King Kekaulike HS Academic Plan 2021-2022

Where are we now?	
<p>Prioritize school's needs as identified in one or more of the following needs assessments:</p> <ul style="list-style-type: none"> ● Comprehensive Needs Assessment (Title I Schools) ● WASC Self Study <ul style="list-style-type: none"> ▪ WASC Category B: Standards Based Student Learning: Curriculum, instruction ▪ WASC Category C: Standards Based Student Learning: Instruction ▪ WASC Category D: Standards Based Student Learning: Assessment and Accountability 	<ol style="list-style-type: none"> 1. Need: Students need consistent, focused support to facilitate their transition from 8th grade to 9th grade that will adequately prepare them for the rigor of high school. This will include developmental strategies that focus on organizational skills, time management and the ability to effectively cope with emotional and social challenges. Focused support is also needed at 9th and 10th grade in order to address academic and behavioral challenges that may prohibit students from being on track for graduation. 2. Need: Curriculum, instruction, and assessments need to be individualized and differentiated, to engage all learners in rigorous standards-based education that helps to reduce the achievement gap (i.e. special needs, English Language Learners, disadvantaged, Native Hawaiian). 3. Need: The school needs to examine the current assessment practices, and make the best use of data, in order to enhance planning. It should also provide consistency in reporting of student academic progress in meeting standards and General Learner Outcomes. 4. Need: Provide school wide activities that will foster student engagement and create a strong sense of belonging for each individual student. These activities will foster positive social and emotional development and create a more cohesive system for increasing student voice.
	<p>Addressing Equity: Subgroup Identification</p> <p>In order to address equity, list the targeted subgroup(s) and their identified needs. **Specific enabling activities listed in the academic plan should address identified subgroup(s) and their needs.</p> <p>Disadvantaged, and to a greater extent, disabled subgroups show a gap in academic performance on SBA Reading, Math, and Science. Native Hawaiian ethnicity subgroup shows a gap in academic performance on SBA Reading, Math, and Science. Ninth grade students, in particular English Language Learners, have a lower attendance rate and have less students earning 2.0 GPA and above, as compared to other grades.</p>

It is imperative that post high school preparation and decision making include real life experiences, relevant information and formative training that is generated initially at KKHS, but goes beyond our confines into the community and beyond. Our mission and responsibility, therefore, is to equip our students with the tools they need to make informed and relevant decisions as they pursue their future endeavors.</p> <p>WASC Recommendations:</p> <p>Student Engagement - Develop activities to encourage student engagement in order to create a strong sense of belonging for each individual student in the community.
