One-Year Academic Plan SY 2022-2023

Where are we now? <i>Prioritize school's needs as identified in one or more of the following needs assessments:</i>	
Comprehensive Needs Assessment: List <i>root causes</i> and <i>contributing causes</i>	WASC: List <i>WASC Critical Areas of Follow-up</i>
CNA/RC 1 (School-wide) Develop system to communicate school-wide expectations to stakeholders	WASC/CA 1 Continue progress monitoring by posting learning targets in all classrooms, using common assessments with common rubrics, and holding students accountable for achieving learning targets, state standards, and GLOs. Improve the monitoring of student feedback (peer, self, and teacher) and universal screeners to identify individual student goals towards achieving proficiency.
CNA/RC 2 (Student Behavior) Focus on PBIS strategies and reinforcing behavioral expectations	WASC/CA 2 Create clear processes for two-way communication for decisions to include all stakeholders (certificated staff, classified staff, students, parents, and the community). Create a process for greater input on key decisions by stakeholders to ensure genuine collaboration and that secondary and tertiary effects are mitigated in a more efficient manner. This may be partially achieved by enhancing efforts to re-engage parents and the community in the school process. Note: An emphasis is needed on clarity of message and timeliness of information to all stakeholders. A further emphasis on ensuring a pathway for two-way communication to students that encompasses the whole student body and ensures they have safe (from their perspectives) methods of expressing their voice and choice as well as their feelings to ensure they have a say in their education and access to mental health pathways is essential.
CNA/RC 3 (Student Engagement) Increase student voice and ownership of their learning	WASC/CA 3 Address classroom management and student safety concerns by creating a comprehensive school-wide plan focused on positive classroom management techniques, consistent behavioral expectations, and equitable enforcement to ensure compliance with standard student safety practices.
CNA/RC 4 (Data) Collect, review, analyze and utilize data to improve practices, instruction and outcomes	WASC/CA 4 Build a comprehensive schoolwide data monitoring system for individual programs to evaluate each program's success in affecting student achievement while raising rigor and relevance in the classroom.
HUI PU/Rec 1 The campus is encouraged to make inclusion a priority in the annual campus planning process. This should include the most recent data and potential professional development. Included should be systemic ways to share teacher successes with included students. New staff will be added and positions will change so it is critical that the campus plan address how and when they will be trained so as to be current with the existing staff.	WASC/CA 5 The school needs to identify and clearly delineate a Decision Making Process and whenever making decisions in any group session the administrative team needs to identify which mode of decision making is being used. The end decisions need to be clearly communicated to all stakeholders following clear pre-defined pathways of communication.

One-Year Academic Plan SY 2022-2023

<p>HUI PU/Rec 2 Collaborative planning on a regular basis is necessary if inclusive efforts are to produce maximum results for students. In most cases the time has been provided, however, it is the use of this time that needs attention. One suggestion would be a simple summary form that would be logged so that the administration has a way to know how the collaborative time was utilized. The focus should be around individual students and their needs.</p>	<p>WASC/CA 6 The school has identified multiple methods of school improvement they are currently implementing. Due to the plethora of initiatives, none of them are being implemented with fidelity. The staff identified the need to narrow the focus to a few key initiatives with deep dives to learn and time to implement and analyze results for effectiveness on learner outcomes.</p>												
<p>HUI PU/Rec 3 Tier I instruction remains a concern and a challenge. All teachers need to fully understand the expectations of Tier I and what constitutes Tier II and III. Best instructional practices should always include a student centered approach and a variety of instructional arrangements, i.e. small groups.</p>	<p>PANORAMA EES</p> <p>(Step 2 - Question #3) What is the single most important area for improvement that you see in your feedback? 9 responses</p>  <table border="1"> <thead> <tr> <th>Area for Improvement</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Classroom Engagement</td> <td>44.4%</td> </tr> <tr> <td>Classroom Climate</td> <td>22.2%</td> </tr> <tr> <td>Classroom Rigorous Expectations</td> <td>11.1%</td> </tr> <tr> <td>Classroom Teacher-Student Relationships</td> <td>11.1%</td> </tr> <tr> <td>Pedagogical Effectiveness</td> <td>11.1%</td> </tr> </tbody> </table>	Area for Improvement	Percentage	Classroom Engagement	44.4%	Classroom Climate	22.2%	Classroom Rigorous Expectations	11.1%	Classroom Teacher-Student Relationships	11.1%	Pedagogical Effectiveness	11.1%
Area for Improvement		Percentage											
Classroom Engagement		44.4%											
Classroom Climate	22.2%												
Classroom Rigorous Expectations	11.1%												
Classroom Teacher-Student Relationships	11.1%												
Pedagogical Effectiveness	11.1%												
<p>HUI PU/Rec 4 Lesson objectives should always be posted clearly in every classroom and for every lesson. This is rarely observed. This action serves to benefit both the student and the teacher.</p>													
<p>HUI PU/Rec 5 Pre-assessment is an integral part of the lesson cycle and should be a standard in every classroom. When this does not occur students are often left behind because the Zone of Proximal Development is too great.</p>

