### (2) Native Hawaiian Education Act Grant Application Assistance

Pursuant to Federal law [20 U.S.C. §7516 (2015)], the Department, in its role as a local educational agency, reviewed all grants submitted for the Native Hawaiian Education Program (CFDA 84.362A) and provided comments, if applicable, to the U.S. Department of Education (USED) for each application. The purpose of the program, administered by USED’s Office of Elementary and Secondary Education, Office of Formula Grants, is to develop education programs to assist Native Hawaiians and to supplement and expand programs and authorities in the area of education. The Policy, Innovation, Planning and Evaluation Branch reviewed and commented on 16 grant applications; these applications proposed partnerships with Department schools. The Policy, Innovation, Planning and Evaluation Branch also reviewed and submitted no comments on 23 grant applications; these applications did not propose partnerships with Department schools. Due to the short application timeline, 27 grant applications were submitted without review or comment from the Department. Of the 66 grant applications submitted, USED funded 35 with a total value of \$28,095,645.

### (3) Capacity Building Grant Program
