THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

15%

of students learning English are **on-track** to English language proficiency

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many 8th graders read on grade level?

87% of 8th graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

82% of students **feel positively** about their school

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.

Our Story

Mililani Middle is celebrating our 20th Anniversary as the state's 1st year-round multi-track school. Located in a large suburban community, our school services students from five feeder schools.

Our middle school philosophy is centered on the needs of adolescents, allowing us to provide a safe, nurturing and challenging academic environment. Core teaching teams provide opportunities for student-centered learning, integrated curricula, varied instructional strategies, flexible scheduling, and a rich exploratory program. Our High Interest Program also provides students with an array of after-school enrichment opportunities with faculty and staff volunteering their time to cultivate student interests.

Mililani Middle continues to implement a consistent curriculum across all tracks within each grade level. Our faculty continuously engages in articulation within and between the school's many Professional Learning Communities. In an effort to create engaging, active learning environments, teachers continue to implement project-based instruction built upon the integrations of higher-level questioning and thinking. Coupling such instruction with an emphasis to embed service learning opportunities across all grade levels and content areas has helped to increase both the rigor and relevance of the students' experience ensuring student literacy in all academic disciplines.

About Our School

Principal | Elynne Chung

Grades | 6-8

808-627-9000

www.milmdl.k12.hi.us

1,873

students enrolled

of students are English language learners

of students are eligible for Free or Reduced Lunch

of students receive Special Education services

of students receiving Special Education services are in general education classes most of the day
