Goal 1: **Student Success.** All students demonstrate they are on a path toward success in college, career and citizenship. h

☐ *Objective 1: Empowered - All students are empowered in their learning to set and achieve their aspirations for the future.* h

☐ *Objective 2: Whole Child - All students are safe, healthy, and supported in school, so that they can engage fully in high-quality educational opportunities.*

☐ *Objective 3: Well Rounded - All students are offered and engage in rigorous, well rounded education so that students are prepared to be* h *successful in their post-high school goals.* h

☐ *Objective 4: Prepared and Resilient - All students transition successfully throughout their educational experiences.* h

Outcome: By the end of three years, h	Rationale:
Teachers will utilize the SBAC interim and iReady Assessments to inform instruction and provide timely feedback to students. h The Assessments will be used as a baseline that as well as progress monitoring through out the school year. h	Through formative instructional practices teachers will focus on eliciting evidence of learning and providing feedback to inform both students and teachers of current progress and growth. h (Objective 1 and 2) hh
Teachers will develop and implement common formative and summative assessments; identify interventions which will guide differentiate instruction to monitor all students through the Data Teams Process. h	Restructuring the PLC, Team Process within articulation, Faculty Meetings and PLC with ensure the analysis of student data and implementation of instruction practices that focus on developing the whole child. h (Objective 2, 3, 4) h
Students will be able to articulate learning targets, use feedback about their performance to make corrections, provide feedback to peers, set goals, and keep track of and share their learning. hh	Students should be aware of the targets that they are trying to hit in class. They can also get feedback they gather from the teachers and peers to make corrections. They are also active participants in giving constructive feedback and evidence of their own learning to others. (Objective 1, 2 and 4) hh

	the GLOs and academic standards to support student learning.
All teachers will participate in the BERC learning walks twice each year to reflect on current elements of the Learning Walk Protocol Tool.	BERC learning walks have shown year after year to improve powerful teaching within the classrooms. This process allows teachers to reflect on their own teaching which then transfers into the classroom to offer students a positive way.
All teachers will be observed through walk-throughs and given feedback from teacher leaders tip the main region into school-wide initiatives.	Classroom observations where teachers are given regular action be free to work on their practical area hole into reflect on their teaching and make adjustments to their instruction al practices which have a greater impact on staff and student success. The focus is also on the observations of the students in how that they are staying, writing, and doing in response to the lesson being taught.
