

Barbers Point Elementary

3001 Boxer Road, Kapolei, Hawaii | Oahu | Campbell-Kapolei Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

43%

of students learning English are **on-track** to English language proficiency

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many 3rd graders read on grade level?

66% of 3rd graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

80% of students **feel positively** about their school

Barbers Point Elementary

3001 Boxer Road, Kapolei, Hawaii | Oahu | Campbell-Kapolei Complex Area

Our Story

Barbers Point Elementary School is located on the former Naval Air Station now known as Kalaeloa. The school promotes academic excellence and physical education through its regular programs for kindergarten through fifth grade, ELL and special education programs for preschool through fifth grade. Students are given opportunities to participate in many enriching school wide activities such as Math Day (100th Day of School), Presidents' Day Parade, Art Day, and May Day. Barbers Point recently received a 21st Century federal grant that allows the school to have clubs and tutoring after school for students. Robotics, garden club, Jet News Now and Art are a few of the clubs offered. The school fosters the character trait of compassion through service learning activities that include Lokahi Canned Food Drive, Valentines for Veterans, Pennies for Patients and healthy living fun run.

Barbers Point Elementary has the distinction of being the first public elementary school in Hawaii (1987) to become accredited by WASC (Western Association of Schools and Colleges). In all, the school has undergone the process six times, the most recent in March 2017, receiving six-year terms with a mid-term visit each time. Focus groups comprised of faculty, staff and community members helped to construct the self-study. The self-study and the Visiting Committee's recommendations drive the school's academic and financial plan.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
