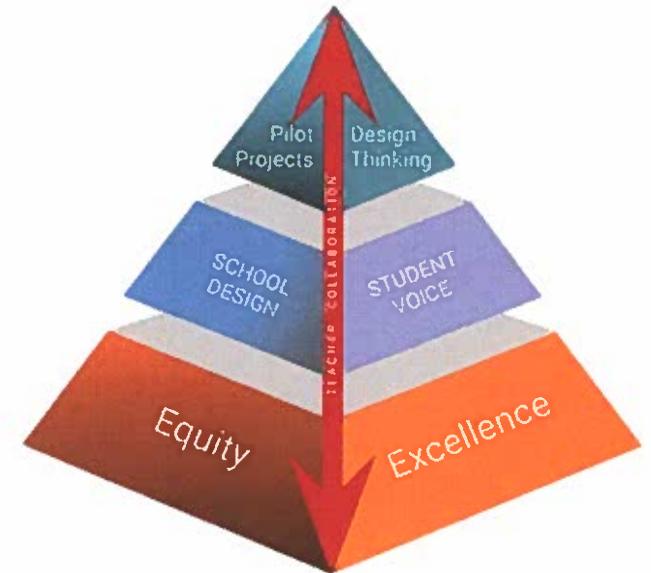

- The Pipeline of Emerging Ideas is linked to the HIDOE 2020-30 Strategic Plan (page 5).

Innovation in Support of the Core: New strategies and systems for delivering teaching and learning. High-Impact strategies: School Design, Teacher Collaboration, Student Voice.

- The Academic Plan incorporates School Design and Student Voice for **Innovation in Support of the Core** (pages 3-4).

Teaching & Learning Core: Focus: equity and excellence in core curriculum and supports.

- The Academic Plan is structured by the HIDOE Learning Organization, and it is founded on the **Teaching & Learning Core** (page 2).

Academic Plan, School Year 2021-22

Developing a collaborative Academic Plan framed by the HIDOE Learning Organization is the foundation for a forward focused Academic Plan. An effective Academic Plan utilizes existing school resources to improve and/or introduce new ideas that accelerate the school community's knowledge about ending achievement gaps and providing equitable services for all students. A forward focused Academic Plan clearly describes a school's Theory of Action that incorporates the following: 1) analyzing data to explain achievement gaps; 2) incorporating measurable outcomes that inform the closing of the achievement gap; and 3) applying contextual and community measurements and assessments.

Starting from a comprehensive needs assessment, schools study organizational, instructional, and student support systems to design measurable outcomes. The measurable outcomes are implemented and improved through Plan, Do, Check, Act (PDCA) cycles and systemized by leading indicators.

HIDOE Learning Organization

Pipeline of Emerging Ideas: To prepare for emerging trends, advancements and changes that impact education, ideas are tried and vetted by our schools and teams, some will advance to support the core.

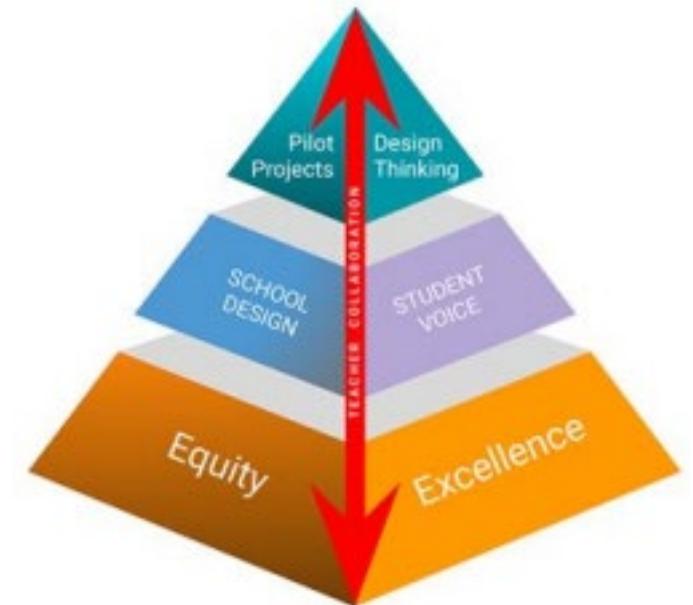

- ★ The Pipeline of Emerging Ideas is linked to the HIDOE 2020-30 Strategic Plan (page 5).

