**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

**22%**

of students learning English are **on-track** to English language proficiency

## How do students' progress compare to their peers'?

The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.

## How many 8th graders read on grade level?

**64%** of 8th graders read **near, at, or above** grade level

## How many students missed 15 or more days of school this year?

## Do students feel safe at this school?

Measures student responses on the Safety dimension of the School Quality Survey.

## Our Story

At Kalakaua Middle School our passion is student learning. It is our mission to empower students to be college and career ready through rigorous instruction and positive relationships. Our belief is that all students will Know how to solve problems, Make good choices, and Show Respect (KMS3). We strive for success through our vision: “Commit to Achieve”.

We are a certified AVID, Advancement Via Individual Determination, school using strategies dedicated to closing the achievement gap by preparing all students for college and careers. The campus offers specialized programs for all struggling learners including students with limited English skills and special education needs.

Kalakaua Middle School provides a variety of courses for our high achieving students including algebra, STEM, and History Day Project Based Learning.

UPLINK funds allow us to offer a variety of after school programs, pledging to develop the whole child as well as extending our hours to keep students safe. Students participate in Math Club, Book Club, Robotics, Dance, Chorus, Basketball, music and tutoring. After School All Stars programs also provide a broad co-curricular and athletic program.

Kalakaua Middle has an active School Community Council.

## The Strategic Plan

The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at <http://bit.ly/1WaqQrL>

## About Our School

Principal | Brian Fukuda  
Grades | 6-8  
808-832-3130  
[www.kalakauamiddle.org](http://www.kalakauamiddle.org)

1,017

students enrolled

16%  
of students are English language learners

66%  
of students are eligible for Free or Reduced Lunch

6%  
of students receive Special Education services

19%  
of students receiving Special Education services are in general education classes most of the day

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.
