

# Volcano School of Arts and Sciences

99-128 Old Volcano Road | Hawaii | Charter Schools

**THE STRIVE HI SCHOOL PERFORMANCE REPORT** is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

**\* IMPORTANT:** Due to COVID-19, Hawaii public schools were waived from statewide testing by the U.S. Department of Education. As a result, a number of test-derived results are not available for 2020. Therefore (1) school proficiency rates along with complex area and state proficiency averages, (2) achievement gaps, (3) academic growth, and (4) third and eighth grade literacy are not reported.

**\*\*** 2020 chronic absenteeism is based on absences only through the end of the third quarter (3/13/20). As such, the rate is not directly comparable with 2019 or 2018 which was based on absences through May 1 of each school year.

## How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

## How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

## How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

of students learning English are **on-track** to English language proficiency

## How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

## How many 3rd & 8th graders read on grade level?

## How many students missed 15 or more days of school this year?

## How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Panorama Student Survey.

99-128 Old Volcano Road | Hawaii | Charter Schools

## Our Story

Learning through Volcano's unique natural and cultural resources to become creative global citizens.

The mission of the Volcano School of Arts & Sciences is to: focus on the unique ecosystems and geology of the Volcano area; cultivate responsibility for nature and the environment; involve the community in ongoing partnership; provide a solid academic foundation for students; encourage creative problem-solving and critical thinking; provide avenues for creative expressions; teach practical life skills; offer a rich multicultural program; nurture respect and understanding of Hawaiian culture; foster social responsibility and respect for others; impart a lifelong love of learning; serve the Volcano community; and celebrate learning success of all children.

All in a safe and supportive "learning village" environment.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
