THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

of students learning English are **on-track** to English language proficiency

How do students' progress compare to their peers'?

The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.

How many 8th graders read on grade level?

82% of 8th graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

Do students feel safe at this school?

Measures student responses on the Safety dimension of the School Quality Survey.

Kailua Intermediate

145 South Kainalu Drive, Kailua, Hawaii | Oahu | Kailua-Kalaheo Complex Area

Our Story

At Kailua Intermediate we recognize that adolescence is a remarkable stage of life. Aligning with Association for Middle Level Education standards, our faculty embraces the unique characteristics of this age group and promotes organizational structures that support meaningful relationships and learning. We offer relevant, challenging, and exploratory programs to the approximately 740 seventh and eighth graders we serve. Our school environment is safe, nurturing, disciplined, and exploratory enabling students to build on their strengths and interests.

We like to say that we are unapologetic about our mission to prepare every student for a four-year college education and success in a global society. Students are able to learn from the most experienced and talented teachers in our state. These amazing educators are supported by an equally talented cast of staff members and we all work together to create a positive and vibrant learning environment.

We are committed to partnering with parents and our school community to help each child succeed. We have a strong Parent Teacher Student Association and supportive Parent Community Networking Coordinator. We encourage active family involvement and there are many points of access, from one-time service days to regular contributions of time, talent and resources.

The Strategic Plan

The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at <http://bit.ly/1WaqQrL>

About Our School

Principal | Lisa Anne Delong
Grades | 7-8
808-263-1500
kailuain.k12.hi.us

781

students enrolled

of students are English language learners

of students are eligible for Free or Reduced Lunch

of students receive Special Education services

of students receiving Special Education services are in general education classes most of the day

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.
