

1SG Samuel K. Solomon Elementary School Academic Plan - School Year 2022-23

Developing a collaborative Academic Plan framed by the HDOE Learning Organization is the foundation for a forward focused Academic Plan. An effective Academic Plan utilizes existing school resources to improve and/or introduce new ideas that accelerate the school community's knowledge about ending achievement gaps and providing equitable services for all students. A forward focused Academic Plan clearly describes a school's Theory of Action that incorporates the following: 1) analyzing data to explain achievement gaps; 2) incorporating measurable outcomes that inform the closing of the achievement gap; and 3) applying contextual and community measurements and assessments.

Starting from a comprehensive needs assessment, schools study organizational, instructional, and student support systems to design measurable outcomes. The measurable outcomes are implemented and improved through Plan, Do, Check, Act (PDCA) cycles and systemized by leading indicators.

HIDOE Learning Organization

Pipeline of Emerging Ideas: To prepare for emerging trends, advancements and changes that impact education, ideas are tried and vetted by our schools and teams, some will advance to support the core.

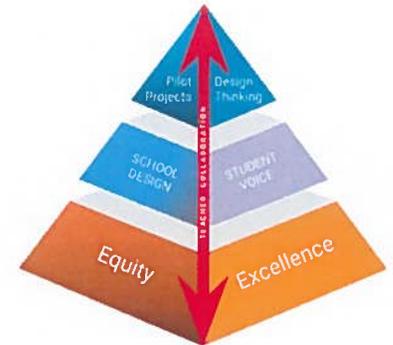

- The Pipeline of Emerging Ideas is linked to the HDOE 2020-30 Strategic Plan (page 13).

Innovation in Support of the Core: New strategies and systems for delivering teaching and learning. High-Impact strategies: School Design, Teacher Collaboration, Student Voice.

- The Academic Plan incorporates School Design and Student Voice for **Innovation in Support of the Core** (pages 3-12).

Teaching & Learning Core: Focus: equity and excellence in core curriculum and supports.

- The Academic Plan is structured by the HDOE Learning Organization, and it is founded on the **Teaching & Learning Core** (page 2).

