**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

## How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

## How many 3rd & 8th graders read on grade level?

## How many students missed 15 or more days of school this year?

## How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

## Our Story

Mission: Ka'u Learning Academy will be a school that holds high social and academic expectations for the children of Ka'u despite the socioeconomic challenges that exist in our community, because we believe that all students can and will learn given the right educational environment. Ka'u Learning Academy recognizes that each child is an individual with unique educational needs. KLA will strive to develop and implement individual education plans that stimulate each child at his/her zone of proximal development, so that every child is engaged in learning in a safe, supportive and nurturing environment.

Vision: Ka'u Learning Academy will give our students the academic and social roots that they need to grow strong in curiosity, creativity, leadership, and a general passion for life. Our students will master all the necessary social and academic skills that colleges and businesses seek when recruiting. They will be prepared to begin college at or above the level necessary to excel on a collegiate level.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
