THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

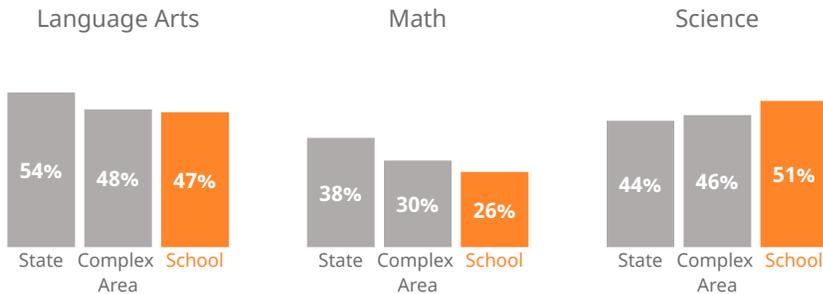

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

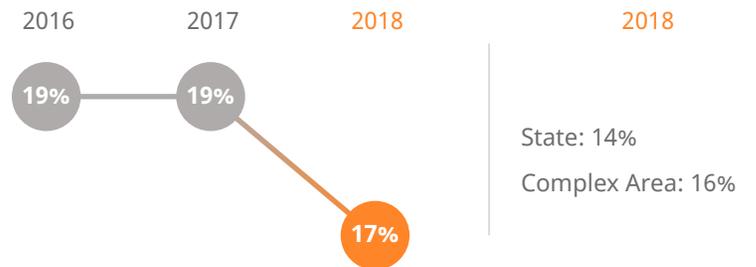

How many 8th graders read on grade level?

72% of 8th graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

69% of students **feel positively** about their school

Kalama Intermediate

120 Makani Road, Makawao, Hawaii | Maui | Baldwin-Kekaulike-Maui Complex Area

Our Story

As a part of the King Kekaulike Complex, Kalama School works closely with five feeder schools and high school in aligning the K-12 curriculum. The school's academic and financial plan is focused on preparing students to succeed in college and careers.

The school's music program continues to impress, with performances on the neighbor islands and abroad. In 2011-12, the school band, bells, chorus and ukulele programs all traveled to Disneyland to showcase their talents. The same year, Hawaiian Immersion students took top honors in the Na Mele Competition, bringing home the coveted perpetual trophy.

In school year 2015-16, Lokelani and Kalama Intermediate are recipients of free iPads and 5-GB-per-month data plans from Verizon via the Digital Promise program to create innovative learning environments.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
