**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

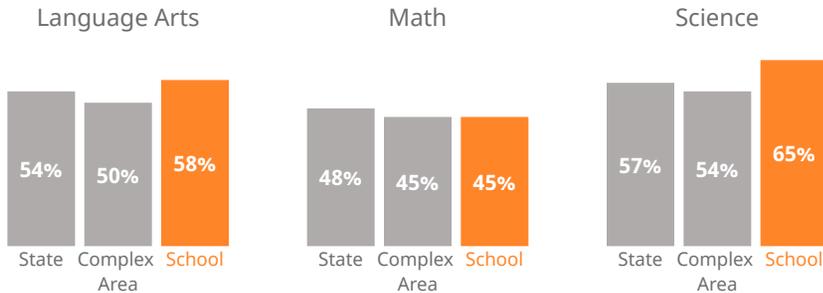

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

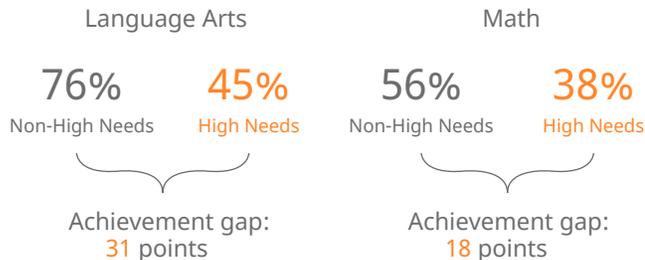

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

# 22%

of students learning English are **on-track** to English language proficiency

## How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

## How many 3rd graders read on grade level?

**80%** of 3rd graders read **near, at, or above** grade level

## How many students missed 15 or more days of school this year?

## How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

**78%** of students **feel positively** about their school

## Our Story

Kilauea School provides a student-centered learning environment aimed at preparing students to become community and global citizens who embody the General Learner Outcomes. Our mission is: We light the way by SHINE (Supporting, Honoring, Inspiring, Nurturing and Encouraging) students for success. In order to support the social and emotional learning, a common conflict resolution process is utilized school wide to instill and apply valuable life long behaviors.

We understand teachers have the greatest impact on student achievement and school funding is dedicated to hiring highly qualified teachers who embrace research-based best practices in order to meet the needs of all students. Teachers meet on a weekly basis with an academic coach to focus on grade level expectations and standards, determine student learning needs, plan for classroom instruction and then reflect on student progress using the data team process.

We believe that quality instruction and partnerships with parents and the school community are essential to student success. Parent/family engagement activities help to build connections between what is happening in the classroom and the home. The school offers parental involvement activities through the assistance of the Parent Community Network Coordinator, Title I Coordinator and the Parent Teacher Student Association.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