Teaching & Learning Core: Equity and Excellence

Achievement Gap	Theory of Action	Enabling Activity																																																																																																														
<p>The subgroup our school has chosen to focus on is students who are performing 2 years below grade level on the iReady Universal Screener. We have seen the percentage of students in this group double from Pre-COVID 2019-2020 data. Since COVID started the fourth quarter of SY 2019-20, the school moved from face-to-face instruction to virtual, and then to a hybrid model and then back to face-to-face. While maintaining health and safety standards, the school did its best to meet student academic and social emotional needs. As students returned to on campus learning, we strove to meet the needs of all students, including those who were transitioning to Solomon. The gap we saw was profound; we had to collaborate in a variety of ways to meet the needs of the incoming students, as well as those impacted by the COVID pandemic.</p> <table border="1" data-bbox="155 893 967 1096"> <thead> <tr> <th colspan="10">ELA I-Ready 2 years below Grade Level</th> </tr> <tr> <th rowspan="2">ELA</th> <th colspan="2">2018-19</th> <th colspan="2">2019-20 (COVID Q4)</th> <th colspan="3">2020-21 (COVID - Beg yr taken @ home)</th> <th colspan="2">2021-22</th> </tr> <tr> <th>Beginning Yr</th> <th>End of Yr</th> <th>Beginning Yr</th> <th>Winter</th> <th>Fall* taken @ h</th> <th>Winter</th> <th>End of Yr</th> <th>Beginning Yr</th> <th>Winter</th> </tr> </thead> <tbody> <tr> <td>School Wide</td> <td>11%</td> <td>5%</td> <td>7%</td> <td>6%</td> <td>11%</td> <td>10%</td> <td>6%</td> <td>14%</td> <td>10%</td> </tr> </tbody> </table> <table border="1" data-bbox="155 1006 967 1096"> <thead> <tr> <th colspan="10">MATH I-Ready 2 years below Grade Level</th> </tr> <tr> <th rowspan="2">Math</th> <th colspan="2">2018-19</th> <th colspan="2">2019-20(COVID Q4)</th> <th colspan="3">2020-21 (COVID - Beg yr taken @ home)</th> <th colspan="2">2021-22</th> </tr> <tr> <th>Beginning Yr</th> <th>End of Yr</th> <th>Beginning Yr</th> <th>Winter</th> <th>Fall* taken @ h</th> <th>Winter</th> <th>End of Yr</th> <th>Beginning Yr</th> <th>Winter</th> </tr> </thead> <tbody> <tr> <td>School Wide</td> <td>13%</td> <td>4%</td> <td>11%</td> <td>5%</td> <td>15%</td> <td>11%</td> <td>6%</td> <td>19%</td> <td>9%</td> </tr> </tbody> </table> <p>Source: i-Ready Universal Screener (3/15/2022)</p> <table border="1" data-bbox="282 1128 833 1250"> <thead> <tr> <th>SBA - ELA</th> <th>2018-19</th> <th>2019-20 (COVID Q4)</th> <th>2020-21 (COVID)</th> </tr> </thead> <tbody> <tr> <td>Meets/Exceeds</td> <td>55%</td> <td>N/A</td> <td>39%</td> </tr> <tr> <td>Developing</td> <td>21%</td> <td>N/A</td> <td>29%</td> </tr> <tr> <td>Well Below</td> <td>24%</td> <td>N/A</td> <td>20%</td> </tr> </tbody> </table> <table border="1" data-bbox="282 1299 833 1421"> <thead> <tr> <th>SBA - Math</th> <th>2018-19</th> <th>2019-20 (COVID Q4)</th> <th>2020-21 (COVID)</th> </tr> </thead> <tbody> <tr> <td>Meets/Exceeds</td> <td>45%</td> <td>N/A</td> <td>32%</td> </tr> <tr> <td>Developing</td> <td>33%</td> <td>N/A</td> <td>34%</td> </tr> <tr> <td>Well Below</td> <td>22%</td> <td>N/A</td> <td>34%</td> </tr> </tbody> </table> <p>Source: Aloha HSA & SSIR (3/15/2022)</p>	ELA I-Ready 2 years below Grade Level										ELA	2018-19		2019-20 (COVID Q4)		2020-21 (COVID - Beg yr taken @ home)			2021-22		Beginning Yr	End of Yr	Beginning Yr	Winter	Fall* taken @ h	Winter	End of Yr	Beginning Yr	Winter	School Wide	11%	5%	7%	6%	11%	10%	6%	14%	10%	MATH I-Ready 2 years below Grade Level										Math	2018-19		2019-20(COVID Q4)		2020-21 (COVID - Beg yr taken @ home)			2021-22		Beginning Yr	End of Yr	Beginning Yr	Winter	Fall* taken @ h	Winter	End of Yr	Beginning Yr	Winter	School Wide	13%	4%	11%	5%	15%	11%	6%	19%	9%	SBA - ELA	2018-19	2019-20 (COVID Q4)	2020-21 (COVID)	Meets/Exceeds	55%	N/A	39%	Developing	21%	N/A	29%	Well Below	24%	N/A	20%	SBA - Math	2018-19	2019-20 (COVID Q4)	2020-21 (COVID)	Meets/Exceeds	45%	N/A	32%	Developing	33%	N/A	34%	Well Below	22%	N/A	34%	<p>Quality education enables students to achieve their dreams of academic success, community engagement, and job readiness.</p> <ul style="list-style-type: none"> • Culture of shared responsibility • Continuum of services with an array of interventions and supports • Consistent equitable resources and opportunities that address the unique needs and abilities of all students • Improve achievement and growth for all students, both in academics and social-emotional learning <p>Differentiated and Inclusive education means that all students have the opportunity to be educated in the general education classroom to the greatest extent; expectations are high and instruction is standards based. Education provides a general education curriculum, personalized support as needed, and occurs when tailored to meet each student's individual needs. School teams collaborate to determine how best to design a setting to meet individual students' needs.</p>	<p>Student Success</p> <ul style="list-style-type: none"> • Students receive tiered intervention and instruction with support of additional personnel and opportunities - (intervention, fluency reads, after school tutoring, etc) • Individual learning needs of all students are provided differentiated supports and instruction to meet their academic potential: By implementing differentiation and inclusive practices across our school these students will accelerate learning and close the achievement gap. • Tier 2 students show growth on universal screening scores <p>Staff Success</p> <ul style="list-style-type: none"> • Schedule and provide professional development learning sessions for inclusive and differentiated practices • Schedule and provide professional development and planning opportunities throughout the school year. • Evaluate effectiveness of differentiated instruction and inclusive practices (data - universal screeners, DIBELS, data teams, fluency reads)

Innovation in Support of the Core: School Design and Student Voice

Describe here your school contexts for School Design and Student Voice.

