Our Story

Konawaena High offers a comprehensive academic and elective program, Advanced Placement and honors courses, running start courses, vocational studies, JROTC, and a full complement of co-curricular activities and athletics.

The school provides the practice SAT to all 9th through 11th graders. It offers programs for disabled students, students with limited English proficiency skills, full counseling services and a Hawaii Community College sponsored building and construction academy. Konawaena High uses programs for students needing additional reading instruction, offers math workshop support courses in algebra, geometry and algebra II.

The school has an active Parent Teacher Student Association, two scholarship foundations, and a host of supportive alumni. In May of 2012 Konawaena High along with 13 other Hawaii public high schools was named a bronze medal school of academic distinction by U.S. News and World Report.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
