**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

# 33%

of students learning English are **on-track** to English language proficiency

## How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

## How many 3rd & 8th graders read on grade level?

## How many students missed 15 or more days of school this year?

## How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

## Our Story

Our school's mission at Prince Jonah Kuhio Kalaniana'ole Elementary and Intermediate School (KEIS) is to work together to develop and nurture lifelong learners who exhibit college, career, and community readiness through: Literacy, Compassion, Resiliency, and Innovation.

We work with our families and community to provide a positive learning environment for preschoolers through eighth graders and were awarded an accreditation term of six years by WASC until June 2024.

KEIS provides an array of student supports, including services for identified gifted & talented students. Our RtI Plan provides tiered supports for students needing assistance in meeting the Common Core standards through early intervention. Our PBIS system includes Second Step, a Social-Emotional Learning (SEL) program that equips students with skills and strategies to regulate their emotions and to solve problems productively. Included in our efforts to ensure that students are career- and college-ready, the school has implemented AVID for students in the middle school as an elective class. Supplemental tutoring is provided after school through Title I funding. Other activities after school includes chess, agriculture, and robotics.

KEIS also provides opportunities for parent and community involvement through Blue Zones activities, quarterly family nights, special holiday events, and our monthly parent newsletter.

We are working together toward excellence. Nauane e Kalaniana'ole!

## About Our School

Principal | David Dinkel  
Grades | K-8
