

Waimea Elementary

67-1225 Mamalahoa Highway, Kamuela, Hawaii | Hawaii | Honokaa-Kealakehe-Kohala-Konawaena Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard/who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard/who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

48%

of students learning English are **on-track** to English language proficiency

How are students' academic progress measured?

The Smarter Balanced test shows the relative progress of the average student on state assessments using a Median Growth Percentile (MGP). HSA-Alt & KĀ'EO tests show the percent of students making academic growth each year.

How many 3rd graders read on grade level?

63% of 3rd graders read **near, at, or above** grade level

How many students missed 15 or more days of school this year?

How do students feel about their school?

Measures percent of students reporting positive school climate as measured by the Tripod Student Perception Survey.

68% of students **feel positively** about their school

Waimea Elementary

67-1225 Mamalahoa Highway, Kamuela, Hawaii | Hawaii | Honokaa-Kealahou-Kohala-Konawaena Complex Area

Our Story

Waimea Elementary provides a quality education to all its 553 students in preschool to grade 5. The school is a leader in 21st-century technology integration and is part of the State of Hawaii's Future Ready Learning Pathway. Upper-elementary students are provided with 1:1 laptops; lower-elementary students have access to computers in the classroom as well as iPads. A daily, student run, news broadcast is used to highlight bright spots at the school and is also a showcase of student digital media skills. The school recently incorporated mobile devices that allow students to access VR content. All classrooms use the Reading Wonders program for language arts and the Stepping Stones program for math. The school implements schoolwide AVID strategies as well as STEM based projects. Additionally, students have the opportunity to participate in lessons about Hawaiian Studies, art, music, gardening and health/nutrition education. Waimea Elementary School also educates students about healthier lifestyles through its fresh fruits and vegetable program, Foodcorps program and the community wide Blue Zones project. The school has an actively updated website (waimeaelementary.org) that provides information on all school topics. In the 2018-2019 school year Waimea Elementary will go through the WASC accreditation process.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system.
