

Wai'anae High

85-251 Farrington Highway, Waianae, Hawaii | Oahu | Nanakuli-Waianae Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

32%

of students learning English are **on-track** to English language proficiency

How many students are prepared for transition?

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

69%

 of students **feel positively** about their school

Wai'anae High

85-251 Farrington Highway, Waianae, Hawaii | Oahu | Nanakuli-Waianae Complex Area

Our Story

Wai'anae High provides a student-centered learning environment aimed at preparing students for college and careers. It also has a Marine Science Learning Center and is the home of Searider Productions, a digital learning program that has won numerous national media awards, including two Emmys.

Situated in the center of the largest population of native Hawaiians in the world, Wai'anae High has a vibrant and community-service-centered Hawaiian Studies program. All students are important and specialized programs are offered for students with limited English skills or special education needs. As a comprehensive high school, students are provided access to vocational-technical programs and a broad co-curricular and athletic program.

Essential to academic and civic success is a strong 9th grade foundation with small class sizes, numerous club offerings, and specialized transition to high school support for all students.

As only 13% of our larger community has a college education, Wai'anae has built dynamic Early College and AVID programs that support 1st generation students in their quest for higher education. Each semester, over 200 students take college classes on campus. There is much to do, and we are moving!

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