Data Tracking

Goal 1, Enabling Activity 2

Develop a schoolwide process to analyze student achievement data

A. Continue to provide collaboration time to analyze assessment data

B. Develop standardized data tracking system to inform instruction

C. Develop school-wide agreements on collecting and displaying student progress (portfolios, data sheets) that students are able to share and use for goal-setting (program usage, iReady and SBA scores, classroom assessments & assignments)

Classroom Support

Goal 1, Enabling Activity 3

Provide classroom support personnel (PPE, PPT, EA) to assist targeted students with academic needs

Materials

Goal 2, Enabling Activity 1 Continue to provide curricular materials (Reading Wonders, Stepping Stones, Spring Board, GoMath, PLTW) and supplemental programs (ex. Achieve, IXL, Imagine Learning) aligned to standards-based instruction (CCSS, NGSS, HCSSS, HCPSIII, etc.)

Classroom/Student Engagement

Goal 3, Enabling Activity 1

Classroom Management

A. Establish schoolwide practices for rituals and routines that will contribute to improved student behavior in and out of the classroom.

Student Engagement

B. Identify strategies that will increase student voice and ownership of their learning as forms of student engagement.

One-Year Academic Plan SY 2022-2023

--	--

Goal 1: Student Success. All students demonstrate they are on a path toward success in college, career and citizenship.

- Objective 1: Empowered** - All students are empowered in their learning to set and achieve their aspirations for the future.
- Objective 2: Whole Child** - All students are safe, healthy, and supported in school, so that they can engage fully in high-quality educational opportunities.
- Objective 3: Well Rounded** - All students are offered and engage in rigorous, well rounded education so that students are prepared to be successful in their post-high school goals.
- Objective 4: Prepared and Resilient** - All students transition successfully throughout their educational experiences.

Outcome:	Rationale:
<p>By the end of SY 2022-2023, KEIS will have supports in place to address the academic needs of all students resulting in the following measures:</p> <p>100% of students will show growth in ELA (iReady and SBA)</p> <p>100% of students will show growth in Math (iReady and SBA)</p> <p>Our end-of-year SBA & NGSS proficiency will increase by 10% when compared to the 2022 SBA results. (If at 20%, we will aim for 30%.)</p> <p>By the end of SY 2022-2023, KEIS will have supports in place to address the behavioral needs of all students resulting in the following measures:</p> <p>80% student participation in quarterly incentives.</p>	<p>For years our school has set our target goals and desired outcomes in alignment with those of the State Strategic Plan. Not once have we achieved those targets when it comes to Smarter Balance Assessments. In the process, we have lost track of the importance placed on individual growth.</p> <p>In the spirit of “Measure what matters”, we seek to emphasize growth of all students, in the hopes that this will lead to students experiencing enough growth to cross over into proficiency.</p>

Goal 3: Successful Systems of Support. The system and culture of **Kalaniana‘ole School** works to effectively organize financial, human, and community resources in support of student success.

Outcome:	Rationale:
<p>By the end of SY 2022-2023, Kalaniana‘ole School will:</p> <p><u>HMTSS</u> have a clear framework and plan for implementing academic and behavior components within HMTSS. This is needed in order for stakeholders to have an understanding of the supports provided to students. This plan will include support descriptions, flowcharts, calendars, timelines, etc. that can be referenced when clarification and next steps are needed.</p> <p>WASC/CA 3 Address classroom management and student safety concerns by creating a comprehensive school-wide plan focused on positive classroom management techniques, consistent behavioral expectations, and equitable enforcement to ensure compliance with standard student safety practices.</p>	<p><u>HMTSS</u> State training on HMTSS abruptly ended in 2020 due to school closure. KEIS’ HMTSS Team had begun to define the components and work on implementation, but the interruption and cessation of the training resulted in an uncompleted plan. KEIS has components of HMTSS in place however, clarification and refinement is needed to improve understanding and implementation of tiered supports.</p> <p><u>FAMILY ENGAGEMENT</u> During the 2020 - 2021 school year, the Kalania‘ole School Support Team began work with the Hawai‘i Statewide Family Engagement Center. Their work centers on the Dual-Capacity Building Framework developed by Dr. Karen Mapp. Within this framework, she has identified 5 key factors of strong family-school partnerships:</p> <p>Linked to learning– initiatives must be aligned with school and district achievement goals and connect parents to the teaching and learning goals for the students.</p> <p>Relational– a major focus of the initiative is on building respectful and trusting relationships between families and district, school and program staff.</p> <p>Developmental– the initiatives focus not only on providing a service but also on building the intellectual, social, and human capital of stakeholders engaged in the program.</p> <p>Collective/Collaborative– learning is conducted in group versus individual settings and focused on building strong networks and learning communities.</p> <p>Interactive– participants are given opportunities to test out, practice, and apply new skills.</p>
