105 Pauwela Road, Haiku, Hawaii | Maui | Baldwin-Kekaulike-Maui Complex Area

**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

**35%**

of students learning English are **on-track** to English language proficiency

## How do students' progress compare to their peers'?

The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.

## How many 3rd graders read on grade level?

**62%** of 3rd graders read **near, at, or above** grade level

## How many students missed 15 or more days of school this year?

## Do students feel safe at this school?

Measures student responses on the Safety dimension of the School Quality Survey.

# Haiku Elementary

105 Pauwela Road, Haiku, Hawaii | Maui | Baldwin-Kekaulike-Maui Complex Area

## Our Story

Ha'iku Elementary School is committed to reflecting our unique North Shore Maui home by nurturing independent, thoughtful, caring, confident, and reflective children. The school integrates the arts, technology, and wellness with our core curriculum to allow students to grow and explore in a multicultural and ever-changing world.

With the help of our Ha'iku School Foundation and other community partnerships the school is able to offer extended learning opportunities, 1-1 computer technology to every student K-5, and numerous facilities projects, which benefit student success. At Ha'iku Elementary, every stakeholder's opinion is heard and valued as we move forward together.

The strength of Ha'iku School, however, lies in the exceptional professionalism of its entire school staff and their dedication to support the "whole child". Teachers this year are especially dedicated to using data-driven strategies to provide targeted, differentiated instruction to every child and ensure each student reaches their fullest potential.

## The Strategic Plan

The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at <http://bit.ly/1WqgQrL>

## About Our School

Principal | Desiree Sides  
Grades | K-5  
808-575-3000  
[haikuschool.org](http://haikuschool.org)

482

students enrolled

of students are English language learners

of students are eligible for Free or Reduced Lunch

of students receive Special Education services

of students receiving Special Education services are in general education classes most of the day

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.