Innovation in Support of the Core: New strategies and systems for delivering teaching and learning. High-Impact strategies: School Design, Teacher Collaboration, Student Voice.

- ★ The Academic Plan incorporates School Design and Student Voice for **Innovation in Support of the Core** (pages 3-4).

Teaching & Learning Core: Focus: equity and excellence in core curriculum and supports.

- ★ The Academic Plan is structured by the HIDOE Learning Organization, and it is founded on the **Teaching & Learning Core** (page 2).

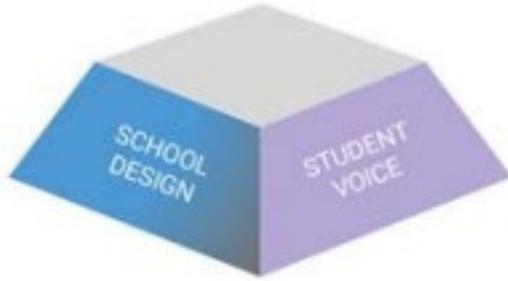

Teaching & Learning Core: Equity and Excellence

In order to address equity, list the targeted subgroup(s) and their identified needs. Specifying [enabling activities](#) in the academic plan should address identified subgroup(s) and their needs.

Achievement Gap	Theory of Action	Enabling Activity
<p><i>Identify and describe an achievement gap including but not limited to Special Education or English Learners or any other sub group. The description must be gathered from a comprehensive needs assessment (CNA), such as Title I CNA, WASC Self Study, International Baccalaureate, and may include additional local measurements.</i></p> <p>Achievement gaps we will address are:</p> <ol style="list-style-type: none"> 1. Mathematics <ol style="list-style-type: none"> a. High needs vs Non-High Needs (29 points in 18-19) b. Lack of achievement in math for students with IEPs in Gr. 4 over the 18-19 and 19-20 school years 2. English Language Arts <ol style="list-style-type: none"> a. High needs vs Non-High Needs (28 points in 18-19) 	<p><i>What is your Theory of Action (if-then) to improve the achievement gap?</i></p> <p>If we provide targeted professional development, curricular resources, and closely plan for and monitor the students in the subgroup(s), then the gap will close and achievement for students will increase.</p>	<p><i>What are your Enabling Activities to improve the achievement gap?</i></p> <ul style="list-style-type: none"> ● Provide high quality professional development opportunities ● Provide learning for all teachers and educational assistants to address students with learning challenges ● Teach teachers how to identify students with specific needs ● Teach teachers how to keep data and track student progress

Innovation in Support of the Core: School Design and Student Voice

Describe here your school contexts for School Design and Student Voice.

Our school design is based on the transient lives of our military children and promoting their voices through Project Based Learning.

Describe here your current and continuing initiatives that will further advance your 2021-22 School Design and Student Voice.

Array of Student Support Services (Tripler, MFLC, SBBH, Student Success Advisors), Project Based Learning, Creativity, Family Learning, Well Rounded Education

Describe here your Conditions for Success for School Design and Student Voice

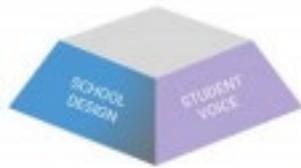

Provide opportunities for students to have a well rounded educational experience.