Solomon Elementary services 100% military connected students; about 56% qualify for Free and Reduced Lunch and about 40% transition in or out of school during the year. The average student remains at our school for 3 years, which creates a need to provide academic and behavioral Multi-tiered Systems of Support (MTSS) for every student. Student voice is honored through the tiered intervention differentiated strategies, class work, essential classes, extra-curricular opportunities and intramural sports activities.

Describe here your current and continuing initiatives that will further advance your 2021-22 School Design and Student Voice.

Solomon Elementary has established initiatives for whole child success, including

- MTSS-A (Academic): Academic universal screener, tiered literacy interventions and supports; Data Teams formative assessments and instructional strategies
- MTSS-B (Behavior & Social Emotional): Behavioral universal screener, tiered interventions and targeted array of supports
- Semesterly Student Support Meetings and Inclusive Practices to review the success of the whole child, including all EL & SpEd students
- Essentials Classes and enrichment opportunities
- Community engagement with cultural literacy and student support

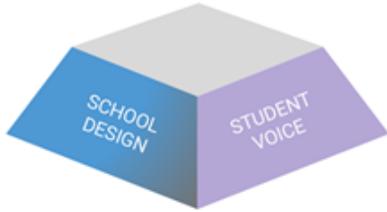

Describe here your Conditions for Success for School Design and Student Voice.

Student achievement and growth on universal screeners and SBA, monitoring schoolwide data through the Academic Review Committee (ARC), training teachers through targeted professional development, parent participation in integrated parent-student opportunities

SY 2020-21 Measurable Outcomes	SY 2021-22 Measurable Outcomes	SY 2022-23 Measurable Outcomes
<p><i>What are your Measurable Outcomes around School Design and Student Voice? What are you designing?</i></p> <p>All grade levels will implement a restart of Solomon Elementary’s Data Team protocols in mathematics, monitored through the ARC, as measured by a) meeting schedule; b) process: cycle, Common Formative Assessments (CFA), data; c) documentation: agenda, minutes, sample student work.</p>	<p><i>What are your Measurable Outcomes around School Design and Student Voice? What are you designing?</i></p> <p>All grade levels will continue to implement Solomon Elementary’s Data Team protocols in Math, monitored through the Academic Review Committee (ARC).</p>	<p><i>What are your Measurable Outcomes around School Design and Student Voice? Pipeline of Emerging Ideas: Pilot Projects and Design Thinking

When HIDOE references innovation and emerging ideas, the Department is responding to important mindsets that embrace new ideas, replace dated practices, and strive for better solutions. Therefore, the Learning Organization must be prepared to uphold innovative learning environments that elevate a school’s collective work, expand capacity to improve, and continuously advance student learning.

The HIDOE 2030 Promise Plan will be drafted to help school communities open conversations about the *Pipeline of Emerging Ideas*.

School Ideas for Innovation and Pilot Projects	Conditions for Success
<p>Computer Science Essential Class</p> <ul style="list-style-type: none"> Expand current essentials classes to include Makerspace and Computer Science for grade levels K-5 to explore integrated hands-on problem solving Continue robotics enrichment for a deeper dive 	<p><i>Years 1-2 (2020-2022)</i></p> <ul style="list-style-type: none"> Establish program and schedule for grades K-5 PD for grade level and resource teachers for co-planning Create and equip Makerspace classroom Integrate one Makerspace project into a subject area for each grade level Continue robotics and explore other enrichment opportunities Explore partnerships <p><i>Years 3-5 (2022-2025)</i></p> <ul style="list-style-type: none"> Provide instruction based on newly adopted Hawaii DoE Computer Science Standards Continue professional development for teachers and ongoing PD for new teachers Expand Makerspace program to include introduction to computer science and programming robots in different languages for enrichment opportunities and grades 4 & 5 Continue variety and quality of computer science enrichment opportunities, including Microbits, block and language coding Design curricula and projects integrated into multiple content areas for all grade levels Expand and solidify partnerships
<p>Cultural Literacy and Community Participation in Place-Based Learning</p>	<p>Valuing placed-based cultural learning will support the students of Solomon Elementary. The Schofield area, or Waianae Uka <i>ahupua’a</i>, was well known for the training of young warriors in ancient times. As a military connected school, we recognize that our students are here for a short period of time, which increases the need to support their understanding of the Nā Hopena A’o or HĀ Values. Community involvement projects, such as ‘Aina in the Schools, campus beautification, and building a <i>hale</i>, bring together the mix of cultures present at Solomon and improves our students' growth mindset, social-emotional learning, and provides a connection for their STEAM and cultural learning.</p>
