83-5360 Mamalahoa Highway | Hawaii | Honokaa-Kealahou-Kohala-Konawaena Complex Area

**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

**\* IMPORTANT:** Due to COVID-19, Hawaii public schools were waived from statewide testing by the U.S. Department of Education. As a result, a number of test-derived results are not available for 2020. Therefore (1) school proficiency rates along with complex area and state proficiency averages, (2) achievement gaps, (3) academic growth, and (4) third and eighth grade literacy are not reported.

**\*\*** 2020 chronic absenteeism is based on absences only through the end of the third quarter (3/13/20). As such, the rate is not directly comparable with 2019 or 2018 which was based on absences through May 1 of each school year.

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

# 72%

of students learning English are **on-track** to English language proficiency

## How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

## How many 3rd graders read on grade level?

\* of 3rd graders read **near, at, or above** grade level

## How many students missed 15 or more days of school this year?

## How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Panorama Student Survey.

## Our Story

The mission of Honaunau Elementary is to cultivate all students with a foundation for college and career readiness as well as the skills to make a positive difference in the world.

In order to achieve this mission, Honaunau Elementary will provide a nurturing and safe environment to develop academic and social skills. We will foster active engagement that helps students experience and understand challenging content. Our school will create a culture that embraces all learning opportunities in the local and global communities as well as enhance technology skills to support the needs of all stakeholders.

Honaunau Elementary is committed to developing the creative and intellectual capacities of each student. In addition to academics, other activities offered are Hawaiiana, garden, leadership, fine arts, music, rap, computer/coding, videography, drama, sports, internships as well as project-based learning opportunities.

Nurturing positive relationships and encouraging students to be good citizens are top priorities at Honaunau Elementary. Students understand that while reading, writing, and math are important, it is equally important to be respectful, responsible and practice safe behaviors. PBIS and SEL practices are employed to provide social and emotional support. In addition, community engagement opportunities are in place to help our students make real life connections.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