SY 2021-22 Measurable Outcomes	SY 2022-23 Measurable Outcomes	SY 2023-24 Measurable Outcomes
<p><i>What are your Measurable Outcomes around School Design and Student Voice? What are you designing?</i></p> <p>Each teacher will implement at least 2 Project Based Learning (PBL) opportunities each school year as measured by teacher documentation and evidence collected by the school.</p> <p>Students will offer their PBL presentations of learning to the most appropriate audience and the school will host a student showcase at least 1x per year as measured by teacher documentation and evidence collected by the school.</p> <p>At least 20% of the student body will participate in creative expression and idea creation as measured by documentation by the school's Facilitator of Curiosity.</p> <p>Teachers will closely monitor student areas of need at least quarterly and make adjustments to instructional groups and methodology as measured by teacher documentation and evidence collected by the school</p>	<p><i>What are your Measurable Outcomes around School Design and Student Voice? What are you designing?</i></p> <p>Each teacher will implement at least 2 Project Based Learning (PBL) opportunities each school year and connect with a Hawai'i community agency to be of service to them as measured by teacher documentation and evidence collected by the school.</p> <p>Students will offer their PBL presentations of learning to the most appropriate audience and the school will host a student showcase at least 1x per year as measured by teacher documentation and evidence collected by the school.</p> <p>At least 20% of the student body and 10% of teachers will participate in creative expression and idea creation as measured by documentation by the school's Facilitator of Curiosity.</p> <p>Teachers will closely monitor student areas of need at least quarterly and make adjustments to instructional groups and methodology as measured by teacher documentation and evidence collected by the school</p>	<p><i>What are your Measurable Outcomes around School Design and Student Voice? What are you designing?</i></p> <p>Each teacher will implement at least 2 Project Based Learning (PBL) opportunities each school year and connect with a Hawai'i community agency and visit them on a field trip and be of service to them as measured by teacher documentation and evidence collected by the school.</p> <p>Students will offer their PBL presentations of learning to the most appropriate audience and the school will host a student showcase at least 1x per year as measured by teacher documentation and evidence collected by the school.</p> <p>At least 40% of the student body and 20% of teachers will participate in creative expression and idea creation as measured by documentation by the school's Facilitator of Curiosity.</p> <p>Teachers will closely monitor student areas of need at least quarterly and make adjustments to instructional groups and methodology as measured by teacher documentation and evidence collected by the school</p>

<p><i>Why are you implementing them?</i></p> <ul style="list-style-type: none"> • Aligns with our school's vision of Explore, Discover, Create, Share • Provide opportunities for students to express their voices. • Student centered approach to learning and permits creativity • Inclusive and motivating for students who have different interests, needs, academic abilities, backgrounds, infuses prior learning and life experiences 	<p><i>Why are you implementing them?</i></p> <ul style="list-style-type: none"> • Aligns with our school's vision of Explore, Discover, Create, Share • Provide opportunities for students to express their voices. • Student centered approach to learning and permits creativity • Inclusive and motivating for students who have different interests, needs, academic abilities, backgrounds, infuses prior learning and life experiences 	<p><i>Why are you implementing them?</i></p> <ul style="list-style-type: none"> • Aligns with our school's vision of Explore, Discover, Create, Share • Provide opportunities for students to express their voices. • Student centered approach to learning and permits creativity • Inclusive and motivating for students who have different interests, needs, academic abilities, backgrounds, infuses prior learning and life experiences
<p><i>How will you know that they are causing an improvement?</i></p> <ul style="list-style-type: none"> • Improvement in the community through service • Parents will see growth in their children - confidence, communication, knowledge, skills, excitement, etc. • Student feedback (Panorama - student experience) 	<p><i>How will you know that they are causing an improvement?</i></p> <ul style="list-style-type: none"> • Improvement in the community through service • Parents will see growth in their children - confidence, communication, knowledge, skills, excitement, etc. • Student feedback (Panorama - student experience) 	<p><i>How will you know that they are causing an improvement?</i></p> <ul style="list-style-type: none"> • Improvement in the community through service • Parents will see growth in their children - confidence, communication, knowledge, skills, excitement, etc. • Student feedback (Panorama - student experience)

Innovation in Support of the Core: School Design and Student Voice

FOCUS ON SY 2021-22: Crosswalk enabling activities, measurable outcomes, and budget outlay and monitoring.

Baseline Measurements	Formative Measures	Summative Goals
------------------------------	---------------------------	------------------------

<ul style="list-style-type: none"> • Student surveys for their perspectives • iReady readiness • Parent Survey / Community Feedback 	<ul style="list-style-type: none"> • Student surveys for their perspectives • iReady growth • Parent Survey / Community Feedback 	<ul style="list-style-type: none"> • Increase in student positive perspective • Increase in student academic achievement • Increase in parent knowledge and perception of PBL • SBA Scores (increase in proficiency)

Infrastructure

Technology to Design, Iterate & Collaborate Multi Tiered Systems of Support Capacity Building Use of Time Learning Spaces

