**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

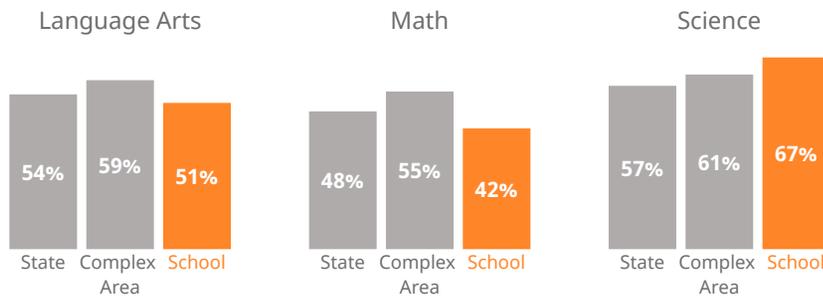

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

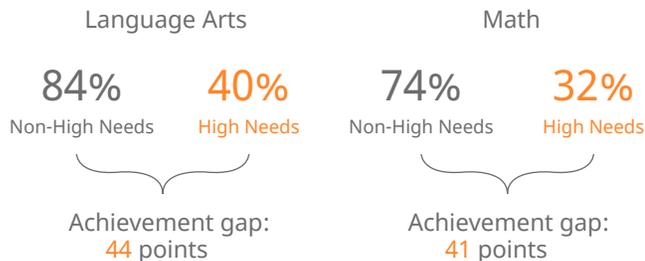

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

# 57%

of students learning English are **on-track** to English language proficiency

## How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

## How many 3rd graders read on grade level?

**65%** of 3rd graders read **near, at, or above** grade level

## How many students missed 15 or more days of school this year?

## How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

**68%** of students **feel positively** about their school

## Our Story

Located in the heart of Waikiki, Jefferson Elementary School is a growth-minded learning community dedicated to educating our culturally diverse student body with rigorous, standards-based curriculum. Jefferson Elementary's brand, "Our Family... Our Culture...Our Land" guide our school's TEAM in providing relevant, 21st century project based learning opportunities that promote foundational skills to prepare students for college, careers and life.

Differentiated, small group instruction from highly qualified teachers continue through intervention blocks to foster student success. Achievement and student growth data are used to analyze progress and guide instructional best practices are obtained from cutting-edge programs such as i-Ready, eEvaluate and results generated from the Smarter Balanced Assessment.

Co-curricular enrichment classes of Physical Education, Music, Art, STEM, Hawaiian Studies, and Keyboarding /Digital Citizenship are an important aspect of our student-centered learning environment. Our students are able to further their interests, character and social skills in Student Council, JPO, Speech and Math Teams, State Spelling Bee, Television Broadcast and Hawaiiana programs. These are just a sample of the many wonderful opportunities available at Jefferson Elementary.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
