THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

*** IMPORTANT:** Due to COVID-19, Hawaii public schools were waived from statewide testing by the U.S. Department of Education. As a result, a number of test-derived results are not available for 2020. Therefore (1) school proficiency rates along with complex area and state proficiency averages, (2) achievement gaps, (3) academic growth, and (4) third and eighth grade literacy are not reported.

****** 2020 chronic absenteeism is based on absences only through the end of the third quarter (3/13/20). As such, the rate is not directly comparable with 2019 or 2018 which was based on absences through May 1 of each school year.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

5% of students learning English are **on-track** to English language proficiency

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many 8th graders read on grade level?

* of 8th graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Panorama Student Survey.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

Our Story

At Kohala Middle School we understand that adolescents entering the 21st Century world will read and write more than any other time in history.

We understand that the need for mathematics is pervasive and we want all students to become confident, capable users of math.

We know that we could truly transform science by integrating the teaching of content with simple, powerful literacy, lecture and science activities.

We believe that helping students learn how to distinguish truth from falsehood and how to deal with ambiguities that characterize human affairs is vital to our success as a nation.

We own the importance of safe schools, caring adult advocates, comprehensive guidance supports, health and wellness curricula, and parent and community involvement.

Kohala Middle School features Houses and Programs based on the Hawaiian Values of: Akamai, Aloha, Ike, Kokua, Laulima, and Mana.

Our programs are designed to support student attainment of Common Core State Standards and the 5 Promises of Hawaii: Equity, School Design, Empowerment, and Innovation.

We focus on Social Emotional Learning exemplified by our homeroom morning circles, weekly Pico, SEL class, advisory classes, friendly (but competitive) intermural competitions, and community service projects.

We offer a standards-based curriculum including Language Arts, Math, Science, and Social Studies, as well as elective classes in Art, Hawaiian Studies, AVID, PE, Leadership, Financial Literacy, Study Skills, Reading, Home Economics, and Social Emotional learning.

Kohala Middle School - "The Place to Be"

About Our School

Principal | Alan Brown

Grades | 6-8

808-889-7119

www.kohalams.org

190

students enrolled

of students are English language learners

of students are eligible for Free or Reduced Lunch

of students receive Special Education services

of students receiving Special Education services are in general education classes most of the day