<p>Grade levels will work with instructional support staff to meet the needs of all students.</p> <p>WASC Critical Area Develop a plan to maintain the present level of support for Tier III students by classroom teachers as resources become more limited by budget cuts</p>	<p>STUDENTS</p> <ul style="list-style-type: none"> - Universal screener 3x per year (fall, winter, spring) - Interventions for critical needs students 5x per week for at least 15 minutes in the classroom <p>-----</p> <p>STAFF</p> <ul style="list-style-type: none"> → Analyze data and create a document to track the successes and needs of students → Identify a specific strategy to be used during an intervention period to address the needs of students with similar needs 	<p>Yearlong</p>	<p>WSF</p>	<ul style="list-style-type: none"> - Increased student progress throughout the school year - Increase in the number of students performing on grade level <p>-----</p> <ul style="list-style-type: none"> → Articulation periods for the purpose of identifying students and creating plans → Focused walkthroughs during intervention periods 	<p>Quarterly</p>	<p>Universal Screening Data</p> <p>Grade Level Data Sheets</p> <p>Intervention Plans</p>
<p>DKIES will provide mentoring to new teachers to the profession (beginning and probationary), new to the school, and those who need assistance.</p>	<p>STUDENTS</p> <ul style="list-style-type: none"> - Students will have high quality teaching and learning regardless of whether their teacher is new or new to the school or in need of assistance 	<p>Yearlong</p>	<p>WSF</p>	<ul style="list-style-type: none"> - High quality teaching and learning in every classroom 	<p>Quarterly</p>	<p>Data on new teachers</p> <p>Data on new teachers to the school</p> <p>Mentor to teacher ratio</p>

<p><u>WASC Recommendation</u> Continue to provide mentoring support and professional development for beginning and probationary teachers</p>	<p><u>STAFF</u></p> <ul style="list-style-type: none"> → Identified school level mentors → District Staff Support → Professional Development → New Teacher Orientation → Technology Orientation 			<ul style="list-style-type: none"> → Mentor logs → Documentation of supports provided → Calendared dates for specific activities 		
<p>Each grade level will have an opportunity to have facilitated articulation sessions during the school day for the purpose of grade level alignment, to address student needs, and to grow professionally.</p> <p><u>WASC Recommendation</u> Continue to allocate time for prof. development and teacher articulation to further develop PBLs, to monitor the use of the writing continuum, and to discuss the efficacy and implementation of the newly adopted curriculum.</p> <p><u>WASC Critical Area</u> Continue to explore ways of collecting and sharing data about program efficacy.</p>	<p><u>STUDENTS</u></p> <ul style="list-style-type: none"> - Students will receive challenging and appropriate instruction as a result of teacher articulation sessions. <p>-----</p> <p><u>STAFF</u></p> <ul style="list-style-type: none"> → Grade levels will have facilitated articulation sessions which are aligned with school priority areas and student needs. 	<p>Yearlong</p>	<p>WSF</p>	<ul style="list-style-type: none"> - Student tracking and intervention plans - Daily lessons as evidenced by teacher / grade level plans <p>-----</p> <ul style="list-style-type: none"> → School articulation schedule with identified purposes and outcomes. 	<p>Quarterly</p>	<p>Student tracking and intervention plans</p> <p>School articulation schedule with identified purposes and outcomes.</p>

Pipeline of Emerging Ideas: Pilot Projects and Design Thinking

When HIDOE references innovation and emerging ideas, the Department is responding to important mindsets that embrace new ideas, replace dated practices, and strive for better solutions. Therefore, the Learning Organization must be prepared to uphold innovative learning environments that elevate a school's collective work, expand capacity to improve, and continuously advance student learning.

The HIDOE 2030 Promise Plan will be drafted to help school communities open conversations about the *Pipeline of Emerging Ideas*.

School Ideas for Innovation and Pilot Projects	Conditions for Success
<p><i>Please describe your school's ideas around innovation and pilot projects.</i></p> <ul style="list-style-type: none"> ★ What's New Webex Wednesdays ★ PBL Pigeon ★ Virtual Music Classes ★ Support Therapy Dog ★ Beach Clean Up (school-wide community projects) ★ Digital Wednesday Folders ★ Farm to School (gardens to cafe) ★ Bring your own utensils (reduce plastic) ★ Recycling Program ★ Virtual Buddy Classes ★ International Language 	<p><i>Please describe your conditions for Success:</i></p> <p>A lot of the success of these innovative ideas will be dependent on individuals willing / able to research policies, programs, and downstream consequences (both good and not good) and being willing to take the lead.</p> <p>Being willing to take the lead of each of these efforts includes researching community partners, effectively communicating with all involved on a consistent and proactive basis, and being willing to see the project all the way through from start to finish.</p> <p>We can be as great as we choose to be and to the extent that individuals are willing / able to be that person. It is impossible for a single person to carry the load of every good idea on a school's campus.</p>
